EXPLANATORY NOTES

INTRODUCTION

The Wool Board, established in terms of Government Notice R1274 of 16 July 1993, intends to:

- a) Transfer the fixed assets registered in the name of the Board to a Trust, namely the "Wool Trust", for the promotion of the objectives of the Trust as outlined in the accompanying Trust Deed; and
- b) Amend Clause 34 of the Wool Scheme to make provision for the transfer of the Board's assets at dissolution of the Board to a Trust, namely the "Wool Trust", for the promotion of the objectives of the Wool Trust.

A TRANSFER OF ASSETS TO TRUST

BACKGROUND

1. INTRODUCTION

In 1993 the Wool Board abrogated the prohibition clause and changed the Board's focus from marketer of the South African wool clip to an organisation that would ensure that:

- South African wool is promoted world-wide;
- information in terms of market, economic and production data is made available to all role-players; and
- assistance is rendered to research as well as to the National Wool Growers Association of South Africa.

In terms of this modified focus of the Board, the Board's mission is as follows:

The Wool Board, as international marketing organisation, is geared to promote the demand for South African wool for the long-term benefit of South Africa's wool producers and the country's economic prosperity.

In compliance with this mission of the Board, the Board is geared, in terms of its business focus, to build up, by means of its marketing activities to consumers and users, internationally and internally, a sustained demand for South African wool at a defined price premium compared with competing fibres.

To succeed in this the Board will:

- launch dynamic promotional programmes for South African wool, aimed at satisfying the changing requirements of consumers;
- exploit market opportunities for South African wool and woollen products in co-operation with partners in the industry;
- operate an integrated information system that will enable woolgrowers to produce and market market-directed wool;
- manage a balanced research and development programme aimed at increasing the profitability of wool production and processing; and
- optimally develop and utilise all its assets and human resources.

In executing its functions for attaining the above-mentioned objectives, the Wool Board regards itself as an important earner of foreign exchange (R700 million for the 1995/96 season) and also, due to the meat component of wool-sheep farming, as an important food supplier.

As regards the promotion of wool, the Board conducts promotional actions world-wide, both locally and internationally, in co-operation with other wool-producing countries through its membership of the International Wool Secretariat. The South African producers are fully aware that the successful marketing of their wool clip depends on consumer demand. The primary function here is research and development, technology transfer, quality control and consumption promotion.

The provision of information to the industry has become even more necessary following the abrogation of the prohibition clause and the resultant free-market system. The Board conducts a market, economic, statistical and production information service in terms of which information is gathered and disseminated.

Research is conducted locally in co-operation with the Agricultural Research Council and TEXTEK while, due to the Board's membership of the IWS, research is also carried out at several international levels.

An annual grant is made to the NWGA of SA for the execution of its producer-directed functions.

2. **CURRENT ASSETS**

The modified focus of the Board has contributed to the fact that part of the already established infrastructure, namely the current assets of the Board, is no longer utilised, in terms of functionality, for its original purpose.

With the establishment of the present Wool Board in terms of the Wool Scheme of 1972, the Board took over, apart from the assets already vested in it, certain fixed assets of the former Wool Commission.

These properties, consisting mainly of warehouses at the four export harbours, were necessary since 1972 for the operation of the single-channel marketing scheme.

With the change-over to the present scheme the utilisation of the assets changed, as they were no longer essential for the outright operation of the scheme. During 1993/94 a total of three properties were sold as part contribution to the redemption of the wool industry's debt burden.

What is of critical importance to the industry, however, was the action of the Board at the time when the prohibition clause was abrogated to immediately proceed with leasing out property on a commercial basis. As a result of the additional income generated by the leasing out of property, the step contributed directly to a reduction in the statutory levy imposed on producers and to the partial financing of the Board's activities.

3. TRUST

Producers, since 1993, repeatedly indicated at NWGA congresses that the functions outlined above should be performed in the interests of the industry. The composition of the Board's current income is as follows:

3% levy	-	58,2%
Interest income	-	9,6%
Leasing income	-	32,2%

On the one hand it is thus clear that the Board depends, to a considerable extent, on the leasing income in order to execute its functions. On the other hand it is also true that the Board's fixed assets no longer integrate functionally with the Board's activities.

With a view to solving this situation satisfactorily, the Board proposed to the four provincial congresses of the NWGA that the producers would remain the capital beneficiaries and the Wool Board the income beneficiary (should it be dissolved and a Trust formed to promote the objectives).

This approach has been accepted by all four congresses of the NWGA.

The Congress decisions were as follows:

Cape Branch

Resolution: This Congress recommends that the assets of the wool industry should be protected in a way that will ensure that they remain the property of the woolgrower, and it rescinds a decision of the 1994 National Congress of the NWGA stating that the assets of the Board should not be disposed of.

The Congress also recommends that Mr J W van den Heever be co-opted to the Central Executive in order to provide inputs about the Trust.

