**DEPARTMENT OF TRADE AND INDUSTRY
DEPARTEMENT VAN HANDEL EN NYWERHEID****No. 1231****30 November 2001**

COMPANIES ACT, 1973 (ACT No. 61 OF 1973)

The fee to be charged for the furnishing of information in terms of section 140A (5) of the Act shall be R50 (fifty rand) per request plus R1 (one rand) for every record requested, subject to an overall maximum fee of R1 500 (one thousand five hundred rand) in total.

The fees specified in this regulation may be increased at the beginning of each year by the consumer price index for the previous calendar year, as published by the South African Reserve Bank.

A. ERWIN**Minister of Trade and Industry****COMPANIES ACT, REGULATION 36A: PRESCRIBED MAXIMUM FEES WHICH
MAY BE LEVIED BY NOMINEES FOR THE FURNISHING OF INFORMATION****Purpose**

1. To request that you approve an amendment to the fees which may be levied for the furnishing of information requested from nominee shareholders in terms of section 140A (5) of the Companies Act, 1973 ("the Act").

Background

2. *Government Gazette* 20200 of 18 June 1999 prescribes the fees which may be charged by nominees responding to requests for information on the beneficial owners of shares held on behalf of clients. Since section 140A (3) of the Act compels nominees to disclose client information free of charge once every quarter, the fee provided for in section 140A (5) is meant to compensate nominees for the administrative burden of responding to ad hoc requests and to act as a disincentive to multiple, unnecessary or duplicitous requests.
3. The Banking Council has submitted a request to the Department to review the maximum fees prescribed for furnishing of information in terms of section 140A (5) of the Act in order to provide adequate compensation for the effort involved in complying with the request.
4. The matter was discussed with officials from CIPRO and it was decided that the following fee structure would be proposed for your consideration and approval:
 - A fee of no more than R50 per request
 - An additional fee of no more than R1 per client record
 - Retention of the R1 500 maximum fee.
5. Previously the fees to be charged for the furnishing of information in terms of section 140A (5) of the Act, was R1 for disclosing the required information in respect of each nominee up to a maximum fee of R1 500 in total.

Recommendation

6. Should you be in agreement with the revised fee structure, a draft regulation has been attached for your approval.

NOTICE 2306 OF 2001
BOARD ON TARIFFS AND TRADE

**NOTICE OF INITIATION OF A NEW SHIPPER INVESTIGATION ON UNITED
ENGINEERING MANUFACTURING COMPANY WITH REGARD TO THE ANTI-
DUMPING DUTY ON STAINLESS STEEL SINKS ORIGINATING IN OR IMPORTED
FROM EGYPT**

On 5 February 1999, the following anti-dumping duty was imposed as a result of a recommendation by the Board on Tariffs and Trade (the Board) :

Tariff Heading	Description	Imported from or originating in	Rate of Anti- dumping duty
7324.10	Stainless steel sinks	Egypt	53.1 per cent

The Board received a petition from United Engineering Manufacturing Company (United Engineering), a manufacturer/exporter of stainless steel sinks in Egypt, requesting to be considered as a new shipper, in terms of Article 9.5 of the Agreement on Implementation of Article VI of the GATT, 1994 (the Anti-Dumping Agreement), which provides as follows:

"If a product is subject to anti-dumping duties in an importing member, the authorities shall promptly carry out a review for the purpose of determining individual margins of dumping for any exporters or producers in the exporting country in question who have not exported the product to the importing Member during the period of investigation, provided that these exporters or producers can show that they are not related to any of the exporters or producers in the exporting country who are subject to the anti-dumping duties on the product. Such a review shall be initiated and carried out on an accelerated basis, compared to normal duty assessment and review proceedings in the importing Member. No anti-dumping duties shall be levied on imports from such exporters or producers while the review is being carried out. The authorities may, however, withhold appraisement and/or request guarantees to ensure that, should such a review result in a determination of dumping in respect of such producers or exporters, anti-dumping duties can be levied retroactively to the date of the initiation of the review."

THE PETITIONER

The petition was lodged by United Engineering, an Egyptian manufacturer/exporter of stainless steel sinks. The New Shipper requested the Board to consider awarding it new shipper status and provided the Board with information indicating that it did not export sinks during the previous investigation period; that it was not related in any way to the exporters involved in the dumping investigation on which duties are presently applicable and that it has not and will not export the subject products at dumped prices to the SACU.

