**COMPILATION OF THE SPATIAL DEVELOPMENT FRAMEWORK OF THE XHARIEP DISTRICT MUNICIPALITY IN TERMS OF THE
SPATIAL PLANNING AND LAND USE MANAGEMENT ACT
(ACT 16 OF 2013)**

Notice is hereby given in terms of sections 28(3) and 29 of the Municipal Systems Act, 2000 (Act 32 of 2000) and Section 20 of the Spatial Planning and Land Use Management Act, 2013 (Act 16 of 2013), that the Xhariep District Municipality intends to compile a Municipal Spatial Development Framework (MSDF) as per the requirements relating to both content and process as prescribed by the above-mentioned legislation.

It is critical to note that Section 12(5) and (6) of SPLUMA states that:

12(5) A municipal spatial development framework must assist in integrating, coordinating, aligning and expressing development policies and plans emanating from the various sectors of the spheres of government as they apply within the municipal area.

12(6) Spatial development frameworks must outline specific arrangements for prioritising, mobilising, sequencing and implementing public and private infrastructural and land development investment in the priority spatial structuring areas identified in spatial development frameworks.

The Xhariep District MSDF is a long-term forward planning document which spatially indicates the long-term growth and development path of the Municipality. It coordinates the spatial implications of the various strategic sector plans of the Municipality and of the various Local Municipalities within the District and ensures integrated development planning for the district as a whole, coordinating and building the capacity of the local municipalities within the District to perform their functions and exercise their powers where such capacity is lacking. The MSDF will form a core component of the Municipal IDP and gives physical effect to the vision, goals, and objectives of the District IDP. Once completed, the MSDF will be approved in terms of the Municipal Systems Act 2000 (Act 32 of 2000) and will serve as a guide to decision making in development and land use planning.

All stakeholders and communities are encouraged to participate in the consultation processes that will be provided during the review process.