Kwazulu Natal

Decision: Congress recommends the transfer of Wool Board assets to a Trust and decides to recommend the following to Central Congress:

- 1 the proposal that a portion of the Trust income be ploughed back into the Trust, is recommended.
- 2 that the capital beneficiaries should be the wool industry and not the individual producers who had contributed over the past three years. Thus should the Trust be dissolved, the beneficiaries would be those producers who had paid levies three years prior to the Trust's dissolution

Free State

Resolution: This Congress requests that the assets of the wool producer which are vested in the Wool Board be retained for the producer when a change is made to a single structure for the wool industry.

Transvaal

Resolution: The Trust is accepted in principle, but it is requested that the capital beneficiaries at the creation of the Trust will be the industry and not individual producers. Should this not be feasible, the producers should be the capital beneficiaries at the dissolution of the Trust.

4. OBJECTIVES OF THE TRUST

The Trust has the following objectives

To conduct the business of the Trust to generate income, which shall be used by the income beneficiaries for the promotion of the South African wool industry through the financing of:

- activities for the promotion or stimulation of the demand for South African wool; and/or
- research work relevant to the improvement, production, manufacture, processing, storage or marketing of wool; and/or
- training and provision of information to woolgrowers and newcomers to wool production

5. TRUST BENEFICIARIES

The Trust has both capital and income beneficiaries. Due to the historic run of events with the acquisition of the assets it will be extremely difficult to determine the individual "rights" of producers. Consequently, capital beneficiaries are sub-divided into two classes, as outlined in Clause 7 of the proposed Trust Deed. In essence, it amounts to the donation by present producers (as defined in Clause 34 of the Wool Scheme) of usufruct on their assets to the industry for the benefit of all producers and newcomers. At dissolution of the Trust (paragraph 22 of the proposed Trust Deed), newcomers will participate in all accruals in the Trust as well as all unclaimed capital.

Irrespective of the way in which the Trust assets may be held or registered, the rights of the income beneficiary will only be vested in it at the disbursement of income and, as regards a capital beneficiary, at the dissolution of the Trust.

6. FIXED ASSETS INVOLVED

Details of the various properties are as follows:

NAME	STAND	STREET ADDRESS
1. Gideon Joubert Wool Testing Centre	1607 Summerstrand	8 Gomery Road, Summerstrand, Port Elizabeth
2. Merino Building	406 Pretoria	40 Pretorius Street, Pretoria
3. PE Office Building	837 North End	18 Grahamstown Road, North End, Port Elizabeth
4. Durban Warehouse	3680 Isipingo	Ernest Clokie Road, Prospecton, Durban
5. Cape Town Warehouse	109912 Paardeneiland	10 Neptune Street, Paardeneiland, Cape Town
6. East London Warehouse	503 Wilsonia	1 Durst Street, Wilsonia, East London
7. Port Elizabeth Warehouse	565 Swartkops	189 Old Grahamstown Road, Deal Party, Port Elizabeth

The Wool Board will transfer the property to the Trust at the adjusted book value. The amount is R61 541 000 (Sixty One Million Five Hundred and Forty One Thousand Rand).

7. TRANSFER COSTS OF FIXED ASSETS TO TRUST

The transfer costs of the properties to the Trust amount to R97 802,06

8. LEASE CONTRACTS

The lease contracts already concluded by the Board with tenants will be ceded to the Trust at a cost of approximately R2 000,00. This amount includes all existing lease agreements.

9. IMPACT ON BOARD PERSONNEL

The Board will transfer to the Trust the personnel at present involved with the discharge of asset-management functions.

B 1. AMENDMENT OF CLAUSE 34 OF THE WOOL SCHEME

Clause 34 of the Wool Scheme provides that, in the event of the termination of the scheme, the assets of the Board, after its debts had been settled, will be disbursed, in a manner approved by the Minister, among persons liable for the payment of a levy or special levy in terms of Clause 26, in proportion to the various amounts of such levies and special levies which were paid by them during the three years immediately preceding the date on which this scheme is terminated.

Any shortage at the termination of this scheme will be offset with contributions by persons liable for the payment of a levy or special levy at the same proportion as mentioned above.

The proposed amendment of Clause 34 will provide that at the termination of the scheme all assets of the Board will be transferred to a Trust through which the income generated by the assets will be utilised for the long-term benefit of the industry.

2. REASONS FOR AMENDING CLAUSE 34 OF THE SCHEME

2.1 The Wool Board abrogated the prohibition clause in 1993, as a result of which producers were free to dispose their wool in a free market to buyers of their own choice and at prices of their own choice. In consequence the Board no longer had direct control over levy statistics but only to the extent in which levies were paid over to the Board by businesses. In addition, special arrangements were made with the most important brokers for keeping up levy statistics. This has resulted in a possible lack of clarity at the disbursement of the assets at the time of the abolition of the scheme on a levy-paid basis.

