**AMENDMENT TO THE COMPULSORY SPECIFICATION FOR MOTOR
VEHICLES OF CATEGORY N2/3**

I, Dr Rob Davies, Minister of Trade and Industry, hereby under Section 13 (1) (a) of the National Regulator for Compulsory Specifications Act (Act 5 of 2008), withdraw the current Compulsory Specification for *Motor Vehicles of Category N2/3*, and replace it with the Compulsory Specification as set out in the attached schedule, with effect from the date two (2) months from publication of this notice.

Dr Rob Davies, MP
Minister of Trade and Industry

SCHEDULE

COMPULSORY SPECIFICATION FOR MOTOR VEHICLES OF CATEGORY N₂ AND N₃

1 Scope

1.1 This specification covers the requirements for motor vehicle models of category N₂ and N₃, not previously registered or licensed in South Africa, designed or adapted for operation on a public road.

1.2 The requirements of this specification shall, in so far as the parts already incorporated are concerned, apply in respect of an incomplete motor vehicle model supplied for further manufacture by one manufacturer to another and the entire specification shall apply to the vehicle after completion thereof by the last-mentioned manufacturer.

1.3 This specification does not apply to experimental or to prototype vehicles constructed or imported by the original manufacturers or importers for the purpose of testing, assessment or development, or to a type "A" military vehicle, or to special purpose vehicles of the type covered by National Road Traffic Act, 1996 (Act 93 of 1996), or to agricultural tractors.

1.4 The relevant requirements of this specification shall effect on the dates specified in schedule 1.

1.5 Where a South African national standard, including an international standard or a UN ECE regulation adopted by South Africa as a national standard, is incorporated by reference into this specification, only the technical requirements/specification for the commodity and the tests to verify the compliance, apply.

2 Definitions

For the purposes of this specification, the following definitions apply:

2.1

- (b) Enter any port in the Republic,

With a vessel which has on board any radioactive material which is capable of causing nuclear damage, may apply to the chief executive officer (CEO) of the NNR for a nuclear vessel licence, and must furnish such information as the board requires.

Section 21(3) states that the CEO must direct the Applicant for a nuclear vessel licence to:

- (b) publish a copy of the Application in the Gazette and two newspapers in the area of the municipality.

Section 21(4) states that any person who may be directly affected by the granting of a vessel licence pursuant to such an application, may make representations to the board, relating to health, safety and environmental issues connected with the application, within 30 days of the date of publication in the Gazette.

This serves to inform the public that HAMC Project Services (Pty) Ltd has lodged an application for the trans-shipment and possible brief in-transit storage of low activity tantalite concentrate from our mine in Mozambique to a port abroad through the Port of Durban/Richards Bay/Saldanha/Cape Town, using a duly authorized transport vessel. The vessel is not nuclear-powered. The first consignment is scheduled to enter and depart the Port of Durban/Richards Bay/Saldanha/Cape Town with the said consignment on board during the first half of 2010.

The application was submitted to the NNR using the Application Form provided by the NNR. This form was drafted to ensure compliance to the requirements of the Prescribed Format for an application for Authorisation, as contained in Regulation Gazette No 6806 in Government Gazette 21171.

The public has the opportunity to submit any comment on the application for a period of 30 (thirty) days after the date of publication of such Notice in the Gazette.
