- 4.11 (a) 'n Vaartuig mag nie 'n ander vaartuig wat in dieselfde rigting vaar, verbystek nie, tensy dit veilig is om dit te doen, en sodanige vaartuig moet, wanneer dit gedoen word, aan die bakboordkant van die ander vaartuig verbygaan en, behoudens die bepalings van subartikel 4.7, op so 'n afstand en teen so 'n snelheid dat die verbystekende vaartuig se volgstroom nie die ander vaartuig in gevaar stel nie.

4.15 Die stuurman van enige vaartuig moet 'n veilige en versigtige snelheid handhaaf in 'n gebied waar vaartuie vasgemeer is, waar vis gevang word of waar boeie aangebring is en moet, wanneer die uitsig belemmer is weens mistigheid of ander oorsake, die vaartuig onder sy of haar beheer so bestuur dat persone, ander vaartuie of ander eiendom nie in gevaar gestel word nie.

- 6.4 When applications for licensing are considered, the Council may make a distinction between riparian owners and non-riparian property owners, boats belonging to non-property owners, non-home owners or residents, and boats belonging to non-property owners, non-home owners or non-residents, in order to limit the number of boats that can be licensed.
- 6.5 The Council may approve or reject such application and may, if it approves such application, lay down the conditions regarding the handling of the boat, or repairs or alterations to it that the Council considers to be necessary in the interests of the safety or in compliance with these regulations.

 - (b) is or will be a nuisance; or
 - (c) will pose a danger to persons using it or to the public or any section of the public.

- 6.8 The licence certificate must specify the name of the person to whom it has been issued, as well as the maximum number of persons that may be carried by the boat, the type and overall length of the boat, the maximum power of the engine and the identification number allotted to the boat.
