GENERAL RULES GOVERNING THE TARIFF/ALGEMENE REËLS VAN TOEPASSING OP DIE TARIEF

A. When a practitioner is called to his consulting rooms *outside scheduled consulting hours*, the appropriate visiting fee may be charged/Indien 'n geneesheer buite skedule-konsultasietye na sy spreekkamers geroep word, kan die toepaslike besoekgelde gevra word.

B. *Out of hours work*.—This comprises night and weekend work. A night visit shall constitute a *call received and a visit made between 18h00 and 07h00 the following day*. A weekend visit shall constitute a call received and a visit made between 13h00 and 18h00 on Saturdays and 07h00 and 18h00 on Sundays. Public holidays are regarded as Sundays. Work other than visits (excluding the surgeon's fee for operations or procedures performed where the patients were seen during normal working hours, but where the operations or procedures were performed out of hours) shall be regarded as out of hours work if performed during the above times/*Na-uurse werk*.—Dit omvat nagwerk en werk wat oor naweke gedoen word. As 'n nagbesoek word gereken 'n oproep wat ontvang is en 'n besoek wat afgelê is tussen 18h00 en 07h00 die volgende dag. As 'n naweekbesoek word gereken 'n oproep wat ontvang is en 'n besoek wat afgelê is tussen 13h00 en 18h00 op Saterdag en 07h00 en 18h00 op Sondag. Openbare vakansiedae word as Sondag beskou. Ander werk as besoeke (uitgesonderd die chirurg se gelde vir operasies of prosedures uitgevoer, waar die pasiënte gedurende normale konsultasietye gesien is, maar die operasies of prosedures ná ure uitgevoer is) word as na-uurse werk beskou indien dit gedurende die bovermelde tye gedoen word.

In cases where a doctor's scheduled consulting hours extended after 18h00 during the week, or 13h00 on a Saturday, such consultations will be regarded as normal consultations and be awarded a fee under item 0101/In gevalle waar 'n geneesheer se vasgestelde konsultasietye tot ná 18h00 op weekdae of 13h00 op Saterdag duur, word sodanige konsultasies as normale konsultasies beskou en vergoed volgens die gelde aangegee onder item 0101.

C. The fee that may be charged in respect of the rendering of a service not listed in this tariff of fees shall be based on the fee in respect of a comparable service/Die bedrag wat gehef kan word ten opsigte van die lewering van 'n diens wat nie in hierdie geldetarief ingesluit is nie, moet gebaseer wees op die bedrag vir 'n vergelykbare diens.

D. Unless timely steps are taken to cancel an appointment for a consultation the relevant consultation fee shall be payable by the workman. In the case of a general practitioner "timely" shall mean two hours and in the case of a specialist twenty-four hours prior to the appointment. Each case shall, however, be considered on merit and, if circumstances warrant, no fee shall be charged/Tensy stappe vroegtydig gedoen word om 'n afspraak vir 'n konsultasie te kanselleer, sal die werksman aanspreeklik wees vir die konsultasiegelde. In die geval van 'n algemene praktisyn beteken "vroegtydig" twee uur en in die geval van 'n spesialis vier-en-twintig uur vòr die afspraak. Elke geval word egter op meriete beskou en, indien omstandighede dit regverdig, word geen gelde gehef nie.

E. The appropriate fee may be charged for all pre-operative consultations with the exception of a routine pre-operative visit at the hospital/Die toepaslike gelde mag gehef word vir alle pre-operatiewe konsultasies met die uitsondering van roetine pre-operatiewe besoek by die hospitaal.

F. No fees may be charged for injections given by staff of general practitioners and specialists/Geen gelde mag gehef word vir inspuitings toegedien deur personeel van algemene praktisyns en spesialiste nie.

G. Unless otherwise stated, the fee in respect of an operation or procedure shall include normal after-care for a period not exceeding four months. Where the surgeon does not himself complete the after-care, it shall be his responsibility to arrange for this to be done without extra charge: Provided that in the case of post-operative treatment of a prolonged or specialised nature, such fee as may be agreed upon between the surgeon and the Commissioner, may be charged/Tensy anders vermeld, sluit dit gelde ten opsigte van 'n operasie of prosedure normale nasorg in oor 'n tydperk wat nie vier maande oorskry nie. Indien die chirurg nie self die nasorg voltooi nie, is dit sy verantwoordelikheid om te reël dat dit gedoen word sonder enige bykomende vordering: Met dien verstande dat in die geval van na-operatiewe behandeling van 'n langdurige of gespesialiseerde aard, gelde waaroor die chirurg en die Kommissaris ooreengekom het, gehef kan word.