2.2 Income derived from the assets is utilised for the benefit of the industry by means of partial funding of the following actions:

- Dynamic promotional programmes for South African wool, aimed at satisfying changing consumer needs;
- Market opportunities for South African wool and woollen products are exploited in co-operation with partners in the industry;
- An integrated information system is in operation which enable producers to produce and market wool in terms of market requirements;
- A balanced research and development programme is managed with the object of increasing the profitability of wool production and processing;
- All the assets and human resources of the Board are optimally developed and utilised; and
- Elevation of emergent and small-scale producers.

It is important, therefore, to protect and retain these assets in the long-term interests of the industry and to utilise the income for the achievement of these objectives.

2.3 At the establishment of the present Wool Board in terms of the Wool Scheme of 1972 the Board, over and above the assets already at its disposal, took over certain fixed assets of the then Wool Commission. It is thus clear that not all the assets at the disposal of the Board have been derived solely from levy income.

- 2.4 In some instances these assets have already been part of the industry for more than fifty-five years and there are persons who contributed and withdrew from farming who will not enjoy any benefit should the scheme be terminated.
- 2.5 Under the present free-market system merchants operate outside the traditional marketing set-up for wool. The merchants buy wool directly from farmers on their farms and supply the wool to local processors and/or export the wool directly. There is no method of physically controlling the volumes of wool handled by merchants and there is a strong possibility that merchants pay over levies in the expectation that they may then be entitled to lay a claim, under the present Clause 34, to the Board's assets should the Board be dissolved. Merchants, and not only producers, will be able to lay claims at disbursement.
- 2.6 The 20·80 principle also applies to the wool industry. This principle implies that a small number of producers may lay claim to the total assets, while the overwhelming majority of producers, and especially small-scale producers, will lose any long-term benefit that the industry's assets may hold for them.

Irrespective of the way in which the Trust assets may be held or registered, the rights of an income beneficiary will be vested in him only at the disbursement of the income and, in the case of a capital beneficiary, at the termination of the Trust.

C SUMMARY

By transferring the assets to an independent Trust they will be protected for the long-term benefit of the entire industry and the income will continue to be utilised to the benefit of all wool producers for specific objectives as outlined in the Trust Deed.

At the same time the Board's focus will be clarified in terms of the Wool Scheme, and a substantial administrative burden as well as personnel of the Board will be removed, especially where a statutory institution operates directly in a commercial leasing market.

VERDUIDELIKENDE NOTA'S

INLEIDING

Die Wolraad, ingestel kragtens Goewermentskennisgewing R1274 van 16 Julie 1993, is van voornemens om:

- a) die vaste bates geregistreer in die naam van die Raad oor te dra aan 'n Trust genaamd die "Woltrust", vir die bevordering van die oogmerke van die Trust soos in die aangehegte Akte uiteengesit; en
- b) Artikel 34 van die Wolskema te wysig, om daarvoor voorsiening te maak dat die Raad se bates by ontbinding van die Raad aan 'n trust, genaamd die "Woltrust", oorgedra sal word vir die bevordering van die oogmerke van die Woltrust.

A OORDRAG VAN BATES NA TRUST

AGTERGROND

1. INLEIDING

In 1993 het die Wolraad die verbodsbeplaling opgehef en verander die Raad se fokus vanaf bemarker van die Suid-Afrikaanse skeersel na 'n instansie wat toesien dat:

- Suid Afrikaanse wol wêreldwyd bevorder word;
- inligting in terme van mark-, ekonomiese- en produksie-inligting, aan alle rolspelers verskaf word; en
- bystand verleen word vir navorsing asook aan die Nasionale Wolkwekersvereniging van Suid-Afrika.

In terme van hierdie gewysigde fokus van die Raad, is die Raad se missie soos volg:

Die Wolraad, as internasionale bemarkingsorganisasie, is daarop ingestel om die vraag na Suid-Afrikaanse wol te bevorder tot die langtermyn voordeel van sy produsente en die land se ekonomiese welvaart.

Voortvloeiend uit hierdie missie van die Raad, is die Raad volgens sy besigheidsfokus daarop ingestel om deur middel van sy bemarkingsaktiwiteite aan verbruikers en gebruikers, internasionaal en plaaslik, 'n volhoubare vraag vir Suid-Afrikaanse wol teen 'n bepaalde pryspremie vergeleke met kompeteterende vesels te bou.

Om hierin te slaag sal die Raad

- dinamiese bevorderingsprogramme vir Suid-Afrikaanse wol, gemik op die bevrediging van veranderende verbruikersbehoeftes,loods;
- markgeleenthede vir Suid-Afrikaanse wol en wolprodukte in samewerking met bedryfsvennote ontgin;
- 'n geïntegreerde inligtingstelsel bedryf wat produsente in staat sal stel om markgerig wol te produseer en te bemark;
- 'n gebalanseerde navorsings- en ontwikkelingsprogram bestuur wat daarop gemik is om die winsgewendheid van wolproduksie en -verwerking te verhoog; en
- al sy bates en menslike hulpbronne optimaal ontwikkel en aanwend.

