G.15. (S.93). Candidate's Work during the Year.

When it must be decided whether a candidate is to pass in the University Examination in one or other subject entitling him to a degree, the Senate is empowered to take into account the report of the lecturer or lecturers in such subject on the candidate's work during the year.

A candidate who fails in a specified examination, is required to repeat the course or courses which are completed by the examination, unless the faculty decides, on the recommendation of the internal examiner, to grant him exemption from the attendance of one or more specified courses.

G.16. (S.95). Admission to Work of Second or any Subsequent Year.

No candidate for the Bachelor's Degree is permitted to continue the work of the second or any subsequent year in a subject selected by him, unless he shall, in the opinion of the Senate, have attained a satisfactory standard of proficiency in his previous work in that subject.

G.17.

A student shall fulfil the requirements of the Faculty in which he desires to graduate before being admitted to the second or subsequent year of study.

G.18. Supplementary Examinations:

Candidates who have failed in any subject, may, on the recommendation of the Faculty concerned and with the approval of the Senate, be admitted to a supplementary examination.

Supplementary examinations may be held early in the first semester; candidates who desire to avail themselves of this examination shall pay double the ordinary examination fees where such fees are paid per examination per subject, or £2 per examination per subject where the examination fees are reckoned as a whole. In the Faculty of Agriculture no supplementary examinations will be held except in the case of students in their final year in connection with courses terminating in June, before the results of the examinations held at the end of the year are available.

G.18. (a). Cases of Illness and other Special Cases of Absence from Examinations.

A candidate who on account of illness is unable to sit for an examination, may, on presenting an appropriate medical certificate, be permitted to take a written or oral examination at a later date, at the discretion of the Senate, in the subject or subjects concerned. The same permission will apply in the case of candidates who are through unavoidable circumstances prevented from sitting for an examination, on condition that they shall, before or during the examination, have obtained leave of absence from the examination from the Dean concerned and from the Chairman of the Senate.

In special cases the Senate may cause examinations to be conducted at any time in the event of illness and in exceptional circumstances as mentioned above. The examination fees paid by the candidate for the ordinary examination are placed to such candidate's credit to cover the cost of a possible examination specially conducted on account of illness or other unforeseen circumstances, but the candidate will be required to pay a further amount of ten shillings per question paper or oral examination, with a maximum of an additional two pounds for the supplementary examination as a whole.

Bachelors' Examinations:**G.19.**

Every candidate shall satisfy the examiners at the University examinations.

Successful candidates will be classified on the results of the examinations as follows:—

„Passed with distinction“, indicated by the letter „A“.

„Passed“, indicated by the letter „B“.

G.20.

In determining whether a candidate has „passed“ or „passed with distinction“ in a particular subject at the University Examination, the examination marks as well as the marks for the year will be taken into account.

G.21.

The minimum required for a „pass“ or a „pass with distinction“ is determined at every University Examination by the faculty concerned.

G.22.

A Bachelor's Degree „with distinction“ is conferred on candidates who have fulfilled the requirements of the faculties concerned.

G.23. (S.89). Conferring of Degrees.

No person is entitled to any of the privileges conferred by the degree, until he shall have been admitted to the degree at a Congregation. A Congregation will be held in December and at any other times as may be determined by the Council.

* The South African Medical Council has decided not to register candidates as medical students, unless they shall have passed in Mathematics in the Matriculation Examination before admission to the first year of the course.

Ag.3.

Die totale aantal punte in elke kursus behalwe kursusse in vakke van 'n ander fakulteit, waar die regulasies van daardie Fakulteit sal geld, word gebaseer op die Universiteitsklausenes en die jaarwerk in daardie kursus, in die verhouding van 50 tot 50 respektieflik.

Ag.4.

(a) In eerste- en tweedejaarsvakke:—'n Totaal van 40 persent met 'n minimum van 33½ persent by die Universiteitsklausenes.

(b) In derde- en vierdejaarsvakke:—'n Totaal van 50 persent in elke hoofvak, met 'n minimum van 40 persent by die Universiteitsklausenes en vir al die ander vakke dieselfde vereistes soos onder (a) vermeld.

(ii) Aan kandidate wat 'n gemiddelde persentasie van 66 persent behaal in alle derde- en vierdejaarsvakke sal die graad „met lof“ toegeken word, mits nie minder as 55 persent in enige van die hoofvakke behaal is nie.

Ag.5.

Die volgende is die studievakke vir die Eerstejaar-B.Sc.(Agric.) graad:

| | Krediete. |
|--------------|-----------|
| Plantkunde I | 10 |
| Chemie I | 10 |

| Agronomie I | 5 |
| Veeteelt I | 5 |
| | 40 |

N.B.—Een voorlesing per week in een of ander vak gedurende die halfjaar, of anders een praktikum van drie uur per week gedurende die halfjaar, kry die waarde van één „krediet.“

Ag.6.

In elkeen van die bovenoemde vakke sal 'n Universiteitsklausene afgeneem word en voordat 'n kandidaat tot die tweedejaarsleergang toegelaat word, moet hy minstens 'n totaal van 30 krediete behaal. Kandidate wat nie die minimum van 30 krediete binne een akademiese jaar behaal het nie, moet die hele eerstejaarsleergang oorneem.

Ag.7.

Kandidate wat eerstejaarskursusse in minstens drie van die volgende vakke:—Plantkunde, Chemie, Fisika en Dierkunde, (soos vir die B.Sc.-graad in Wis- en Natuurkunde) binne een akademiese jaar afgelê het, sal tot die tweedejaarsleergang in Landbou toegelaat word.

Ag.8.

