- 3. The Cooperation Council may decide on a different schedule.

- In the selection of measures, priority must be given to those which least disturb the functioning of this Agreement and they shall be limited to the extent necessary to prevent or remedy serious injury and to facilitate adjustment.
- 4. The safeguard measures shall be notified immediately to the Cooperation Council and shall be the subject of periodic consultations within that body, particularly with a view to establishing a timetable for their abolition as soon as circumstances permit.
- 5. For the implementation of the previous paragraphs the following provisions shall apply.

If the Cooperation Council or the exporting Party has not taken a decision putting an end to the difficulties or no other

satisfactory solution has been reached within 30 days of the matter being so referred, the importing Party may adopt appropriate measures to remedy the problem. Such measures should be taken for a period not exceeding three years and shall contain elements which would degressively lead to their elimination at the end of the set period, at the latest.

(b) Where exceptional circumstances requiring immediate action make prior information or examination, as the case may be, impossible, the Community or South Africa, whichever is concerned, may, in the situations specified in Article 24, apply forthwith the precautionary measures necessary to deal with the situation and shall inform the other Party immediately thereof.

Article 27

Exceptions

Introduction

The Community and the Republic of South Africa agree that any increase of the applied most favoured nation (MFN) tariff or any other trade restrictive or distorting measures taken after 1 July 1996 will be eliminated vis-à-vis the other side at the latest the day of entry into force of the Agreement.

At the request of the South African side and bearing in mind the particular nature of the Republic of South Africa's economic transformation and the specific stage of adaptation of its tariff system within the framework of its WTO obligations, the Community has agreed to consider, on an exceptional basis, specific requests for derogations to rollback.

As a result of this process, both sides agree that for the purpose of implementation of Article 7 of this Agreement, the tariff levels listed below will replace the tariffs effectively applied as of 1 July 1996 as the standstill reference for the products mentioned in this Annex.

EXCHANGE OF LETTERS IN RELATION TO THE WINES AND SPIRITS AGREEMENT BETWEEN THE EUROPEAN COMMUNITY AND THE REPUBLIC OF SOUTH AFRICA

A. Letter from the Community

Sir,

I refer to the Agreement on Trade, Development and Cooperation signed today and confirm our agreement with the elements of a commitment between the European Community and the Republic of South Africa on port and sherry that you attached to this letter.

The commitments between the European Community and the Republic of South Africa on port and sherry will be worked out in further detail in the context of a Wines and Spirits Agreement which will be concluded as soon as possible and no later than September 1999.

I would be obliged if you could confirm the agreement of the Republic of South Africa with the content of this letter and its attachment.

Please accept, Sir, the assurance of my highest consideration.

On behalf of the European Community

Attachment

- The Republic of South Africa reconfirms that the names 'port' and 'sherry' are not and will not be used for its
 exports to the European Community.
- The Republic of South Africa will phase out the use of the 'port' and 'sherry' names on all export markets within 5 years, except in the case on non-SACU SADC countries, where an 8 year phase-out period would apply.
- For the purpose of the Wines and Spirits Agreement, the South African domestic market is defined to cover SACU (South Africa, Botswana, Lesotho, Namibia and Swaziland).
- 4. South African products may be marketed as 'port' and 'sherry' on the South African domestic market during a 12 year transitional period. Beyond that period the new denominations of these products which shall be used on the South African domestic market will be jointly agreed between the Republic of South Africa and the European Community.
- From entry into force of the Agreement, the European Community will provide a duty free quota for wines covering the current level of trade of 32 million litres of South African exports to the European Community, with allowance for the future growth of this quota.
- 6. As an additional effort to the main objectives agreed for the development programme for the Republic of South Africa to be funded by the European Community, the European Community will provide assistance of EUR 15 million for the restructuring of the South African wines and spirits sector and for the marketing and distribution of South African wines and spirits products. Such assistance will commence at the entry into force of the Wines and Spirits Agreement.
- A Wines and Spirits Agreement between South Africa and the European Community will be concluded as soon as
 possible and no later than in September 1999, in order to ensure that the entry into force of the Wines and Spirits
 Agreement will take place before or in January 2000.

Joint Declaration on Annex II to the Protocol on rules of origin

Both Parties agree with the processing requirements contained in Annex II, subject to a limited number of amendments requested by South Africa which both Parties undertake to address before the entry into force of the Agreement.