In die uitvoering van sy funksies, ter bereiking van bostaande doelwitte, sien die Wolraad homself as 'n belangrike verdiener van buitelandse valuta (R700 000 000,00 vir die 1995/96 seisoen) en ook as gevolg van die vleiskomponent van wolskaapboerdery, as 'n belangrike voedselverskaffer.

In soverre dit die bevordering van wol aanbetrif, voer die Raad beide plaaslik en internasionaal in samewerking met ander wolproduserende lande, deur middel van hul lidmaatskap aan die IWS, bevorderingsaksies wêreldwyd uit. Die Suid-Afrikaanse wolprodusent besef terdeë dat die suksesvolle bemarking van hul wolskeersel afhanklik is van verbruikersvraag. Die kern funksies hier is navorsing en ontwikkeling, tegnologie-oordrag, gehaltebeheer en verbruikersbevordering.

Die voorsiening van inligting aan die bedryf het nog meer noodsaklik geword na die opheffing van die verbodsbeplasing en die gevolglike vryemarkstelsel. Die Raad bestuur 'n mark-, ekonomiese-, statistiese- en produksie-inligtingsdiens waarvoor inligting ingesamel en gedissemineer word.

Navorsing word plaaslik in samewerking met die LNR en TEXTEK gedoen, terwyl daar vanweë die verbintenis met die IWS op verskeie vlakke op internasionale gebied navorsing gedoen word.

'n Jaarlikse toekenning word aan die NWKV van SA oorbetaal vir die verrigting van sy produsentgerigte funksies.

2. **BEDRYFSBATES**

Die gewysigde fokus van die Raad het daartoe bygedra dat 'n gedeelte van die reeds gevvestigde infrastruktur, naamlik die vaste bates van die Raad, in terme van funksionaliteit, nie suiwer meer vir die oorspronklike doel aangewend word nie.

Met die totstandkoming van die huidige Wolraad kragtens die Wolskema van 1972, het die Raad bo en behalwe die bates waарoor hy toe beskik het, sekere vaste bates vanaf die destydse Wolkommissie oorgeneem.

Hierdie eiendomme, wat hoofsaaklik uit pakhuse in die vier woluitvoerhawens bestaan het, was nodig ten einde die eenkanaal bemarkingskema sedert 1972 te kon bedryf.

Met die oorskakeling na die huidige skema, het die aanwending van die bates verander aangesien dit nie langer noodsaaklik was vir die regstreekse uitvoering van die skema nie. Gedurende 1993/94 is altesaam drie eiendomme verkoop as gedeeltelike bydrae tot die aflossing van die wolbedryf se skuldas.

Wat egter van kritiese belang vir die bedryf is, is dat die Raad ten tye van die opheffing van die verbodsbeplining onmiddellik daartoe oorgegaan het om die eiendom op 'n kommersiële basis te verhuur. Hierdie stap het direk daartoe aanleiding gegee dat die statutêre heffing wat produsente opgelê word, verlaag kon word vanweë die addisonele inkomste wat verhurings genereer en wat aangewend word ter gedeeltelike finansiering van die Raad se aktiwiteite.

3. TRUST

Produsente het herhaaldelik tydens die NWKV kongresse sedert 1993, aangedui dat die funksies soos hierbo uiteengesit, in belang van die bedryf uitgevoer moet word. Die Raad se huidige inkomstesamestelling is soos volg:

3% Heffing	-	58,2%
Rente-inkomste	-	9,6%
Huurinkomste	-	32,2%

Enersyds is dit dus duidelik dat die Raad in 'n groot mate van die huurinkomste afhanklik is om sy funksies uit te voer. Andersyds is dit ook waar dat die Raad se vaste bates nie meer funksioneel by die Raad se aktiwiteite inskakel nie.

Ten einde hierdie situasie bevredigend op te los, het die Raad aan die vier provinsiale kongresse van die NWKV voorgehou dat die vaste bates van die Raad na 'n Trust oorgedra word. Die produsente is steeds die kapitaal begunstigdes en die Wolraad (in geval van sy ontbinding 'n instansie wat die doelstellings van die Trust sal bevorder) is die inkomste begunstigdes.

Hierdie benadering is deur al vier die kongresse van die NWKV aanvaar.

Vervolgens die Kongresbesluite:

Kaapland

Besluit: Die Kongres beveel aan dat die bates van die wolbedryf op so 'n wyse beskerm word dat dit die wolboer se eiendom bly en herroep 'n besluit van die 1994 Nasionale Kongres van die NWKV dat die bates van die Raad nie vervreem moet word nie.

Die Kongres beveel ook aan dat mnr J.W. van den Heever op die Sentrale Dagbestuur gekoöpteer word om insette oor die Trust te maak.