H. Items involving removal of lesions include follow-up treatment for four months/Waar 'n letsel verwyder word, sluit die vergoeding ook vier maande opvolging in.

I. Fees for all pathological investigations performed by members of other disciplines (where permissible): See section for Pathology/Gelde vir alle patologiese ondersoeke wat uitgevoer word deur lede van ander dissiplines (waar toelaatbaar): Kyk afdeling Patologie.

J. In exceptional cases where the tariff fee is disproportionately low in relation to the actual services rendered by a medical practitioner, a higher fee may be negotiated. Conversely, if the fee is disproportionately high in relation to the actual services rendered, a lower fee than that in the tariff should be charged/In buitengewone gevalle waar die tariefgelde buite verhouding laag is in vergelyking met die werklike dienste deur 'n geneesheer gelewer, is hoër gelde onderhandelbaar. Aan die anderkant, as die gelde buite verhouding hoog is met betrekking tot die werklike dienste gelewer, moet 'n laer bedrag as dié wat in die geldetarief aangegee word, gevra word.

K. Save in exceptional cases the services of a specialist shall be available only on the recommendation of the attending general practitioner. Medical practitioners referring cases to other medical practitioners shall, if known to them, indicate in the reference that the patient was injured in an "accident" and this shall also apply in respect of specimens sent to pathologists/Behalwe in buitengewone gevalle is die dienste van 'n spesialis beskikbaar slegs op aanbeveling van die huisarts wat oor die geval gaan. Geneeshere wat pasiënte na ander geneeshere verwys, moet, indien hulle daarvan bewus is dat die pasiënt in 'n "ongeval" beseer is, dit in die verwysing meld en dieselfde geld ten opsigte van monsters wat na patoloë gestuur word.

L. If a procedure is performed at the time of an initial or subsequent consultation, the fee for the consultation plus the fee for the procedure is charged/Indien 'n prosedure uitgevoer word tydens 'n eerste of daaropvolgende konsultasie, word die bedrag vir die konsultasie sowel as die bedrag vir die prosedure gehef.

M. If such a procedure, planned at an initial or subsequent consultation, is performed at another time, the fee for the procedure only is charged/Indien sodanige prosedure, wat beplan word tydens 'n eerste of daaropvolgende konsultasie, uitgevoer word tydens 'n later geleentheid, word slegs die gelde vir die prosedure gehef.

N (a). Where a fee for any service is prescribed herein, the medical practitioner shall not be entitled to payment calculated on a basis of visits or examinations made where such calculation would result in the prescribed fee being exceeded/Waar gelde ten opsigte van enige diens hierin voorgeskryf word, is die geneesheer nie op betaling, bereken op die getal besoeke afgelê of die getal ondersoeke gedoen, geregtig nie as so 'n berekening 'n hoër bedrag as die voorgeskrewe gelde beteken.

N (b). The number of consultations must be in direct relation to the seriousness of the injury and should more than 20 consultations be necessary, the Commissioner must be furnished with a detailed motivation/Die aantal konsultasies moet in direkte verhouding staan tot die erns van die besering en indien meer as 20 konsultasies nodig is, moet volledige motiverings aan die Kommissaris verskaf word.

N (c). A single fee for a consultation/visit shall be paid to a medical practitioner who gives a single treatment to an injured workman who thereafter passes to the permanent care of another medical practitioner, not being a partner or assistant of the first. The responsibility for furnishing the first medical report in such a case ordinarily rests with the second practitioner/'n Bedrag ten opsigte van een konsultasie/besoek word aan 'n geneesheer betaal vir 'n enkele behandeling van 'n beseerde werksman wat daarna onder die permanente sorg kom van 'n ander geneesheer wat nie 'n vennoot of assistent van eersgenoemde geneesheer is nie. In so 'n geval berus die verantwoordelikheid om die eerste mediese verslag te verstrek gewoonlik by die tweede praktisyn.