Joint Declaration concerning the Protocol on rules of origin

For the implementation of Article 37 of this Protocol, the Commission is prepared to examine any request from South Africa for derogations from the rules of origin after the signature of the Agreement.

Joint Declaration concerning the Republic of San Marino

- 1. Products originating in the Republic of San Marino shall be accepted by South Africa as originating in the Community within the meaning of this Agreement.
- 2. Protocol 1 shall apply mutatis mutandis for the purpose of defining the originating status of the abovementioned products.

Joint Declaration concerning the Principality of Andorra

- Products originating in the Principality of Andorra falling within Chapters 25 to 97 of the Harmonised System shall be accepted by South Africa as originating in the Community within the meaning of this Agreement.

Commission declaration on cumulation with South Africa under the fourth ACP-EC Convention

On the basis of the cumulation provisions included in the Protocol concerning the definition of the concept of 'originating products' and methods of administrative cooperation of the Agreement on Trade, Development and Cooperation between the European Community and its Member States, of the one part, and the Republic of South Africa, of the other part, the European Commission will propose adequate provisions to the Member States of the European Union and to the ACP States under Article 34 of Protocol No 1 of the Fourth ACP-EC Convention concerning cumulation with South African materials and goods.

Assistance in customs matters, as provided for in this Protocol, shall apply to any administrative authority of the Contracting Parties which is competent for the application of this Protocol. Requests for delivery of documents or notification of decisions shall be made in writing in an official language of the requested authority or in a language acceptable to that authority.

Article 6

Form and substance of requests for assistance

 Requests pursuant to this Protocol shall be made in writing. They shall be accompanied by the documents necessary to enable compliance with the request. When required because of the urgency of the situation, oral requests may be accepted, but must be confirmed in writing immediately.

- 4. If a request does not meet the formal requirements set out above, its correction or completion may be requested; in the mean time precautionary measures may be ordered.

Article 7

Execution of requests

- 1. In order to comply with a request for assistance, the requested authority shall proceed, within the limits of its competence and available resources, as though it were acting on its own account or at the request of other authorities of that same Contracting Party, by supplying information already possessed, by carrying out appropriate enquiries or by arranging for them to be carried out. This provision shall also apply to any other authority to which the request has been addressed by the requested authority when the latter cannot act on its own.
- Requests for assistance shall be executed in accordance with the legal or regulatory provisions of the requested Contracting Party.
- 3. Duly authorised officials of a Contracting Party may, with the agreement of the other Contracting Party involved and subject to the conditions laid down by the latter, be present to obtain in the offices of the requested authority or any other concerned authority in accordance with paragraph 1, information relating to activities that are or may be operations in breach of customs legislation which the applicant authority needs for the purposes of this Protocol.

- The requested authority shall communicate results of enquiries to the applicant authority in writing together with relevant documents, certified copies or other items.
- 2. This information may be in computerised form.
- Original documents shall be transmitted only on request in cases where certified copies would be insufficient. These originals shall be returned at the earliest opportunity.

Article 9

Exceptions to the obligation to provide assistance

- Assistance may be refused or may be subject to the satisfaction of certain conditions or requirements, in cases where a Party is of the opinion that assistance under this Protocol would:
- (a) be likely to prejudice the sovereignty of South Africa or that of a Member State which has been requested to provide assistance under this Protocol; or
- (b) be likely to prejudice public policy, security or other essential interests, in particular in the cases referred to under Article 10(2); or
- (c) violate an industrial, commercial or professional secret.
- 2. Assistance may be postponed by the requested authority on the ground that it will interfere with an ongoing investigation, prosecution or proceeding. In such a case, the

- 3. Where the applicant authority seeks assistance which it would itself be unable to provide if so requested, it shall draw attention to that fact in its request. It shall then be for the requested authority to decide how to respond to such a request.
- For the cases referred to in paragraphs 1 and 2, the decision of the requested authority and the reasons therefor must be communicated to the applicant authority without delay.

