IN THE HIGH COURT OF SOUTH AFRICA

(Witwatersrand Local Division)

Johannesburg, Tuesday, 23 September 2003, before the Honourable Justice Boruchowitz

In the *ex parte* application of MVELAPHANDA RESOURCES LIMITED (Registration No. 1980/001395/06), Applicant

Under authority of an Order of the High Court of South Africa (Witwatersrand Local Division) ("Court") issued in the above matter on 23 September 2003 ("Order"), this notice serves to convene a meeting ("scheme meeting") in accordance with the provisions of section 311(1) of the Companies Act No. 61 of 1973, as amended ("Companies Act") of the linked unit holders of the Applicant registered as such at 16:00, on Wednesday, 22 October 2003, in their capacity as holders of variable rate debentures ("debentures") with a nominal value of R0,01 each ("scheme members").

In terms of the Order, the scheme meeting will be held on Friday, 24 October 2003 (at the later of 09:40 and ten minutes after the conclusion of the meeting of holders of the debentures to be held on that date) at the registered office of the Applicant situated at 1 Albury Park, 1st Floor, South Wing, Magalieszicht Avenue, Dunkeld West, 2196. Edward Montagu Southey has been appointed by the Court as chairperson. The chairperson's offices are at Webber Wentzel Bowens, 10 Fricker Road, Illovo Boulevard, Johannesburg.

The purpose of the scheme meeting is to consider, and, if deemed fit, to agree, with or without modification, to, a scheme of arrangement ("scheme") proposed by the Applicant between itself and its linked unit holders in their capacity as debenture holders.

The basic characteristic of the scheme is that, subject to the fulfilment of certain suspensive conditions including, without limitation, the sanction of the Court, the Applicant shall redeem all the debentures held by the linked unit holders of the Applicant in the capacity of debenture holders as at 16:00, on Friday, 21 November 2003 ("scheme participants") on the basis that no cash will be paid to scheme participants as the Applicant will compulsorily utilise this cash, on behalf of the scheme participants, to subscribe for new ordinary shares in the Applicant in a ratio of one ordinary share for each debenture held.

A copy of the scheme, and the explanatory statement in terms of section 312(1) of the Companies Act, explaining the scheme, as well as this notice, the approved form of proxy and the Order authorising the convening of the scheme meeting have been, or will shortly be, sent to linked unit holders. A scheme member may during normal business hours, for at least fourteen days before the date of the scheme meeting, inspect at, or obtain on request, free of charge from, the registered office of the Applicant and the office of the chairperson a copy of those documents.

If you are a dematerialised linked unit holder without "own name" registration, your Central Securities Depository Participant ("CSDP") or broker is obliged to contact you to ascertain how you wish to cast your vote and thereafter to vote in accordance with your instructions.

If you are a dematerialised linked unit holder without "own name" registration and you wish to attend the scheme meeting, you should contact your CSDP or broker, as the case may be, and obtain your relevant letter of authority from them.

If you are a dematerialised linked unit holder with "own name" registration or you are a certificated linked unit holder, you may attend, speak and vote in person or by representative at the scheme meeting or may appoint any other person or persons (who need not be scheme members) as a proxy to attend, speak and vote on your behalf.

Forms of proxy (white) may be obtained on request from the Applicant's abovementioned registered office.

Each signed form of proxy (white) must be lodged with or posted to the transfer secretaries of the Applicant, Computershare Limited, Ground Floor, 70 Marshall Street, Johannesburg, 2001 (PO Box 61051, Marshalltown, 2107), to be received by not later than 09:40 on Thursday 23 October 2003 or handed to the chairperson of the scheme meeting not later than ten minutes before the time at which the scheme meeting is convened.

Where there are joint holders of any of the Applicant's linked units, any one of such persons may vote at the scheme meeting in respect of such linked units as if he/she were solely entitled thereto, but if more than one of such joint holders is present or represented at the scheme meeting, then the said persons whose name stands first in the register (or relevant sub-register, as the case may be), in respect of such linked units or his/her proxy, as the case may be, shall alone be entitled to vote in respect thereof, as if he/she were the sole holder of such linked units.