Kwazulu Natal

Besluit: Kongres beveel aan dat die Wolraad bates na 'n Trust oordra en besluit om die volgende aan die Nasionale Kongres aan te beveel:

- 1 die voorstel dat 'n gedeelte van die Trust inkomste teruggeploeg word in die Trust, word aanbeveel.
- 2 dat die kapitaalbegunstigdes die wolbedryf sal wees en nie die individuele produsente wat oor die afgelope drie jaar bygedra het nie. Indien die Trust sou ontbind, die begunstigdes die produsente sal wees wat die 3 jaar voor ontbinding van die Trust, heffing betaal het.

Vrystaat

Besluit: Die Kongres versoek dat die bates van die wolprodusent wat in die Wolraad gesetel is met die verandering na 'n enkelstruktuur in die wolbedryf vir die produsent behoue sal bly.

Transvaal

Besluit: Die Trust word in beginsel aanvaar, maar daar word versoek dat die kapitaal begunstigdes met stigting van die Trust, die bedryf sal wees en nie individuele produsente nie. As dit nie haalbaar is nie, moet die produsente by die ontbinding van die Trust, die kapitaal begunstigdes wees.

4. TRUST DOELWIT

Die Trust het die volgende ten doel:

Om die besigheid van die Trust te bedryf om inkomste te genereer wat aangewend sal word deur die inkomste begunstigdes vir die bevordering van die Suid-Afrikaanse wolbedryf deur die finansiering van:

- aktiwiteite ter bevordering of stimulering van die vraag na Suid-Afrikaanse wol; en/of
- navorsingswerk met betrekking tot die verbetering, produksie, vervaardiging, verwerking, opbergung of bemarking van wol; en/of
- inligting en adviesdienste aangaande produksie en bemarkingstoestande aan produsente en die wolbedryf in die algemeen; en/of
- opleiding en inligting aan wolboere en nuwe toetreders tot wolproduksie

5. TRUST BEGUNSTIGDES

Die Trust het beide kapitaal- en inkomste begunstigdes. Vanweë die historiese verloop met die verkryging van die bates, is dit uiter moeilik om individuele "regte" van produsente te bepaal. Gevolglik word die kapitaal begunstigdes in twee klasse verdeel, soos in paragraaf 7 van die voorgestelde Trustakte omskryf. In wese kom dit daarop neer dat huidige produsente (soos in artikel 34 van die Wolskema omskryf) vruggebruik op hulle bates aan die bedryf skenk tot voordeel van alle produsente en nuwe toetreders. By ontbinding van die Trust (paragraaf 22 van die voorgestelde Trustakte) sal nuwe toetreders deel in alle aanwas in die Trust asook alle onopgeëiste kapitaal.

Ongeag die wyse waarop die Trustbates gehou of geregistreer mag word, sal die regte van 'n inkomste begunstigde slegs in hom gevestig word by die verdeling van inkomste en wat betref 'n kapitaal begunstigde, by beëindiging van die Trust.

6. VASTE BATES TER SPRAKE

Besonderhede van die onderskeie eiendomme is soos volg:

NAAM	ERF	STRAATADRES

7. OORDRAGSKOSTES VAN VASTE BATES NA TRUST

Die oordragskostes van die eiendomme na die Trust beloop R97 802,06.

8. VERHURINGSKONTRAKTE

Die huurkontrakte wat reeds deur die Raad met huurders gesluit is, sal gesedeer word aan die Trust teen 'n koste van ongeveer R2 000,00. Hierdie bedrag sluit alle bestaande huurooreenkoms in

9. IMPAK OP RAADSPERSONEEL

Die Raad sal die personeel wat tans betrokke is by die verrigting van batebestuursfunksies aan die Trust oordra.

B 1. WYSIGING VAN ARTIKEL 34 VAN DIE WOLSKEMA

Artikel 34 van die Wolskema bepaal tans dat ingeval die skema opgehef word die bates van die Raad, nadat sy skulde vereffen is, op 'n wyse wat die Minister goedkeur verdeel word tussen persone deur wie 'n heffing en spesiale heffing kragtens Artikel 26 betaalbaar is, in verhouding tot die onderskeie bedrae van sodanige heffings en spesiale heffings wat gedurende die drie jaar onmiddellik voor die datum waarop hierdie skema opgehef is, deur hulle betaal is.

Enige tekort wat by die opheffing van hierdie skema bestaan, word goedgemaak deur bydraes deur persone deur wie 'n heffing en spesiale heffing betaalbaar is tot dieselfde verhouding as hierbo genoem.

Die voorgestelde wysiging van Artikel 34 sal bepaal dat by opheffing van die skema, alle bates van die Raad na 'n Trust oorgeplaas sal word waar die inkomste wat genereer word uit die bates tot voordeel van die bedryf op die langtermyn, aangewend sal word.

