No. 907

EMBARGO: FOR IMMEDIATE RELEASE**NEWS STATEMENT BY THE NATIONAL AGRICULTURAL MARKETING COUNCIL****SECTION 7 COMMITTEE TO INVESTIGATE DEREGULATION IN THE WINE
INDUSTRY**

The National Agricultural Marketing Council, advisory body to the Minister for Agriculture and Land Affairs, on the marketing of agricultural products, has established a Committee in terms of Section 7 of the Marketing of Agricultural Products Act of 1996, to investigate the effect of deregulation in the wine industry. An important role of the NAMC is to monitor the impact of deregulation in agriculture and to advise the Minister on possible action steps to address marketing problems in the relevant industries.

The Section 7 Committee will be representative of all directly affected groups in the wine industry, e.g. emerging producers, commercial producers, labour, distributors, processors etc. The Committee will discuss relevant issues and will compile a report with recommendations to be submitted to the Council. The Council will then make recommendations to the Minister based on the Section 7 Committee report. On approval by the Minister the process could be initiated to implement certain of the recommendations.

The broad terms of reference of the Wine Section 7 Committee are to investigate the effect of deregulation and other specific issues on the wine industry in order to enhance the viability of the industry and to propose remedial steps if necessary. It is envisaged that the Committee would specifically look into the following issues -

- The trends and underlying forces in the South African wine industry.
- The extent of the relationships and business processes between links in the various industry chains.
- The process, experiences, and results of deregulation
- Future domestic and international scenarios for the industry and the effect of trade barriers.
- Current problems and opportunities in the industry and ways to address the identified problems and exploit opportunities.

The composition of the Committee and its terms of reference will be finalized at the first meeting scheduled for the second half of October 2001. It is envisaged that approximately four meetings will be held and that the Committee will finalize its report within 8-10 months after the first meeting.

Role players in the wine industry are hereby requested to submit (in writing and before 10 October 2001) any proposals, concerns, inputs, etc regarding the proposed Section 7 Committee to the National Agricultural Marketing Council.