The Order requires the chairperson to report on the scheme meeting to the Court at 10:00, or as soon thereafter as Counsel may be heard, on 4 November 2003. A copy of the chairperson's report to the Court will be available on request (free of charge) to any scheme member at the abovementioned registered office of the Applicant and the chairperson's office during normal business hours at least seven calendar days before the date on which the chairperson reports back to the Court.

Edward Montagu Southey, Chairperson of the scheme meeting.

Case No. GCC68/24/06/03

IN THE CONSUMER AFFAIRS COURT OF GAUTENG PROVINCE HELD AT JOHANNESBURG

**In the matter between: CHARLOTTE MARY COOPER, Complainant, and
IVO DA SILVA, trading as LA MOTOR SPARES, Defendant****JUDGEMENT****INTRODUCTION**

1. This is a judgment following an adjudication hearing in respect of a complaint, which the Complainant lodged against the Respondent for an alleged unfair business practice.

2. The parties in this matter are Charlotte Mary Cooper (the Complainant) and Ivo Carlos Da Silva trading as LA Motor Spares (the Respondent). The Complainant was represented by the Consumer Protector, Advocate Manamela and the Respondent elected to represent himself.

3. This matter came before Court on 7 July 2003, but was postponed at the instance of the Respondent, who informed the Court that he needed to consult with his legal representative.

ORDERS OF THE COURT (continued) • ORDERS VAN DIE HOF (vervolg)

4. The parties held a pre-trial conference on 22 July 2003 to limit the issues. However, at the end of the pre-trial conference, the same issues which were raised by the parties, were still outstanding to be adjudicated by the Court.

ISSUES

5. The Complainant alleges an unfair business practice by the Respondent resulting from the Respondent's failure to refund to the Complainant the amount of R6 237,18. This amount is for expenses which the Complainant incurred to replace the engine (the engine) of an Alfa Romeo GT Junior motor vehicle with registration letters and numbers MJJ072GP (the motor vehicle), which she purchased from the Respondent. It is the Complainant's contention that she purchased the motor vehicle on the basis that the Respondent had 'restored' it. The motor vehicle subsequently experienced an engine failure for which the Complainant alleges she had to incur expenses in the aforesaid amount of R6 237,18 to replace the engine. According to the papers before the Court, the Complainant purchased the replacement engine for the amount of R2 500,00 from Toscana Automotive Refinishers CC. The replacement engine was fitted by Agip Alfa Clinic for the amount of R2 298,19. It is not clear how the remaining amount of R1 438,99 is made up.

6. On analysis of the facts in this matter, it is common cause that the Complainant purchased the motor vehicle for the amount of R18 000,00.

7. It is further common cause that the time of the aforesaid sale, the Respondent informed the Complainant that the motor vehicle, which was a 1974 model, has been 'restored'. It is also common cause that the Respondent was not a second-hand car dealer.

8. The bone of contention between the parties centres around the word 'restored' as used by the Respondent. It is the Complainant's contention that by 'restored' she understood the Respondent to imply that the motor vehicle's engine had been reconditioned.

9. The Respondent on the other hand contended that by 'restored' he mean that the motor vehicle had been repainted, and had new wheels and carpets fitted, which had nothing to do with the mechanics of the motor vehicle.

10. The issue that the Court must determine is whether the Respondent misrepresented the facts as to the state of the engine when he informed the Complainant that the motor vehicle had been 'restored'. To answer this question, it is necessary to consider the evidence of the witnesses in this matter.

EVIDENCE

11. The Consumer Protector called five witnesses, including the Complainant. Only the Respondent testified in his defence.

12. The first witness to be called by the Consumer Protector was Leon Wannenburg (Wannenburg). Wannenburg's testimony did not take this matter further, save that he had been approached by the Complainant to repair the body work of the motor vehicle.

13. His evidence was that the motor vehicle was involved in an accident, which caused damage to its front right hand side.

14. He testified that he did not touch the motor vehicle's cooling system.

15. The Respondent did not put any questions to this witness.

16. During questioning by the Court, Wannenburg stated that when the motor vehicle was brought to him, it was in a driveable condition, that the engine was running and that the engine did not seize while on his premises. In short, there was no structural damage to the engine.

