## DEPARTMENT OF AGRICULTURE AND ENVIRONMENTAL AFFAIRS

## REQUEST FOR PROPOSALS

The KZN Department of Agriculture and Environmental Affairs in partnership with National Working for Water Programme are involved in the eradication of invasive alien species. Invasive alien species (microbes, plants and animals) are species that are either deliberately or unintentionally introduced outside their natural range. In their new environments, some of these species grow and multiply aggressively, thereby out-competing indigenous species. This subsequently can lead to an undesirable impacts on the goods and services provided by the affected ecosystems.

The Department is looking for a service provider who will assist in the implementation of the following project on behalf of the Invasive Alien Species Programme.

#### SCOPE

- Effect payments for goods and services on behalf of the Invasive Alien Species Programme (in line with the PFMA, the Invasive Alien Species Programme Procurement Plan and relevant rules, regulations and procedures).
- Develop and implement an electronic procurement system for the project.

#### REQUIREMENTS

The ideal service provider must comply with the following:

- All systems must be compliant with the PFMA, Supply Chain Management Framework Act and other relevant regulations and legislation.
- The service provider must have experience and expertise in providing such service.
- Must provide the cost estimate.
