GOEWERMENSKENNISGEWING

DEPARTEMENT VAN GESONDHEID

No. R. 190 21 Februarie 1969
WET OP MEDIESE SKEMAS, 1967.

Ek, Carel de Wet, Minister van Gesondheid, kondig hierby af 'n gewysigde geldetarief ten opsigte van mediese dienste soos bepaal by artikel 30 (2) van die Wet op Mediese Skemas, 1967 (Wet 72 van 1967), om van krag te word op 1 Maart 1969.

GELDETARIEF TEN OPSIGTE VAN MEDIESE DIENSTE.

12. ALGEMENE REÛLS WAT TEN OPSIGTE VAN DIE TARIEF GELD.

001. Die bedrag wat geëis mag word ten opsigte van die lewering van 'n diens wat nie in die geldetarief ingesluit is nie, moet gebaseer wees op die bedrag ten opsigte van 'n vergelykbare diens in die geldetarief.

002. Tensy stappe vroegtydig gedoen is om 'n afspraak vir 'n konsultasie wat 'n lid van 'n skema of die afhanklike van sodanige lid gemaak het, te kanselleer, mag die betrokke tariefgelde ten opsigte van die konsultasie gehef word.

003. Die gelde ten opsigte van 'n konsultasie of besoek voor 'n operasie word geag ingesluit te wees by die tariefgelde ten opsigte van die operasie: Met dien verstande dat die operasie binne drie maande na die konsultasie of besoek deur die konsultant gedoen word: Met dien verstande verder dat ten opsigte van buitengewone gevalle die tariefgelde vir konsultasies of besoeke gehef mag word indien die skema daartoe instem.

004. Die gelde ten opsigte van meer as een operasie of prosedure deur dieselfde insnyding gedoen, is die Tariefgelde vir die groter operasie of prosedure plus R12.70 ten opsigte van elke aanvullende of bykomstige operasie of prosedure.

005. Die gelde ten opsigte van meer as een operasie of prosedure onder dieselfde narkose gedoen, maar nie deur dieselfde insnyding nie, is die Tariefgelde ten opsigte van die groter operasie of prosedure plus die helfte van die Tariefgelde ten opsigte van elke bykomstige operasie of prosedure.

006. Tensy anders vermeld, sluit die geldetarief ten opsigte van 'n operasie, normale nasorg in. Indien die chirurg nie self die nasorg voltooi nie, is dit sy verantwoordelikheid om te reël dat dit gedoen word sonder enige bykomende koste: Met dien verstande dat in die geval van na-operatiewe behandeling van 'n langdurige of gespesialiseerde aard gelde waartoe die chirurg en die skema ooreengekom het, gehef mag word.

007. In buitengewone gevalle waar die Tariefgelde ongelukkig laag is in verhouding tot die dienste werklik deur 'n mediese praktisyn gelewer, mag sodanige hoër gelde gehef word waarop die mediese praktisyn en die skema mag ooreenkom. Indien die Tariefgelde ongelukkig hoog is in verhouding tot die dienste wat werklik gelewer is, moet gelde wat in verhouding tot sodanige dienste is, gehef word.

008. Behalwe in buitengewone gevalle sal die dienste van 'n spesialis slegs beskikbaar wees op die aanbeveling van die algemene praktisyn wat oor die geval gaan. Mediese praktisyns wat gevalle na ander mediese praktisyns verwys, moet in sodanige verwysing aandui of die pasiënt 'n lid van 'n mediese skema of 'n afhanklike van sodanige lid is en dieselfde geld ten opsigte van monsters wat na patoloog gestuur word.

009. Indien dit die gebruik in 'n gebied is om 'n laer bedrag te hef as dié in die geldetarief, behoort sodanige laer gelde gehef te word. Verminderde gelde behoort ook gehef te word indien die mediese praktisyn verminderde gelde in private praktyk sou gehê het.

GOVERNMENT NOTICE

DEPARTMENT OF HEALTH

No. R. 190 21 February 1969
MEDICAL SCHEMES ACT, 1967.