O (a). A workman should be hospitalised only if and for such a period his condition justifies full-time "medical aid"/Hospitalisasie van 'n werksman moet slegs geskied indien en vir solank as wat sy toestand voltydse "geneeskundige behandeling" vereis.

(b). Occupational therapy/Physiotherapy. The same principles set out in modifier 0076 will apply when a workman is referred to a therapist/Fisioterapie/Arbeidsterapie. Indien 'n werksman verwys word na 'n terapeut sal dieselfde beginsels geld soos by wysiger 0076.

Should the practitioner doing the operation prefer to ask another practitioner to perform postoperative intravenous infusions, then the practitioner himself (and not the patient) is responsible for remunerating such practitioner for the infusions/Waar binne-aarse infuus (bloed en bloed-sellulêre elemente ingeslote) as deel van die na-behandeling van die operasie toegedien word, kan geen ekstra gelde daarvoor gehêf word nie, omdat dit in die globale operasie-gelde ingesluit is. MODIFIERS GOVERNING THE ADMINISTRATION OF ANAESTHETIC FOR ALL THE PROCEDURES AND OPERATIONS INCLUDED IN THIS TARIFF

WYSIGERS WAT BETREKKING HET OP DIE TOEDIENING VAN NARKOSE VIR ALLE PROSEDURES EN OPERASIES WAT IN HIERDIE TARIEF OPGENEEM IS

UNIT VALUES/EENHEIDSWAARDES

- 0021 All anaesthetic fees are determined by obtaining the sum of: BASIC UNIT VALUE AND THE VALUE OF THE TIME UNITS/Alle narkosegelde word bereken deur die som te verkry van: BASIESE EENHEIDSWAARDE EN WAARDE VAN TYDEENHEDE.
- 0023 The basic unit value is laid down in the Tariff. This basic unit value is a reflection of the additional anaesthetic risk, the technical skill required of the anaesthetist and the scope of the surgical procedure, but excludes the value of the actual time spent administering the anaesthetic. The time units (indicated by "T") will be added to the listed basic unit value in all cases on the following basis/Die basiese eenheidswaarde word in die Tarief voorgeskryf. Hierdie basiese eenheidswaarde is 'n weergawe van die addisionele narkoserisiko, die tegniese vaardigheid van die narkotiseur, die omvang van die chirurgiese prosedure, maar nie van die waarde van die werklike tyd wat deur die toediening van die narkose in beslag geneem word nie. Tydeenheid (aangedui deur "T") sal in alle gevalle by voorgeskrewe basiese eenheidswaarde gevoeg word, en wel op die volgende wyse:
- Anaesthetic time:* The remuneration for anaesthetic time shall be per 15 minute period or part thereof, calculated from the commencement of the anaesthetic, R8,00 per 15 minute period or part thereof, provided that should the duration of the anaesthetic be longer than one and a half hours the fee shall, after one and a half hours be R20,00 per 15 minute period or part thereof/*Narkosetyd:* Vergoeding vir narkosetyd geskied per 15-minuteperiode of deel daarvan, bereken vanaf die aanvang van die narkose, dit is R8,00 per 15-minuteperiode of deel daarvan, met dien verstande dat indien die narkose langer as een en 'n half uur duur, die gelde, ná een en 'n half uur, R20,00 per 15 minute of deel daarvan sal wees.
- 0024 The fee for a pre-operative visit before removal to theatre suite, will be equivalent to a hospital re-visit (Item 0109) for both specialist and general practitioner anaesthetists. If a pre-operative visit is not followed by an operation it will be regarded as a consultation at a hospital or nursing home/Die gelde betaalbaar vir 'n pre-operatiewe ondersoek voor verwydering na teaterblok sal gelykstaande wees aan 'n hospitaal-herbesoek (Item 0109) vir beide spesialis- en algemene praktisyn narkotiseurs. Indien 'n pre-operatiewe besoek nie deur 'n operasie gevolg word nie sal dit beskou word as 'n konsultasie by 'n hospitaal of verpleeginrigting.

