DIE BLOMPLANTE VAN AFRIKA

Hierdie publikasie word uitgegee as 'n geïllustreerde reeks, baie na die aard van Curtis se "Botanical Magazine". Die doel van die werk is om die skoonheid en variasie van vorm van die flora van Afrika aan die leser bekend te stel, om belangstelling in die studie en kweek van die inheemse plante op te wek, en om plantkunde in die algemeen te bevorder.

Die meeste van die illustrasies word deur kunstenaars van die Navorsingsinstituut vir Plantkunde gemaak, dog die redakteur verwelkom geskikte bydraes van 'n wetenskaplike en kunsstandaard afkomstig van verwante inrigtings.

Onder huidige omstandighede word twee dele van die werk gelyktydig gepubliseer, maar met onreëlmatige tussenpose; elke deel bevat tien kleurplate. Intekengeld bedra R5 per deel (buitelands R5,25 per deel): Vier dele per band. Vanaf band 27 is die prys per band in linne gebind R30; in moroccoleer gebind R35. (Buitelands, linne gebind R31; moroccoleer R36).

Verkrygbaar van die Direkteur, Afdeling Landbouinligting, Privaatsak X144, Pretoria.

Verkoopbelasting moet by binnelandse bestellings ingesluit word.

THE FLOWERING PLANTS OF AFRICA

This publication is issued as an illustrated serial; much on the same lines as Curtis's Botanical Magazine, and for imitating which no apology need be tendered.

The desire and object of the promoters of the publication will be achieved if it stimulates further interest in the study and cultivation of our indigenous plants.

The illustrations are prepared mainly by the artists at the Botanical Research Institute, but the Editor welcomes contributions of suitable artistic and scientific merit from kindred institutions.

Each part contains 10 plates and costs R5 per part (other countries R5,25 per part). Two, three or four parts may be published annually, depending on the availability of illustrations. A volume consists of four parts. From Volume 27, the price per volume is: Cloth binding, R30; morocco binding, R35 (other countries, cloth binding R31; morocco binding R36).

Obtainable from the Director, Division of Agricultural Information, Private Bag X144, Pretoria.