17. The next witness to testify was Jacobus Johannes Stroebel ('Stroebel'). Stroebel testified that he was a mechanic specialising in Alfa Rome as and that he had been practising as such for a long time. He looked at the motor vehicle while working at Fissimon, an agent of Alfa Romeo.

18. He testified that the gasket was rusted when the Complainant brought the motor vehicle to him. The gasket has corrosion and there was a lot of wear and tear on the sleeves. He further testified that the timing chain had a lot of play.

19. The Complainant informed Stroebel that he had driven about 6 000 kilometers in the motor vehicle from the date of purchase from the Respondent to the date the engine seized.

20. Stroebel clarified during cross-examination that the purpose of his inspecting the motor vehicle was to check whether any work had been done on the engine, namely whether the engine had been reconditioned. It was Stroebel's contention that the engine had not been reconditioned.

21. Stroebel further contended that it was apparent from the rust and the condition of the gasket, that the motor vehicle could not have been recently reconditioned when the Complainant brought the motor vehicle to him.

22. He also contended that even at 20 000 kilometres after the motor vehicle's last reconditioning, it would not have been in the state that it was in when he inspected it.

23. The next witness to testify was Rocco van Heerden (Van Heerden).

24. Van Heerden testified that he was a sworn appraiser and evaluator for an insurance company. He also testified that he regularly inspected motor vehicles to evaluate them for insurance purposes. He contended that was therefore in a position to testify whether or not a motor vehicle had recently been reconditioned.

25. Van Heerden testified that he inspected the motor vehicle's head gasket, which had rust. He also testified that the pistons had carbon on them and there was water leakage.

ORDERS OF THE COURT (continued) • ORDERS VAN DIE HOF (vervolg)

26. It was Van Heerden's personal opinion that the motor vehicle could not have been recently reconditioned.

27. The Respondent asked Van Heerden whether the purpose of Van Heerden inspecting the motor vehicle could have been that the Complainant was trying to get insurance for her motor vehicle. Van Heerden replied that the Complainant wanted advice on the motor vehicle's engine.

28. The Respondent further asked Van Heerden why he did not refer the Complainant to the seller. Van Heerden replied that he was responsible for insuring motor vehicles for accidents.

29. The Respondent also asked Van Heerden whether Van Heerden would agree to an unqualified repairman repairing any of the cars that Van Heerden was responsible for insuring and Van Heerden replied 'no'.

30. The next witness to testify was Steve Richard Soldin (Soldin).

31. Soldin testified that he provided part of the finance for the purchase of the motor vehicle. As a result, he wanted to see the kind of motor vehicle that he was going to help finance.

32. It was his evidence that the Respondent informed the Complainant that the motor vehicle was fully restored.

33. Soldin further testified that the Complainant informed him that the Respondent had issued an invoice in respect of the purchase of the motor vehicle, which was unconditional.

34. According to Soldin, the Complainant told him that when she visited the Respondent to complain about the motor vehicle constantly breaking down, the Respondent had taken the original invoice, shredded it to pieces and replaced it with a similar invoice, but with the word 'voetstoots' added to it.

35. The Respondent asked Soldin whether the Respondent had guaranteed the motor vehicle and Soldin replied that by restored, he understood that the motor vehicle as a whole was restored.

36. To get clarity on this issue, the Court asked Soldin whether the Respondent had said anything in his presence. Soldin replied that the Respondent had stated that the motor vehicle had been restored, which Soldin understood to mean that the mechanics of the vehicle had been restored.

37. The Complainant specified that she bought the motor vehicle for R18 000,00 because the Respondent represented to her that the engine had been restored. There was another Alfa Romeo available for the amount of R8 000,00, but its engine still needed to be reconditioned. The Complainant did not want to have to work on the engine and she was prepared to pay an extra R10 000,00 for the motor vehicle because the Respondent represented to her that it had been restored.