2. REDES VIR WYSIGING VAN ARTIKEL 34 VAN DIE SKEMA

2.1 Die Wolraad het in 1993 die verbodsbeplasing opgehef wat tot gevolg gehad het dat produsente in 'n vrye mark aan kopers van hul eie keuse en pryse van hul eie keuse wol kan verhandel. Dit het tot gevolg dat die Raad nie meer direkte beheer oor heffing statistiek het nie maar slegs tot dié mate wat heffings deur die instansies aan die Raad oorbetaal word. Verder word spesiale reëlings met die grootste makelaars getref om heffing statistiek by te hou. Dit het tot gevolg dat daar moontlik onduidelikheid kan wees met die verdeling van die bates ten tye van die ophef van die skema op 'n heffing betaal basis.

2.2 Inkomste wat verkry word uit die bates, word tot voordeel van die bedryf aangewend deurdat die volgende aksies gedeeltelik daardeur befonds word:

- Dinamiese bevorderingsprogramme vir Suid-Afrikaanse wol, gemik op die bevrediging van veranderde gebruikersbehoefte;
- Markgeleenhede vir Suid-Afrikaanse wol en wolprodukte word in samewerking met bedryfsvennote ontgin;
- 'n Geïntegreerde inligtingstelsel word bedryf wat produsente in staat stel om markgerig wol te produseer en te bemark;
- 'n Gabalanseerde navorsing- en ontwikkelingsprogram word bestuur wat daarop gemik is om die winsgewendheid van wolproduksie en bewerking te verhoog; en
- Al die bates en menslike hulpbronne van die Raad word optimaal ontwikkel en aangewend;
- Opheffing van opkomende- en kleinmaatprodusente.

Dit is dus belangrik dat in belang van die bedryf hierdie bates oor die langtermyn beskerm en behou word en die inkomste vir die bereiking van dié doelwitte aangewend word.

2.3 Met die totstandkoming van die huidige Wolraad kragtens die Wolskema van 1972 het die Raad bo en behalwe die bates waарoor hy toe beskik het, sekere vaste bates van die destydse Wolkommissie oorgeneem. Dit is dus duidelik dat al die bates waарoor die Raad beskik nie suiwer uit heffingsinkomste bekom is nie

- 2.4 In sommige gevalle is hierdie bates reeds meer as vyf-en-vyftig jaar deel van die bedryf en het daar persone bygedra en onttrek uit boerdery wat nie in die voordeel sal deel indien die skema opgehef word nie
- 2.5 Onder die huidige vryemarkstelsel opereer handelaars buite die tradisionele bemarkingsopset vir wol. Die handelaars koop wol direk van boere op plase en verskaf dit aan plaaslike verwerkers en/of voer die wol direk uit. Daar is geen metode om die volumes wol wat deur die handelaars hanteer word fisies te kontroleer nie en bestaan daar 'n sterk moontlikheid dat handelaars heffings oorbetaal met die verwagting dat indien die Raad sou ontbind, hulle dan onder die huidige Artikel 34 op die Raad se bates aanspraak kan maak. Handelaars en nie slegs produsente sal op uitbetaling kan aanspraak maak
- 2.6 Die 20:80 beginsel geld ook in die wolbedryf. Hierdie beginsel impliseer dat 'n klein gedeelte van die produsente op die totale bates kan aanspraak maak terwyl die groot meerderheid van produsente en veral kleiner maat produsente enige voordeel wat die bedryf se bates oor die langtermyn vir hulle kan inhoud, verloor

Ongeag die wyse waarop die trustbates gehou of geregistreer mag word, sal die regte van 'n inkomste begunstigde slegs in hom gevestig word by die verdeling van die inkomste en wat betref 'n kapitaalbegunstigde, by beëindiging van die Trust

C SAMEVATTING

Deur die bates oor te dra na 'n onafhanklike Trust, word dit tot voordeel van die totale bedryf oor die lang termyn beskerm en word die opbrengs steeds tot voordeel van alle wolprodusente aangewend vir spesifieke doelstellings soos in die Trustakte omskryf.

Terselfdertyd, word die Wolraad se fokus in terme van die Wolskema gesuiwer en word 'n aansienlike administratiewe las en personeel van die Raad weggeneem, veral waar 'n statutêre instelling regstreeks in die kommersiële verhuringsmark optree.

No. R. 780**7 May 1996****MARKETING ACT, 1968 (ACT NO. 59 OF 1968)****COMMENTS INVITED BY THE NATIONAL MARKETING COUNCIL REGARDING THE TRANSFER OF CERTAIN ASSETS OF THE WOOL BOARD TO A TRUST TO BE FORMED**

The Wool Board resolved to amend section 34 of the Wool Scheme which provides for the disposal of assets in case of the Wool Scheme's abolition. This proposed amendment is published for information and comment by Notice No. R. 779. Furthermore, the Wool Board has resolved to obtain the Minister's approval to transfer fixed assets amounting to R61,5 million to a trust to be formed as herewith published, prior to the said proposed amendment.

The Wool Board is of the opinion that such a step will ensure that these assets will be retained for the benefit of the whole industry over the long term as stated in the deed of the Trust. Accordingly, the Wool Board will no longer operate on the commercial property market.