I, Carel de Wet, Minister of Health, hereby publish an amended tariff of fees in respect of medical services as provided in section 30 (2) of the Medical Schemes Act, 1967 (Act 72 of 1967), to take effect on 1 March 1969.

TARIFF OF FEES IN RESPECT OF MEDICAL SERVICES.

12. GENERAL RULES GOVERNING THE TARIFF.

001. The fee in respect of the rendering of a service which is not listed in the Tariff shall be based on the fee in respect of a comparable service in the Tariff.

002. Unless timely steps were taken to cancel an appointment for a consultation made by a member of a scheme or a dependant of such member, the consultation fee may be charged.

003. The fee in respect of a consultation or visit prior to an operation is included in the Tariff fee in respect of the operation: Provided that the operation is performed by the consultant within three months from the date of the consultation or visit: Provided further that in exceptional cases the Tariff fees for consultations and visits may be charged if agreed to by the scheme.

004. The fee in respect of more than one operation or procedure performed through the same incision shall be the Tariff fee in respect of the major operation or procedure plus R12.70 in respect of each subsidiary or additional operation or procedure.

005. The fee in respect of more than one operation or procedure performed under the same anaesthetic, but not through the same incision, shall be the Tariff fee in respect of the major operation plus half the Tariff fee in respect of each additional operation or procedure.

006. Unless otherwise stated, the Tariff fee in respect of an operation shall include normal after-treatment. Where the surgeon does not himself complete the after-treatment, it shall be his responsibility to arrange for this to be done without extra charge: Provided that in the case of post-operative treatment of a prolonged or specialised nature such fee as may be agreed upon between the surgeon and the scheme, may be charged.

007. In exceptional cases where the Tariff fee is disproportionately low in relation to the actual services rendered by a medical practitioner, such higher fee as may be agreed upon between the medical practitioner and the scheme may be charged. If the Tariff fee is disproportionately high in relation to the actual services rendered, a fee proportionate to such services shall be charged.

008. Save in exceptional cases the services of a specialist shall only be available through the recommendation of the attending general practitioner. Medical practitioners referring cases to other medical practitioners shall indicate in the reference if the patient is a member of a medical scheme or a dependant of such member and this shall also apply in respect of specimens sent to pathologists.

009. If the customary fee in an area is lower than the Tariff fee, such lower fee should be charged. Reduced fees should also be charged if the medical practitioner would have reduced his fee in private practice.

010. Vir sover die reëls van enige skema bepaal, sal rekenings ooreenkomstig die Geldetarief ten volle deur sodanige skema betaal word. In die geval van langdurige of duur mediese dienste of prosedure moet die mediese praktisyn vooraf by die skema vasstel of die skema geldelike verantwoordelikheid ten opsigte van die behandeling sal aanvaar.

011. Die bedrag ten opsigte van 'n volledige ondersoek van, en volledige verslag oor enige persoon ten opsigte van eerste toelating tot 'n skema, gedoen op die versoek van die betrokke skema, moet deur sodanige skema betaal word. Die gelde vir sodanige ondersoek en verslag is R2.90 ten opsigte van die lid en R2.10 ten opsigte van enige afhanklike van sodanige lid.

012. Elke mediese praktisyn moet maandeliks 'n rekening lewer ten opsigte van enige diens gedurende daardie maand gelewer, ongeag of die behandeling voltooi is al dan nie. Indien, nadat 'n rekening vir twee agtereenvolgende maande aan 'n lid van 'n mediese skema gelewer is, betaling daarvan nie ontvang is nie word die derde maandelikse rekening direk aan die betrokke skema gestuur.

14. NARKOSE.

003. Die narkotiseur se tyd moet bereken word vanaf die tyd dat hy met die toediening van die narkose begin totdat die pasiënt die operasiesaal verlaat.

004. Die Tariefgelde sluit in voor-operatiewe besoeke, die narkose en na-operatiewe besoek of besoeke deur die narkotiseur. Indien voor- en na-operatiewe besoeke nie gemaak word nie, moet die Tarief dien-ooreenkomstig verminder word.