38. She then testified that after repeated breakdowns, she returned to the Respondent to ask for a guarantee on the engine. The Respondent then took the original invoice and replace it with a new one with the word 'voetstoots' written on the invoice.

39. She also testified that the Respondent gave her a valuation certificate to the effect that the motor vehicle had been restored.

40. The Complainant would not have bought the motor vehicle but for the Respondent's representation that it had been restored.

41. The Respondent asked the Complainant whether he had given her a roadworthy certificate. The Complainant replied that the Respondent had done so, but she realised during the repeated breakdowns that the engine had not been restored. She complained that the motor vehicle consumed a lot of petrol and that the distributor was broken.

42. The Respondent asked the Complainant whether he had repaired the motor vehicle whenever it broke down. The Complainant replied that the Respondent had done so but would not have agreed to repair the motor vehicle if he had not sold the motor vehicle to her unconditionally. She contended that the only reason why the Respondent agreed to repair the motor vehicle was because he sold it to her free from any conditions.

43. The Respondent asked the Complainant whether she wanted him to repair the motor vehicle for the next 10 years. The Complainant replied that she would have been happy if the Respondent had repaired it for 3 months or so.

44. The Respondent then asked the Complainant why she did not get an AA test done on the motor vehicle prior to asking a mechanic to look at the motor vehicle. She replied that initially she went to the Respondent whenever the motor vehicle gave her problems. It was after the Respondent had told her that he could not keep on repairing the motor vehicle that she went elsewhere.

45. The Respondent asked the Complainant why she had agreed to sign the second invoice, even though the 'voetstoots' condition had been added. She replied that she felt vulnerable. She wanted the Respondent to repair the motor vehicle and did not want to create any problems.

46. According to the Complainant, even if the motor vehicle had been sold 'voetstoots' the engine had not been restored when the Respondent sold the motor vehicle to her.

47. The Respondent then took the stand.

48. The Respondent testified that the Complainant came to see him 2 to 3 months before the actual sale. She was looking for an Alfa Romeo. He did not have to sell the motor vehicle to her. All he did was to point the motor vehicle out to the Complainant, who wanted it immediately.

49. The Respondent testified that during the sale certain third parties wanted to purchase the motor vehicle from the Complainant for the amount of R20 000,00. He did not give the Complainant a guarantee.

ORDERS OF THE COURT (continued) • ORDERS VAN DIE HOF (vervolg)

50. The Respondent testified that he put in a new gearbox for the Complainant.

51. The Respondent testified that the Complainant then started calling at his premises. She had an accident at the back whereby the motor vehicle had been smashed. A few months later, the Complainant arrived at his premises with Martin Barnard. The Respondent concluded that the engine had been taken apart and asked the Complainant why she went to another mechanic when he could have fixed the motor vehicle free of charge.

52. The Respondent testified that he would have been prepared to repair the motor vehicle for free if there was an engine breakdown. When the Respondent sold the motor vehicle to the Complainant, he did not sell a motor plan enabling the Complainant to return indefinitely to have the motor vehicle repaired.

53. Under the cross-examination, it emerged that the Respondent did not recondition the motor vehicle. According to the Respondent, he told the Complainant that the motor vehicle had been restored on the basis of what the previous owner, Mr Maia, had told him. The Respondent had been driving the motor vehicle for about 10 months before selling it to the Complainant. In the Respondent's opinion, Mr Maia could have restored the motor vehicle over a period of about 4 months some 15 months before the Respondent sold it to the Complainant.

54. The Respondent was then referred to a valuation certificate, which he had given to the Complainant. The certificate states that the motor vehicle 'has been restored'. In response, the Respondent testified that he was referring to the motor vehicle's body work.

55. The Respondent was asked why he agreed to repair the motor vehicle when it had been sold 'voetstoots'. He replied that it was out of the goodness of his heart.

56. The Respondent then closed his case.

ARGUMENT

57. In argument, the Consumer Protector submitted that the evidence for the Complainant had gone unchallenged, was corroborated and revealed that the motor vehicle had not been restored. He further submitted that the Respondent's representation that the motor vehicle had been restored was crucial. Since the motor vehicle had not been restored, the Respondent's representation that the motor vehicle had been restored amounted to an unfair business practice.