Article 10

Information exchange and confidentiality

- 1. Any information communicated in whatsoever form pursuant to this Protocol shall be of a confidential or restricted nature, depending on the rules applicable by each of the Contracting Parties. It shall be covered by the obligation of official secrecy and shall enjoy the protection extended to similar information under the relevant laws of the Contracting Party that received it and the corresponding provisions applying to the Community authorities.
- 2. Personal data may be exchanged only where the Contracting Party which may receive them undertakes to protect such data in at least an equivalent way to the one applicable to that particular case in the Contracting Party that may supply them. To that end, Contracting Parties shall communicate to each other information on their applicable rules, including, where appropriate, legal provisions in force in the Member States of the Community.
- 3. The use, in judicial or administrative proceedings instituted in respect of operations in breach of customs legislation, of information obtained under this Protocol, is considered to be for the purposes of this Protocol. Therefore, the Contracting Parties may, in their records of evidence, reports and testimonies and in proceedings and charges brought before the courts, use as evidence information obtained and documents consulted in accordance with the provisions of this Protocol. The competent authority which supplied that information or gave access to those documents shall be notified of such use.
- 4. Information obtained shall be used solely for the purposes of this Protocol. Where one of the Contracting Parties wishes to use such information for other purposes, it shall obtain the prior written consent of the authority which provided the information. Such use shall then be subject to any restrictions laid down by that authority.

Article 11

Experts and witnesses

An official of a requested authority may be authorised to appear, within the limitations of the authorisation granted, as an expert or witness in judicial or administrative proceedings regarding the matters covered by this Protocol, and produce such objects, documents or certified copies thereof, as may be needed for the proceedings. The request for appearance must indicate specifically before which judicial or administrative authority the official will have to appear, on what matters and by virtue of what title or qualification the official will be questioned.

Article 12

Assistance expenses

The Contracting Parties shall waive all claims on each other for the reimbursement of expenses incurred pursuant to this Protocol, except, as appropriate, for expenses to experts and witnesses, and those to interpreters and translators who are not public service employees.

Article 13

Implementation

1. The implementation of this Protocol shall be entrusted on the one hand to the customs authorities of South Africa and on the other hand to the competent services of the Commission of the European Communities and the customs authorities of the Member States as appropriate. They may recommend to the competent bodies amendments which they consider should be made to this Protocol.

2. The Contracting Parties shall consult each other and subsequently keep each other informed of the detailed rules of implementation which are adopted in accordance with the provisions of this Protocol.

Article 14

Other agreements

- Taking into account the respective competencies of the European Community and the Member States, the provisions of this Protocol shall:
- not affect the obligations of the Contracting Parties under any other international agreement or convention,
- be deemed complementary to agreements on mutual assistance which have been or may be concluded between individual Member States and South Africa,
- not affect the Community provisions governing the communication between the competent services of the Commission of the European Communities and the customs authorities of the Member States of any information obtained under this Protocol which could be of interest to the Community.
- 2. Notwithstanding the provisions of paragraph 1, the provisions of this Protocol shall take precedence over the provisions of any bilateral agreement on mutual assistance which has been or may be concluded between individual Member States and South Africa in so far as the provisions of the latter are incompatible with those of this Protocol.
- 3. In respect of questions relating to the applicability of this Protocol, the Contracting Parties shall consult each other to resolve the matter in the framework of the Cooperation Council set up under Article 97 of this Agreement.

Joint Declaration in relation to non-execution

The Parties agree that the violation of the essential elements of the agreement referred to at Article 3(3) of this Agreement shall only consist of a grave violation of democratic principles or fundamental human rights or the serious interruption of the rule of law, creating an environment not conducive for consultations or where a delay would be detrimental to the objectives or interests of the Parties to this Agreement.

The Parties also agree that the appropriate measures referred to at Article 3(1), (3) and (5) of this Agreement must be proportional to the violation. In the selection and implementation of these measures, the Parties will pay particular attention to the circumstances of the most vulnerable groups of the population and will ensure that they are not unduly penalised.

Joint Declaration in relation to export refunds

- 1. In drawing up the trade components of the Agreement, the Parties have examined on a case-by-case basis, the potential impact of export refund mechanisms on the process of trade liberalisation.
- The Community states for its part that further examination of the future export refunds in connection with trade with South Africa will take place when the present discussions on agricultural reform have been completed.