- 0025 Anaesthetic time is calculated from the time the anaesthetist begins to prepare the patient for the induction of anaesthesia in the operating theatre or in a similar equivalent area and ends when the anaesthetist is no longer required to give his personal professional attention to the patient, i.e. when the patient may, with reasonable safety, be placed under the customary post-operative supervision. Where prolonged personal professional attention is necessary for the well-being and safety of such patient, the necessary time will be valued on the same basis as indicated above for anaesthetic time. The anaesthetist must show in his account the exact anaesthetic time and the supervision time *spent with the patient*/Narkosetyd word bereken vanaf die tyd waarop die narkotiseur die pasiënt begin voorberei vir die induksie van narkose in die operasietheater of in 'n soortgelyke area en eindig wanneer die persoonlike en professionele aandag van die narkotiseur aan die pasiënt nie meer nodig is nie, dit is wanneer die pasiënt binne redelike perke van veiligheid aan gewone na-operatiewe sorg toevertrou kan word. Waar persoonlike professionele aandag vir die beswil en veiligheid van die pasiënt vir 'n langer tydperk nodig is, sal die waarde daarvan bereken word soos hierbo uiteengesit ten opsigte van narkosetyd. Die narkotiseur moet in sy rekening die presiese narkosetyd, insluitende die versorgingstyd *met die pasiënt* aandui.
- 0027 Where more than one operation is performed under the same anaesthetic, the basic value will be that of the major operation with the highest unit value/Wanneer meer as een operasie onder dieselfde narkose uitgevoer word, sal die basiese eenheidswaarde gelykstaan met dié van die groter operasie wat die hoogste eenheidswaarde dra.
- 0029 When rendered necessary by the scope of the anaesthetic, an assistant anaesthetist may be employed. The remuneration of the assistant anaesthetist shall be calculated on the same basis as in the case where a general practitioner administers the anaesthetic/Wanneer die omvang van 'n narkose dit vereis, kan gebruik gemaak word van die dienste van 'n assistent-narkotiseur. Die assistent-narkotiseur se vergoeding sal op dieselfde basis bereken word as in die geval van 'n algemene praktisyn wat narkose toedien.
- 0031 Treatment with intravenous drips and transfusions (i.e. re-identification of delivered and certified compatible blood with the patient and actual administering of blood) is considered part of the normal treatment in administering an anaesthetic. No additional fees may be charged for such services when rendered during actual theatre or operating time. (For these services at other times see Item 0207.)/Behandeling met binnearse infusie en oortappings (dit wil sê heridentifikasie van gelewerde en gesertifiseer verenigbare bloed met die pasiënt en die werklike toediening van die bloed) word as deel van die normale behandeling geag by die toediening van 'n narkose en geen bykomende gelde word vir hierdie dienste toegelaat waar dit gedurende werklike teater- of operasietyd gelewer word nie. (Vir hierdie dienste op ander tye vergelyk Item 0207.)
- 0033 When an anaesthetist is required to participate in the general care of a patient during a surgical procedure, but does not administer the anaesthetic, such services may be remunerated on full anaesthetic rate, subject to the provisions of modifier 0035/Wanneer dit van 'n narkotiseur verlang word om deel te hê aan die algemene sorg van 'n pasiënt gedurende 'n chirurgiese prosedure, maar hy nie narkose toedien nie, mag sodanige dienste vergoed word teen die volle narkose tarief, onderworpe aan die bepalings van wysiger 0035.
- 0034 All anaesthetics administered for diagnostic, surgical or X-ray procedures on the head and neck shall have a minimum value of R32,00/Alle narkoses wat toegedien word vir diagnostiese, chirurgiese, of X-straal prosedures aan die kop en nek, sal 'n minimum waarde van R32,00 hê.

- (b) The number of treatments to a patient for which the Commissioner shall accept responsibility is limited to 20. Diagnostic procedures/Diagnostiese prosedures:

MODIFIERS GOVERNING THIS SECTION OF THE TARIFF/WYSIGERS VAN TOEPASSING OP HIERDIE AFDELING VAN DIE TARIEF

W/M 0079 Multiple examinations: Full fees/Veelvoudige ondersoeke: Volle tariewe.

W/M 0081 Repeat examinations: No reduction/Her-onderoeke: Geen vermindering.

W/M 0082 "+" Means that this item is complementary to a preceding item and is therefore not subject to reduction/"+" Beteken dat hierdie item saam met 'n vorige item val en daarom nie aan vermindering onderworpe is nie.