58. The Consumer Protector disputed that the Respondent was always willing to repair the motor vehicle because the Respondent had declined several proposals to have the motor vehicle repaired, which resulted in this matter proceeding to trial.

59. Finally, the Consumer Protector submitted that the Complainant could not have had the motor vehicle repaired by the Respondent because the Respondent had chased her away.

60. In argument, the Respondent submitted that the Complainant should have contacted him first before arranging for other persons to repair the motor vehicle. However, he did not provide the Complainant with a motor plan and could not therefore continue to repair the motor vehicle indefinitely.

ANALYSIS OF EVIDENCE AND ARGUMENT

61. I conclude on a balance of probabilities that the engine had not been 'reconditioned' when the Respondent sold the motor vehicle to the Complainant. The evidence reveals that on the Respondent's own version he told the Complainant that the motor vehicle had been 'restored' but that the restoration could have been done some 15 months before the Respondent sold the motor vehicle to the Complainant.

62. Further, and on the Respondent's own version, there was another Alfa Romeo available at a cheaper price but the Complainant elected to purchase the motor vehicle. This, together with the Complainant's evidence that the Respondent represented to her that the motor vehicle had been 'restored', show overwhelmingly that the Complainant elected to purchase the motor vehicle because the Respondent represented to the Complainant that the motor vehicle had been 'restored'.

63. In addition, the Complainant's witnesses were adamant that the engine could not have been reconditioned when the Respondent sold it to the Complainant.

64. Finally, the Respondent did not deny saying that the motor vehicle had been 'restored' and gave an evaluation certificate to this effect. By this representation the Complainant understood that the engine had been 'reconditioned'. I find that the Respondent committed an unfair business practice as contemplated in the Consumer Affairs (Unfair Business Practices) Act, No. 7 of 1966, when he represented to the Complainant that the vehicle had been 'restored' because he knew that the representation would be acted upon and he could not give the assurance that the engine had been 'reconditioned' other than on the say so of Mr Maia. The 'voetstoots' condition imposed by the Respondent does not exonerate the Respondent from having committed an unfair business practice.

COMPENSATION

65. What remains is the amount of compensation to which the Complainant is entitled. The Complainant paid an amount of R2 500,00 for the replacement engine and the amount of R2 298,19 to have it fitted in the motor vehicle. Included in the amount of R2 298,19 is an amount of R435,51 for new materials worn out by normal wear and tear, and which is disallowed. This leaves an amount of R1 862,68, which the Complainant incurred to have the replacement engine fitted. The Complainant did not discharge the onus incumbent on her to explain how the remaining amount of R1 438,99 is made up. Accordingly, she is not entitled to be paid this amount.

ORDERS OF THE COURT (continued) • ORDERS VAN DIE HOF (vervolg)

66. This complaint rests on the parties having different understandings of what is meant by the words 'restored' and 'reconditioned'. Nevertheless, the Complainant and Respondent concluded a transaction whereby the Complainant purchased the motor vehicle for R18 000,000 on the understanding that the engine had been 'reconditioned'. However the Complainant was subsequently obliged to incur costs to replace the engine. In the circumstances, she was clearly prejudiced and is entitled to be reimbursed for her out of pocket expenses in replacing the engine.

67. The evidence reveals that there was a breakdown in the parties' relationship, which caused the Complainant to have the replacement engine fitted elsewhere. In these circumstances, equity requires that the Complainant only be compensated for half the costs of fitting the replacement engine and that she return the old engine to the Respondent.

ORDER

68. Accordingly, the Court orders that—

68.1 The Respondent is, through the office of the Consumer Protector and within 21 days of the date of this judgment, to refund to the Complainant the amount of R3 431,34, being R2 500,00 for the purchase of the replacement engine together with the amount of R931,34, being half the amount for fitting the replacement engine; and

68.2 The Complainant is, through the office of the Consumer Protector and within 21 days of the date of this judgment, to return the old engine to the Respondent.

Members T Bailey, K Madlala, A Makwetla and A Mayet concur with this judgment of Member T Lebeko.
