## Schedule 2 (Sections 30 and 31)

*[Schedule 2 repealed by section 22 of [Act 17 of 2003](#)]*

## Schedule 3 (Sections 30 and 31)

### Calculation of values of assets, liabilities and capital adequacy requirement

*[schedule 3 substituted by section 23 of [Act 17 of 2003](#)]*

## 1. Definition

For the purposes of this Schedule 'approved insurance policy' means—

- (a) for the purposes of calculating the contingent liabilities of a long-term insurer under unmaturing long-term policies in terms of which the policy benefits are to be provided—
  - (i) in the Republic, any proportional reinsurance policy in terms of which the reinsurer is liable for the liabilities under unmaturing policies which remain in force until the contingent liability under unmaturing policies has expired, entered into by the long-term insurer with—
    - (aa) another long-term insurer registered to do long-term business of the same class, only if that reinsurance policy is also to be discharged in the Republic; or
    - (bb) another insurer approved by the Registrar to the extent and subject to the conditions determined by the Registrar; or
    - (cc) any reinsurance effected prior to 1 January 1952, and relating to long-term policies issued before that date; or
  - (ii) outside the Republic, a reinsurance policy relating to the contingent liabilities and capital adequacy requirement concerned; or
- (b) for the purposes of calculating the liabilities of a long-term insurer other than contingent liabilities under unmaturing long-term policies, any reinsurance.

## 2. Calculation of values

The values of assets, liabilities and the capital adequacy requirement shall be deemed to have been calculated in terms of this Schedule if the requirements set out in this Schedule and the requirements prescribed by the Registrar, after consulting the Actuarial Society of South Africa, have been compiled within making the calculations.

## 3. Effect of reinsurance

The contingent liabilities under unmaturing policies shall be the net of contingent liabilities covered by approved reinsurance policies.

## 4. Amounts to be disregarded

For the purposes of the calculation of the value of assets—

- (a) only such assets actually held by the long-term insurer or those approved by the Registrar in terms of section 34(1)(a) and (b), may be taken into account; and
- (b) there shall be disregarded—
  - (i)
    - (aa) an amount, excluding a premium in respect of a long-term reinsurance policy, which remains unpaid after the expiry of a period of 12 months from the date on which it became due and payable;
    - (bb) any amount of premium that is due and payable, including a premium debited to an intermediary or a deferred instalment of a premium that remains unpaid to an insurer (irrespective of whether or not the premium has been paid to an intermediary), after the expiry of a period of 90 days from the date on which it became due and payable in terms of the long-term policy, but excluding a premium in respect of a long-term reinsurance policy.
  - [subparagraph (i) substituted by section 25(a) of [Act 27 of 2008](#)]
  - (ii) an amount representing administrative, organisational or business extension expenses incurred directly or indirectly in the carrying on of long-term insurance business;

- (iii) an amount representing goodwill or an item of a similar nature;
- (iv) an amount representing a negative liability in respect of a long-term policy in terms of which the long-term insurer concerned provides or undertakes to provide a policy benefit: Provided that this provision shall not be construed as precluding the deduction of a negative liability in respect of a long-term policy from liabilities;
- (v) an amount representing a prepaid expense or a deferred expense: and
- (vi) an amount representing a reinsurance contract in terms of which the long-term insurer is the policyholder, except to the extent that it represents a claim against a reinsurer in terms of the reinsurance contract.

**5. Calculation subject to certain provisions**

For the purposes of the calculation of the value of contingent liabilities—

- (a) where a portion of a future premium is not contractually payable but can become payable at the option of the policyholder, such portion of a future premium and the benefits purchased thereby shall be disregarded, unless it causes an increase in the net liability, in which case it shall be valued; and
- (b) no allowance shall be made for potential profits to be earned from long-term insurance policies which the long-term insurer may enter into in future.

**6. Registrar may reject certain values**

Notwithstanding paragraph 2, if the Registrar is not satisfied that the value of an asset, a contingent liability or the capital adequacy requirement calculated in terms of this Schedule reflects a proper value, the Registrar may—

- (a) direct the insurer to appoint another person, at the cost of the insurer, to place a proper value on that asset, contingent liability or capital adequacy requirement; or
- (b) direct the long-term insurer to calculate the value in another manner which the Registrar determines and which will produce a proper value.

**7. Valuation of other liabilities**

- (1) The liabilities of a long-term insurer, other than its contingent liabilities under long-term policies, shall be determined in accordance with financial reporting standards applicable to widely-held companies.

*[subparagraph (1) substituted by section 25(b) of [Act 27 of 2008](#)]*

- (2) Notwithstanding subparagraph (1), any liability of a long-term insurer in respect of which its creditor has waived any right to have the obligation discharged until all obligations to other creditors have been discharged in full, shall be valued in a manner and for an amount determined by the long-term insurer and approved by the Registrar.