The main purpose of the trust is to generate income to be used by the Wool Board, or in the case of the abolishment of the Wool Scheme, by a corporate body, for the benefit of the South African wool industry through the financing of—

- ▶ activities to promote or stimulate the demand for South African wool; and/or
- ▶ research in connection with the improvement, production, manufacturing, processing, storing or marketing of wool; and/or
- ▶ information and advisory services in connection with production and marketing to producers and the wool industry, and/or
- ▶ training of wool farmers including new entrants.

The National Marketing Council, which in terms of the Marketing Act advises the Minister, is of the opinion that it is necessary to obtain comments from interested parties regarding the Wool Board's decision to form a trust and to transfer the fixed assets of the Board to the said Trust.

Comments from interested parties should be submitted in writing to the National Marketing Council, Private Bag X250, Pretoria, 0001 or Fax (012) 323-8435, within four weeks from the date of the publication of this Notice.

No. R. 780**7 Mei 1996****BEMARKINGSWET, 1968 (WET NO. 59 VAN 1968)****INWIN VAN KOMMENTAAR DEUR DIE NASIONALE BEMARKINGSRAAD MET BETREKKING TOT DIE OORPLASING VAN SEKERE VAN DIE WOLRAAD SE BATES NA 'N TE STIGTE TRUST**

Die Wolraad het besluit om artikel 34, die opheffingsklousule van die Wolskema te wysig ten opsigte waarvan Kennisgewing No. R. 779 ter inligting en vir die inwin van kommentaar gepubliseer is. Voorts, het die Wolraad besluit om nou reeds, voordat artikel 34 van die Wolskema gewysig staan te word, die Minister se goedkeuring te versoek dat vaste bates ter waarde van R61,5 miljoen in 'n te stigte trust te plaas soos hierby gepubliseer.

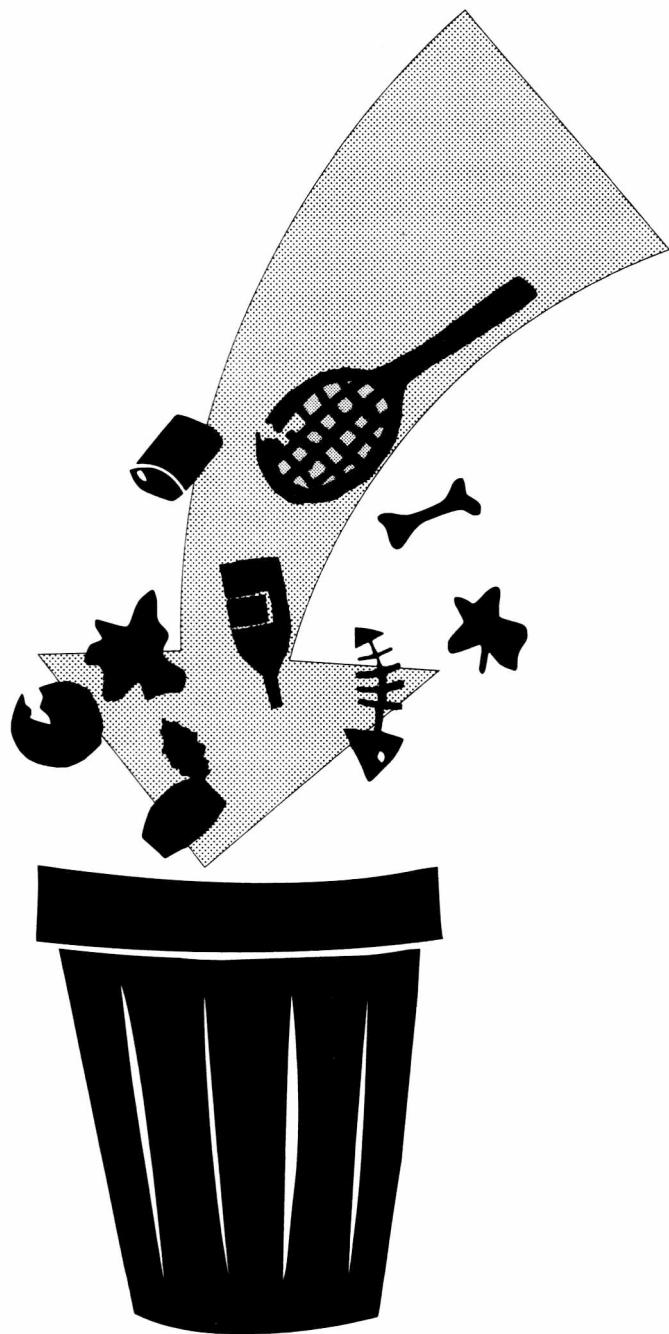

Die Wolraad voer aan dat so 'n stap bepaalde voordele sal inhou wat onder andere insluit dat die vaste bates tot voordeel van die totale bedryf oor die lang termyn beskerm word en word die opbrengs steeds tot voordeel van alle wolprodusente aangewend vir spesifieke doelstellings soos in die trustakte omskryf. Terselfdetyd word die Wolraad se funkseis in terme van die Wolskema gesuiwer deurdat die Wolraad, as 'n statutêre instelling dan nie meer, wat eiendomme betref, in die kommersiële mark sal optree nie. Die hoofdoelwit van die trust sal wees om die besigheid van die trust te bedryf om inkomste te genereer wat deur die Wolraad, of by die opheffing van die Wolskema, 'n regspersoon of regspersone (die inkomste begunstigdes), aangewend sal word vir die bevordering van die Suid-Afrikaanse wolbedryf deur die finansiering van—