W/M 0083 When a Radiologist makes use of hospital equipment, only 66,6 per cent (two thirds) of the fee for the examination is chargeable/Wanneer 'n Radioloog van hospitaaltoerusting gebruik maak mag slegs 66,6 persent (twee derdes) van die gelde vir die ondersoek gehef word.

W/M 0084 In the case of radiological items where films are used practitioners should adjust the fee upwards or downwards in accordance with changes in the price of films in comparison with November 1979; the calculation must be done on the basis that film costs comprise 10 per cent of the monetary value of the unit/In die geval van radiologiese items waar van films gebruik gemaak word moet praktisyns die gelde opwaarts of afwaarts regstel in ooreenstemming met veranderinge in die prys van films in vergelyking met November 1979; die berekening moet gedoen word op die basis dat 10 persent van die geldwaarde van die eenheid uit filmkoste bestaan.

Notes in respect of fees payable where X-rays are taken by general practitioners:

Opmerking met betrekking tot betaling van gelde waar röntgenplate deur huisartse geneem word:

*(If the services of a radiologist are normally available, it is expected that they should be utilised. Should circumstances be unfavourable for obtaining such services at the time of the first consultation, the general practitioner may take the initial X-ray himself provided he submits a certificate to the effect that it was in the best interest of the workman for him to have taken the plates. Subsequent X-ray plates of the same injury, however, must be taken by a radiologist who has to submit the relevant reports in the normal manner.)**(As die dienste van 'n radioloog normaalweg beskikbaar is word verwag dat daarvan gebruik gemaak word. As omstandighede ten tyde van die eerste konsultasie ongunstig is om sodanige dienste te bekom, kan die huisarts self die eerste röntgenplate neem mits hy 'n sertifikaat indien te dien effekte dat dit in die beste belang van die werksman was dat die plate deur hom geneem is. Daaropvolgende plate van dieselfde besering moet egter deur 'n radioloog geneem word wat die toepaslike verslae op die gebruikelike wyse moet indien.)*

1. When a general practitioner takes X-ray plates with his own equipment, if the services of a specialist radiologist are not available, he may claim at the prescribed fee.

Indien 'n huisarts X-strale met sy eie apparaat neem waar die dienste van 'n spesialis radioloog onverkrygbaar is, mag hy die voorgeskrewe tarief vir die neem van die plate eis.

2. (i) If a general practitioner orders an X-ray examination at a provincial hospital where the services of a specialist radiologist are available, it is expected that the radiologist shall read the photos for which he may claim at two thirds of the prescribed fee.

Indien 'n huisarts 'n X-straalondersoek by 'n provinsiale hospitaal aanvra waar die dienste van 'n spesialis radioloog beskikbaar is, word verwag dat die radioloog die plate sal lees waarvoor hy teen twee derdes van die voorgeskrewe tarief mag eis.

(ii) If the radiographer of the hospital is not available and the general practitioner has to take the X-ray plates himself, he may claim at 50 per cent of the prescribed fee for that service. In that case, however, he should get confirmation of his X-ray findings in a report from the radiologist as soon as possible. The radiologist may then claim at two thirds of the prescribed fee for such service.

As die hospitaal se radiografiste nie beskikbaar is nie en die huisarts moet self die plate neem, kan hy teen 50 persent van die voorgeskrewe tarief vir daardie diens eis. In so 'n geval egter moet die radioloog so gou doenlik die huisarts se X-straalbevinding in 'n aparte verslag bevestig waafor die radioloog dan teen twee derdes van die voorgeskrewe tarief mag eis.

3. If a general practitioner orders an X-ray examination at a provincial hospital where there are no specialist radiological services available, he will not be paid for reading the plates as such a service is considered as an integral part of routine diagnosis, but if he is requested by the Commissioner to submit a written report on the case, he may claim at two thirds of the prescribed fee in respect thereof.

Indien 'n huisarts 'n X-straalondersoek by 'n provinsiale hospitaal aanvra waar daar geen dienste deur 'n spesialis radioloog gelewer word nie sal hy nie vir die lees van die plate vergoed word nie aangesien dit as 'n integrale deel van die ondersoek beskou word, maar indien hy deur die Kommissaris versoek word om 'n skriftelike verslag oor die geval in te dien, kan hy twee derdes van die voorgeskrewe tarief daarvoor eis.