Joint Declaration in relation to accelerated tariff elimination by South Africa

The Parties agree to anticipate the application of the procedures provided in Article 17 of this Agreement during the interim period before the entry into force of the Agreement in order to allow the possible application of an accelerated timetable for tariff elimination and elimination of export refunds on the date of entry into force of the Agreement.

Joint Declaration on agricultural quotas

- The annual growth factors set out in Annex IV, list 6 and Annex VI, lists 3 and 4 of this Agreement
 will be periodically examined and reconfirmed starting no later than five years after entry into force of
 the Agreement.
- 2. Concerning in particular prepared fruits (peaches, pears and apricots), South Africa agrees to manage its exports to the Community in a balanced way.

Joint Declaration in relation to public aid

The Parties agree that the South African economy and its interaction with the economies in the Southern African Development Community are undergoing a substantial restructuring that will be facilitated by the Government of South Africa.

Joint Declaration in relation to fisheries

The Parties will make their best endeavours to negotiate and conclude the Fisheries Agreement referred to in Article 62 of this Agreement no later than the end of the year 2000.

Joint Declaration in relation to bilateral agreements

Notwithstanding any implication to the contrary in this Agreement, any such rights of one or more Member States of the European Union contained in such existing agreements shall not be construed to have been extended to the other Member States.

Joint Declaration in relation to illegal immigration

The Parties, recognising the importance of cooperating together for the prevention and control of illegal immigration, declare their readiness to pursue these issues in exchanges within the framework of the Cooperation Council with a view to seeking solutions to problems which might arise in this sector.

Community declaration in relation to the essential element

In the context of a political and institutional environment respectful of human rights, democratic principles and the rule of law, the Community considers good governance as meaning the transparent and accountable management of all a country's human, natural, and internal and external economic and financial resources for the purposes of equitable and sustainable development.

Community declaration in relation to financial aspects of cooperation

In the past a special financial facility was established as the European programme for reconstruction and development (EPRD), under Council Regulation (EC) No 2259/96. The Community earmarked about ECU 500 million for this facility over the period 1996 to 1999 in support of the policies of the Government of South Africa and agreements were signed on this basis. This amount covers four annual appropriations, which are subject to approval by the Community budget authority. The Community declares its willingness to maintain its financial cooperation with South Africa at a substantial level, and will take the necessary decisions in this respect on the basis of a proposal by the Commission.

Other appropriate financial instruments (e.g. in the framework of the EC/ACP Cooperation Agreement) could be made available after this Agreement has entered into force. In this context, the Community would be willing to consider the possibility of channelling part of its future assistance, in a targeted manner (e.g. emerging entrepreneurs), in the form of risk capital or of interest rates subsidies on European Investment Bank (EIB) own-resources lending.

Declaration by the European Investment Bank (EIB) in relation to financial aspects of cooperation

As set out in the Framework Agreement signed between South Africa and the EIB on 12 September 1995, the EIB was authorised by its Board of Governors on 19 June 1995 to make loans up to a total of ECU 300 million on the Bank's own resources in South Africa over the two-year period from 19 June 1995 to 19 June 1997. Under a second authorisation by the Bank's Board of Governors on 12 June 1997 and a supplementary Framework Agreement signed between South Africa and the EIB on 6 March 1998, a further ECU 375 million has been authorised for the period June 1997 to December 1999.

The Article refers to the possible extension of these activities of the Bank at the end of this period.

Within its mandate, the EIB would be willing to consider loans to South African borrowers for projects in South Africa, and, on a case by case basis, for projects in the SADC region.

Declaration by South Africa in relation to the essential element

Good governance is understood on the South African side as compliance with the South African Constitution (Act 108 of 1996), in particular the provisions related to the transparent, equitable and accountable management of her human, natural, economic and financial resources for the purpose of economic growth and sustainable development.

Declaration by South Africa in relation to sanitary and phytosanitary measures

The South African Government wishes to stress that the smooth and efficient functioning of the mechanism for the implementation of sanitary and phytosanitary measures is vital for the successful and effective implementation of this Agreement. In this regard, South Africa urges the Community to treat South Africa, as preferred trade partner, as a priority country in its sanitary and phytosanitary dealings.

Declaration by South Africa in relation to financial aspects of cooperation

The South African Government anticipates that the present level of financial cooperation with respect to funding beyond 1999 shall be at least maintained at the same levels.