The Board decided that sufficient evidence was submitted to establish a *prima facie* case for the Board to initiate a new shipper investigation.

THE PRODUCT

The subject product is stainless steel sinks, classifiable under tariff subheading 7324.10, originating in or imported from Egypt.

THE PROCEDURAL FRAMEWORK

The Board will conduct its investigation in accordance with the Board on Tariffs and Trade Act, 1986 and the World Trade Organisation Agreement on Implementation of Article VI of the GATT, 1994 (the Anti-Dumping Agreement).

In accordance with Article 9.5 of the Anti-Dumping Agreement, the Board recommended to the Minister of Trade and Industry that United Engineering be exempted from the payment of the anti-dumping duty on the subject product originating in or imported from Egypt. The Board's recommendation was approved by the Minister and the Commissioner for South African Revenue Service (SARS) was requested to exempt United Engineering from the payment of the anti-dumping duty on the subject product originating in or imported from Egypt, for the duration of the review.

In accordance with Article 9.5 of the Anti-dumping Agreement, the Authority may withhold appraisement and/or request guarantees to ensure that should such a review

result in a determination of dumping in respect of the exporter, anti-dumping duties can be levied retroactively to the date of initiation of the review. The Board decided that the appropriate way to obtain such a guarantee, is to request the Commissioner for South African Revenue Service to impose in terms of Article 57 (A) of the Customs and Excise Act 1964, a provisional payment in the amount of 53,1 per cent ad valorem on the same day the anti-dumping duty is withdrawn.

On publication of this notice, the Board will notify to the SACU producer of the subject product, Frankie SA, of the review. The trade representative of the exporting country concerned will also be notified of the review. Representations, if so needed, must be made within the time limit set out below.

The Board will send out "essential facts" letters containing the facts available and will allow parties to comment thereon, before the final determination and recommendation is made.

CONFIDENTIAL INFORMATION

Please note that if any information is considered to be confidential then a non-confidential version of the information must be submitted for the public file, simultaneously with the confidential version. In submitting a non-confidential version the following rules are strictly applicable and parties must indicate in each instance:

- where confidential information has been omitted and the nature of such information;
- reasons for such confidentiality;
- a summary of the confidential information which permits a reasonable understanding of the substance of the confidential information; and
- in exceptional cases, where information is not susceptible to summary, reasons must be submitted to this effect.

This rule applies to all correspondence with and submissions to the Board, which unless indicated to be confidential and filed together with a non-confidential version, will be placed on the public file and made available to other interested parties.

If the requirements regarding the submission of a non-confidential version of

documents are not strictly adhered to, the Board might disregard the information so submitted.

If a party considers that any document of another party, on which that party is submitting representations, does not comply with the above rules and that such deficiency affects that party's ability to make meaningful representations, the details of the deficiency and reasons why the party's rights are so affected must be submitted in writing forthwith (and at latest 14 days prior to the date on which the party's submission is due). Failure to do so timeously will seriously hamper the proper administration of the investigation, and such party will not be able to subsequently claim an inability to make meaningful representations on the basis of the failure of such party to meet the requirements.

The said letter shall be deemed to have been received seven days after the date of its dispatch.

It should be noted that the new shipper review process is complex and the Board is required to complete the review on an accelerated basis. Late submissions will therefore not be accepted except with the prior written consent of the Board. The Board will give due consideration to written requests for extension of not more than 14 days on good cause shown, if received prior to the expiry date of the original 30 day period. Merely citing insufficient time is not an acceptable reasons for extension.

The information submitted by any party, may need to be verified by the investigating officers in order for the Board to take such information into consideration. The Board may verify information at the premises of the party submitting the information, within a short period after the submission of the information to the Board. Parties should therefore ensure that the information submitted will subsequently be available for verification.

Oral representations to the Board by interested party may also be made on written request to the Board at least seven days prior to the expiry date of the original 30 days period to respond and prior arrangements with the Directorate. Such oral representations must be made within the same period as written representations, unless prior written consent of the Board has been obtained for oral representations to be made at a later date, which shall in any event not be later than 14 days after written representations have been submitted. Oral representations will be limited to one hour for SACU manufacturers and exporters and thirty minutes for importers.

If the required information and arguments are not received in a satisfactory form within the time limit specified above, or if verification of the information cannot take place, the Board may disregard such information and make provisional or final findings on the basis of the facts available to it.

Enquiries may be directed to the investigating officer, Mr J Heukelman, at telephone (012) 428 7721 .
