- (2) Van elke vakleerling word vereis om die vaardigheid binne elke fase te verwerv en om sy/haar bemeesterding daarvan te bewys deur Kriterium-en Fasetoetse af te lê.

- (3) To achieve mastery of these specified skills, an apprentice shall undergo modular training, which may be undertaken at one of the accredited training centres.
- (4) The Employer shall be required to release their apprentices for such periods and for such training as specified in the training schedule concerned.
- (5) Acknowledgement can be granted for relevant prior learning by passing the relevant Criterion or Phase Tests, thereafter permitting the apprentice to commence training in the next phase. The Transnet Training Board (the Board) may in such a case reduce the minimum period of experience of 26 weeks and the maximum period in which the remaining modules must be completed, as prescribed in clause 2, by periods commensurate with the level attained: Provided that if the apprentice passes all the Phase Tests he/she shall be required to complete a minimum period of 13 weeks of practical on-the-job experience prior to attempting the trade test: Provided further that the maximum period so determined shall not be less than the minimum period so determined plus 104 weeks.
