(3) (a)-(d) in Title Deed T13338/2019, applicable to Erf 961, Beacon Bay are hereby removed.

**LOCAL AUTHORITY NOTICE 843 OF 2022****NOTICE OF ADOPTED ANNUAL BUDGET AND INTEGRATED DEVELOPMENT PLAN FOR 2023/24**

Notice is here-by given that the Dr Beyers Naude Municipal Council has in terms of section 24 of the Municipal Finance Management Act, no 56 of 2003, adopted its Integrated Development Plan (IDP), Annual Operational and Capital Budget on the **31st of May 2023**. As required in terms of section 17 of the Municipal Finance Management Act, the Budget, Integrated Development Plan and Supporting Documents were tabled and advertised for representations / submissions by the local community, Provincial and National Treasury in **April and May 2023**. Copies of the adopted 2023/2024 Annual Budget, Detailed tariff listing, Integrated Development Plan and supporting documents are available at the administrative units and public libraries in Graaff Reinet, Aberdeen, Nieu-Bethesda, Willowmore, Steytlerville, Rietbron, Jansenville and Klipplaat, as well as the municipal website at [www.bnlnm.gov.za](http://www.bnlnm.gov.za).

In view of the, the following table represents an overview of the 2023/24 Medium-term Revenue and Expenditure Framework:

**Table 1 (Overview of the 2023/24 MTREF)**

	Current Year	2023/24 Medium Term Revenue and Expenditure		
	Adjusted Budget 2022/23	Budget Year 2023/24	Budget Year +1 2023/24	Budget Year +2 2024/25
	R	R	R	R
Total Revenue	-581 392 045	-547 441 216	-559 807 859	-593 249 436
Total Expenditure	531 979 338	544 249 465	567 205 757	609 919 670
Surplus/(Deficit)	-49 412 707	-3 191 750	7 397 898	16 670 233
Capital Expenditure	64 613 500	74 050 300	50 065 500	22 435 000

The municipality is showing an operational surplus, however the budget remains unfunded, when we consider the current outstanding debtors' and creditors' balances. As it stands, agreements have been entered into with some creditors, but the full Eskom balance remains payable immediately, until such a time as an agreement is signed.

However, MFMA circular 123 has highlighted the Municipal Debt Relief that is conditional, and application based, has therefore been sanctioned where Eskom will write-off all debt municipalities owe as on 31 March 2023 (excluding the March 2023 current account). This will be done over three national financial years and require as a critical qualification that municipalities monthly honour their current (monthly consumption).

There is a general increase in revenue, as result of tariff increases and continued implementation of cost reflective tariffs. This however is set-off by the anticipated decrease in the proceeds from the sale of land. The revenue is also affected negatively by the impact of the ongoing drought and loadshedding which cuts across all services as most depend on electricity.

Total operating revenue has decreased by 6% or R33.9 million for the 2023/24 financial year, compared to the 2022/23 Adjustments Budget.

The municipality completed investigations into cost of supply and a baseline tariff was established for each service in 2019 to 2022. Thorough investigations were also concluded on electricity tariffs, the effect of the wheeling agreement with Eskom and management has completed physical verification of bulk consumer meters. The intention of the physical verification was to ensure that all possible tampering is identified for these users, correct meters are installed and are functional and to ensure that each user is linked to the correct tariff. A lot of work has been performed and the project is expected to continue into the 2023/24 financial year.

For the two outer years, operational revenue increases by 2% and 6% respectively.

Total operating expenditure for the 2023/24 financial year amounts to R544 million, resulting in a budgeted operating surplus of R3.2 million. Compared to the 2022/23 Adjustments Budget, operational expenditure increased by 12.3 million. The municipality is currently struggling financially, and cost containment measures are implemented. Cost containment measures include a monthly curb on overtime, acting allowances and travel expenses. It also includes the stopping of non-essential procurement.

For the two outer years, operational expenditure increases by 4% and 7% respectively. The 2024/25 and 2025/26 budgets reflect operating deficits of R7.4 million and R16.7 million respectively.

The major operating expenditure items for 2023/24 are remuneration (council and employees) (35.23%), bulk electricity purchases (24.04%), depreciation (12%), Repairs and Maintenance (7.63%) and other expenditure (28.73%).

Funding for the 2023/24 Operating Budget is funded from various sources, the major sources being service charges such as electricity, water, sanitation and refuse collection (48.82%), property rates (8.23%), grants and subsidies received from National and Provincial Governments (36.63%).

To fund the 2023/24 Operating Budget, the following increases in property rates and service charges will be affected with effect from 1 July 2023:

Property rates:	Increase with 8%
Water:	Increase with 5.3%
Refuse:	Increase with 5.3%
Sewerage:	Increase with 5.3%
Sanitation:	Increase with 5.3%
Electricity:	Electricity tariff will increase with 21%. Please note that the increase is subject to approval by NERSA and this percentage may vary towards the final adopted budget.

The original capital budget of R74 million for 2023/24 is R9.4million or 13% higher than the 2022/23 Adjustments Budget, this is due to more capital allocations from national government for 2023/24. The Capital Budget over the MTREF will be mainly funded from government grants and subsidies, as limited internal funding is available. Capital expenditure for 2024/25 will amount to R80.3 million.

The budget provides for assistance to the poor and includes the following social package:

- Water – 6 kl free
- Electricity – 50 kwh free
- Refuse – 100% of monthly cost free
- Sanitation – 100% of monthly cost free
- Property Rates- 100% of assessed rates.

All budget related policies have been reviewed and workshopped with top management. The policies were scheduled to be workshopped with councillors in March, however the session was cancelled. The policies will also be subjected to public participation.

Linkage between the annual budget and IDP is illustrated in the following table:

					BACK TO BASICS		
	INFRASTRUCTURE DEVELOPMENT	COMMUNITY DEVELOPMENT	INSTITUTIONAL DEVELOPMENT	LOCAL ECONOMIC DEVELOPMENT	GOOD GOVERNANCE & PUBLIC PARTICIPATION	SOUND FINANCIAL MANAGEMENT	TOTAL
CAPITAL EXPENDITURE	R67 064 075	R6 616 225	R0	R0	R0	R370 000	R74 050 300

The municipality has conducted a cost of supply study on all tariffs. The study revealed that almost all the services are currently being rendered at below cost which puts enormous strain on the cash flow of the municipality. It is therefore imperative that these tariffs be changed to include the new baseline tariff. The indigent support is also available to assist indigent households that have limited financial ability to pay for municipal services. Please visit our municipal offices for applications.

**Dr EM RANKWANA**  
**MUNICIPAL MANAGER**