Die volgende is die studievakke vir die Tweedejaar-B.Sc.(Agric.)-graad:

| Eerste Semester. | Tweede Semester. | Krediete. |

Ag.10.

Kandidate wat reeds in die kursusse Fisika I, Engels I of Afrikaans I geslaag het, sal geregtig wees op vrystelling van hierdie kursusse in die tweede jaar.

Ag.11.

Universiteitsklausenes word gehou in al die vakke van die tweede jaar en kandidate word toegelaat tot die derdejaarsleergang mits hulle (a) minstens 30 krediete behaal het in die vakke van die tweede jaar en (b) nie meer as 10 krediete vir die eerste en tweede jaar tesame kortkom nie. Tensy 'n kandidaat minstens 24 krediete in die vakke van die tweede jaar in een akademiese jaar behaal het, moet hy die hele tweedejaarsleergang herhaal.

Ag.12. Derdejaar vir die B.Sc. (Agric.)-graad.

'n Kandidaat moet een van die volgende keuses, wat hy vir die res van sy leergang moet volg, neem.

'n Kandidaat moet die kursusse aangegee onder die keuse wat hy gekies het, neem en indien dit nodig is, moet hy, met goedkeuring van die Dekaan, meer kursusse kies om 'n totaal van minstens 35 krediete vir die jaar te behaal.

Die vak waarna elke keuse heet, is die Hoofvak van die keuse, behalwe in die geval van die Onderwyskeuse, waar daar nie 'n erkende hoofvak is nie.

Ag.3.

The total number of marks in each course except courses in subjects of another Faculty, where the regulations of that Faculty will apply, is based on the University Examination and on the year's work in that course, in the proportion of 50 to 50 respectively.

The following degrees are granted in the Faculty of Veterinary Science:—

Bachelor of Veterinary Science, which is indicated by B.V.Sc.
Doctor of Veterinary Science, which is indicated by D.V.Sc.

I. BACHELOR'S DEGREE.

(See also under General Regulations, Paragraphs G. 1 to G. 23 above.)

V. 2.

The curriculum for the degree extends over five academic years. In addition proofs of satisfactory professional training will be required from a student during such time as the Senate may determine, before he graduates.

V. 3.

Candidates who have completed the first year's course at another University or in another Faculty and who have passed no examination in French or German, shall during their curriculum pass a special examination in French or German.

Students who have passed in French or German as a subject for the Matriculation or equivalent examination, will be exempted from this examination.

V. 4.

University examinations will be held in June or December, according to the date on which the course in the subject concerned is completed. A candidate shall have passed in all the required subjects of each year before he is admitted to the course of study of the following year, unless he shall have been specially exempted by the Senate.

V. 5.

By permission of the Senate a supplementary examination may also be held before the commencement of the academic year in subjects of the first, second, third and fourth years. A candidate who fails in more than two subjects of the curriculum of the first, second, third and fourth year, will not be permitted to take the supplementary examination in the subjects concerned, but will have to take the curriculum of that year over again and will have to pass in an examination prescribed by the Senate.

A candidate who fails in one or more subjects of the final year, may by permission of the Senate again take an examination in the subject or subjects after having followed the courses concerned for one semester.

* The Senate may at its discretion add or eliminate subjects.

'n Kandidaat wat driemaal in dieselfde vak van die B.V.Sc.-leergang sak, mag alleen met spesiale verlof van die Senaat met die kursus voortgaan.

N.B.—Tweedejaar-B.V.Sc.-studente word ernstig gewaarsku dat hulle dit uiter moeilik sal vind om die praktiese werk te volg as hulle *na* die begin van die eerste semester op Onderstepoort aankom. Die praktiese werk is van so 'n aard dat dit haas onmoontlik is vir studente wat laat kom om die gedeelte van die werk wat alreeds afgehandel is in te haal. Eerstejaar-B.V.Sc.-studente moet dus nie die uitslae van aanvullingseksamens afgewaag voordat hulle na Onderstepoort kom nie.

V.6.

Die punte om in die eksamens van die laaste vier jare te slaag, is die volgende:—

- (a) Die Jaarsyfer en die Universiteitseksamen tel ewevel punte.
- (b) Teoretiese en Praktiese eksamens tel ewevel punte en vir die "Universiteitseksamen" word die gemiddelde van die twee reekse punte geneem.
- (c) In elke afdeling, nl. Teoretiese en Praktiese eksamen, word 'n minimum van 40 persent van die moontlike punte vereis.
- (d) Om te slaag, word 'n gemiddelde of totale som van 50 persent vereis.

Die eksamenuitslae van 'n kandidaat sal nie gepubliseer word voordat hy in al die vakke van die betrokke jaar geslaag het nie.

V.7.

'n Graad met *lof* word toegeken aan kandidate wat in die Universiteitseksamens van die laaste twee jaar van die leergang minstens 60 persent in elke vak behaal het, en in die eksamen gemiddeld 'n syfer van ongeveer 66 persent behaal het.

Die koste in verband met hierdie verpligtings beloop onder teenswoordige omstandighede ongeveer £20 en voorsiening vir hierdie uitgawe moet deur die studente self gemaak word.

* N.B.—Toksikologie word al om die ander jaar aan die 4de en 5de jaarstudente gedoseer.

A supplementary examination or *re-examination* in any subject may consist of the full number of papers for an ordinary examination in such subject, or it may consist of a single examination on prescribed portions of the syllabus.

The practical work is of such nature that it is well-nigh impossible for students who arrive late to catch up with that portion of the work that has already been disposed of. First year B.V.Sc. students must therefore not await the results of the supplementary examinations before coming to Onderstepoort.