- ▶ aktiwiteite ter bevordering of stimulering van die vraag na Suid-Afrikaanse wol; en/of
- ▶ navorsingswerk met betrekking tot die verbetering, produksie, vervaardiging, verwerking, opbergung of bemarking van wol; en/of
- ▶ inligtings- en adviesdienste aangaande produksie en bemarkingstoestande aan produsente en die wolbedryf in die algemeen; en/of
- ▶ opleiding en inligting aan wolboere en nuwe toetreders tot wolproduksie.

Die Nasionale Bemarkeingsraad, wat ingevolge die Bemarkeingswet die Minister aangaande dergelike besluite adviseer alvorens die Minister daaroor besluit, ag dit nodig om kommentaar oor die Wolraad se besluit om 'n trust te stig waarheen die vaste bates oorgedra staan te word, van belanghebbende partye in te win ten einde volledig aan die Minister verslag te kan doen.

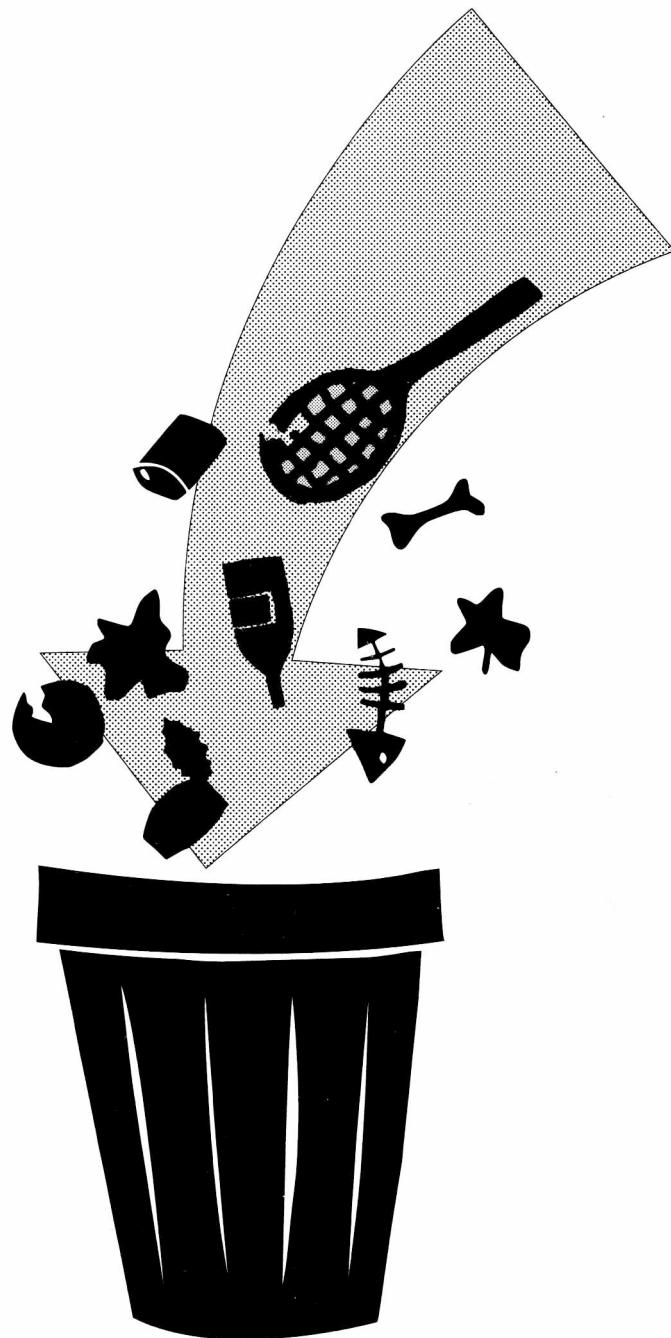

Alle belanghebbende partye word hierby uitgenooi om kommentaar, binne vier weke vanaf die datum van hierdie kennisgewing, oor die Wolraad se besluit om 'n trust te stig waarna vaste bates van R61,5 miljoen oorgedra staan te word, skriftelik by die Nasionale Bemarkeingsraad, Privaatsak X250, Pretoria, 0001, in te dien of te faks na (012) 323-8435. Die trustakte hier ter sprake, is inhoudelik dieselfde as in die Bylae soos in Kennisgewing No. R. 779 vervat.
