Die kwalifiseringstermyne vir vakleerlingskap vir die verskillende beroepe moet die getal skofte wees soos vermeld teenoor die betrokke beroepe in die volgende loonrooster.

Verhogings gedurende die leerlingskaptermyne, behalwe dié vir nuwelinge, moet na elke 150 skofte wat gwerk is toegestaan en as gevolg bereken word:

150 skofte gedeel deur die getal skofte wat vereis word om te kwalifiseer in die betrokke beroepe, vermengvuldig met die verskil tussen die aanvangsloon vir daardie beroep en die skaal vir die gekwalifiseerde werknemer.

#### LET WEL.

(i) Ervaring wat verkry word in diens by Yskor, of by enige ander werkgever in dieselfde klas werk, moet vir enige van die volgende beroepe as kwalifiseringstermyne meegereknel word: Lokomotiefmasjiniste, keteloppassers en turbine-bediener; met dien verstande dat elke versoek om vorige ervaring in aanmerking te neem op sy eie meriete behandel moet word.

(ii) *Lokomotiefmasjiniste*.—'n Lokomotiefmasjinis wat 'n goewermentslokomotiefmasjinistesertifikaat hou of verkry, moet as gekwalifiseerd beskou word en van hom moet nie vereis word om enige verdere kwalifiseringsskofte by Yskor te werk-nie.

(iii) *Keteloppassers en turbinebediener*.—Die vereiste getal skofte vir kwalifisering as 'n ketelopasser en/of turbinebediener moet met 100 skofte verminder word in die geval van 'n ketelopasser of turbinebediener wat na gelang van die geval diehouer van 'n goewermentstoombomasjinemasjinis- of keteloppassersertifikaat is of word.

'n Werknemer wat afwisselend in twee of meer beroepe werk, moet vir die doel van verhoging met alle skofte wat aldus gwerk word, gekrediteer word op sy aangewese betrekking tot die kwalifiseringstermyne vir die genoemde beroep voltooi is. Skofte wat daarna in 'n hoërgradeerde beroep gwerk word, moet as kwalifiseringsskofte vir sulke hoërgradeerde beroep gerekken word niteenstaande die betrokke werknemer slegs aflossend in sulke hoë graad werksaam is.

'n Werknemer wat vir 'n aaneenlopende tydperk van een uur of langer in enige skof in 'n hoërgradeerde beroep aflos, moet vir sulke tydperk met 'n volle leerlingskapskof gekrediteer word en as hy vir 'n hoë loonskaal gekwalifiseerd is, vir die hele skof teen die hoë skaal betaal word.

Die leerlingskaptermyne wat in die volgende Aanhangsels uiteengesit word, toon die totale getal leerlingskapskofte aan wat gwerk moet word om vir die verskillende beroepe te kwalifiseer. As twee of meer betrekings 'n direkte volgorde vir bevordering vorm, moet die kwalifiseringleerlingskapskofte wat vir sulke beroepe in die laer grade vir sulke beroepe gwerk word, op die hoë grade beroepe gekrediteer word in regstreekste volgorde van bevordering.

#### DEEL IV.

#### LOONSKALE VAN TOEPASSING OP KLASSE ARBEIDERS, HIERNA GENOEM, WAT BY YSKOR IN DIENS IS.

Geen werkgever mag aan werknemers, behalwe vakleerlinge, in diens vir enige van die soorte werk in hierdie Ooreenkoms genoem, laer lone en/of verdienste betaal as wat teenoor die soorte werk vermeld word nie, en geen werknemer mag laer lone en/of verdienste aanneem as wat teenoor die soorte werk vermeld word nie.

than six shillings per week when board and lodging is provided or not more than three shillings and sixpence per week for board only or two shillings and sixpence per week for lodging only, provided such lodging has been approved by the Council and the local authority concerned.

#### 6. CERTIFICATES OF SERVICE.

The employer shall, when requested by an employee upon the termination of his employment, supply such employee with a certificate of service showing full names of the employer and employee, the nature of the employment, the dates of commencement and termination of the contract and the rate of remuneration at the date of such termination; provided that where, in this Agreement, the wage of any employee is determined by length of service it shall be incumbent on the employee to produce a certificate of service to the employer on change of employment, in order to become entitled to such remuneration prescribed for length of service.

#### PART III.

#### LEARNERSHIP AND/OR QUALIFYING PERIODS.

The commencing rate for newcomer-learners to Iscor in the jobs for which learnership periods are prescribed as scheduled in the Annexures to Part IV, Section 2, shall be a minimum of—

- 1s. 9d. per hour for the first 75 shifts worked;
- 1s. 11d. per hour for the next 75 shifts worked;
- 2s. 1d. per hour for the next 50 shifts worked; and thereafter 2s. 3d. per hour.

The qualifying period of learnership for the various occupations shall be the number of shifts set out against the occupations concerned in the following Schedule of wages.

Increases during the learnership period other than those for newcomers shall be granted after each 150 shifts worked calculated as follows:

150 shifts divided by the number of shifts required to become qualified in the occupations concerned, multiplied by the difference between the commencing rate for that occupation and the rate, for the qualified employee.

#### NOTE.

(i) Experience acquired while working with Iscor or for any other employer in the same class of work shall be counted in the qualifying period for any of the following occupations, namely, loco drivers, boiler attendants and turbine attendants; provided that every application for consideration of previous experience shall be treated on its merits.

(ii) *Loco Drivers*.—A loco driver who holds or who acquires a Government Locomotive Engine Driver's Certificate shall be deemed to be qualified and shall not be required to work any further qualifying shifts at Iscor.

(iii) *Boiler Attendants and Turbine Attendants*.—The number of shifts required to qualify as a boiler attendant and/or as a turbine attendant shall be reduced by 100 shifts in the case of a boiler attendant or turbine attendant, who is or who becomes the holder of a Government Engine Driver's Certificate or Boiler Attendant's Certificate, as the case may be.

An employee working alternately in two or more occupations shall have all the shifts so worked credited to his designated job for purposes of increment until the qualifying period for the said occupation is completed. Thereafter shifts worked in a higher graded occupation shall count as qualifying shifts for such higher graded occupation, notwithstanding that the employee concerned is only relieving in such higher grade.

An employee relieving in a higher graded occupation for a continuous period of one hour or more on any shift shall be credited with a full learnership shift for such period and if qualified for a higher rate of pay, shall be paid at the higher rate for the full shift.

The learnership periods set out in the Schedules of Part IV indicate the total number of learnership shifts which must be worked to qualify for the various occupations. Where two or more jobs form a direct sequence for promotion, the qualifying learnership shifts worked in the lower grades for such occupations shall be credited towards the higher grade occupations in the direct sequence of promotion.

#### PART IV.

#### WAGE SCHEDULES APPLICABLE TO CLASSES OF LABOUR, HEREINAFTER ENUMERATED, EMPLOYED BY ISCOR.

The employer shall not pay to any employee (other than an apprentice) engaged on any of the classes of work specified in this Agreement, wages and/or earnings lower than those stated against such classes, and no employee shall accept wages and/or earnings lower than those stated against such classes.
