CIRCULAR TO SHAREHOLDERS AND NOTICE OF EXTRAORDINARY GENERAL MEETING OF SHAREHOLDERS.

In their Report for the years ended 30th June, 1949, your Directors stated that, with a view to augmenting your Company's production of coal, negotiations had been entered into with the South African Carbide and By-Products Company, Limited, for the acquisition of the coal rights over the farm Ballengeich No. 3299, measuring 4,005 acres owned by that Company in the Division of Newcastle, County of Klip River, Natal.

At an Extraordinary General Meeting held on 28th December, 1949, shareholders passed Resolutions, *inter alia*—

- (a) authorising signature of an Agreement with the South African Carbide and By-Products Company, Limited, for the acquisition by your Company of the coal rights over the farm Ballengeich No. 3299 (known as the "Ballengeich Section" of your Company's property);
- (b) increasing the Share Capital of your Company to the sum of £149,550; and
- (c) authorising the Directors to borrow from the Johannesburg Consolidated Investment Company, Limited, a sum not exceeding £250,000, for the purposes of working and exploiting the above-mentioned coal rights.

Your Directors, in their Report for the year ended 30th June, 1950, stated that it was considered necessary, in order to increase the quality and saleability of your Company's product, to instal a washing plant, the cost of which would have to be met from borrowed funds, for which purpose shareholders at the Annual General Meeting held on 27th December, 1950, increased the amount which your Directors were authorised to borrow to a sum not exceeding £400,000.

Expenditure incurred to 30th April, 1953, in connection with the establishment of the Ballengeich Section of your Company's property amounted to £428,158, of which £60,000, being the purchase consideration of the Coal Rights, was met by the issue to the South African Carbide and By-Products Company, Limited, of 60,000 fully paid shares of £1 each at par in the increased Capital of your Company, thus increasing the issued Capital of your Company from £89,550 to £149,550. The sum referred to above, viz., £428,158 less the amount arising from the afore-mentioned issue of shares, £50,000, left a balance of £368,158 which together with amounts required to finance the purchase of stores, etc., was met from sums advanced by the Johannesburg Consolidated Investment Company, Limited. The total amount advanced in this connection was £390,000, of which an amount of £10,000 has since been repaid, leaving a balance of £380,000 outstanding at date.

In terms of the conditions under which sums were advanced by the Johannesburg Consolidated Investment Company, Limited, the amount outstanding from time to time is repayable on demand, but in view of the fact that the loan has been used mainly to finance permanent capital expenditure at the Ballengeich Section of your Company's property, the Johannesburg Consolidated Investment Company, Limited, is willing to place the loan on a long-term basis, and is prepared to undertake not to demand repayment before 31st December, 1960, of the balance of the loan outstanding from time to time, subject to the following conditions:—

- (a) Until the loan has been settled in full all available profits shall be used in repaying it.
- (b) Your Company shall grant to that Company the right to subscribe for shares in the capital of your Company at par up to the extent of £200,000 or the amount outstanding on the loan, whichever is the lesser.
- (c) The option referred to in (b) above shall continue in force until the loan is repaid or otherwise discharged.
- (d) The proceeds of the share subscribed for under (b) above shall be applied in reduction of the amount of the loan.

In order to give effect to the foregoing, it will be necessary to increase the authorised Capital of your Company and to authorise your Directors to issue all or any of the 200,000 shares of £1 each comprising the increase of capital at such time or times, at such price or prices, upon such terms and conditions and to such person or persons as they may determine.

These matters will be considered at an Extraordinary General Meeting of Shareholders, notice of which is given below.

Shareholders who are unable to attend the meeting and who desire to be represented thereat are requested to complete the enclosed form of proxy and return it to the Transfer Secretaries so as to reach them at least twenty-four hours before the time appointed for the meeting.

CIRCULAR TO SHAREHOLDERS.

Arrangements were recently concluded whereby your Company was accepted as an uranium producer, and an announcement to that effect was made through the medium of the Press on 30th April, 1953.

Investigations have indicated that the estimated tonnage of uranium-bearing ore is sufficiently great to justify exploitation but is not sufficient to justify the erection of a treatment plant by your Company.

With the approval of the Atomic Energy Board of South Africa, arrangements have been made with The Randfontein Estates Gold Mining Company, Witwatersrand, Limited, whereby that company will extend its uranium treatment plant and will accept uranium-bearing slimes produced by your Company and conveyed by pipeline to the site of that Company's treatment plant.

Modifications will have to be made to the underground and surface arrangements of your Company's mine, and certain additional plant installed to deliver the uranium-bearing slimes to the Randfontein plant. Work in connection with these modifications and the installation of the additional plant will be commenced as soon as possible, and it is hoped that your Company will be in a position to commence pumping the uranium-bearing slimes at the same time as the plant extensions at the Randfontein mine are completed, namely, during the first half of 1954.

The price payable for the uranium produced will be related to cost on a basis which will ensure the redemption of the capital cost of the project, together with interest over a period of ten years commencing from the date of full production, and should provide a reasonable margin of profit on the operations contemplated.

Taxation will be payable by your Company on its profits from the production of uranium on the same basis as is applicable to its profits from gold production.

Your Company will obtain a loan for the capital expenditure involved, which is estimated at £225,000, and such loan will be repayable over the ten-year period of the agreement.

In terms of Article 59 of the Company's Articles of Association, the Directors are authorised to borrow sums of money for the purposes of the Company, but the amounts owing at any one time in respect of money so borrowed shall not, without the sanction of a general meeting or the consent in writing of the holders of at least 75 per cent of the issued capital of the Company for the time being, exceed one-half of the amount of the issued capital of the Company for the time being.

The amount which this Company will require to enable it to undertake the production of uranium will exceed the amount which the Directors may borrow in terms of the Articles of Association, and shareholders will be asked to increase the borrowing powers of the Directors to the amount of the issued capital of the Company, namely, £259,875, in order to finance the estimated cost of the project and to provide a margin for contingencies.

Your Directors are satisfied that it is in the interests of the Shareholders for the Company to undertake the production of uranium, and recommend that the increased borrowing powers now asked for be approved by Shareholders.

Accordingly, an Extraordinary General Meeting of Shareholders has been called for Friday, the 19th day of June, 1953, for the purpose of considering, and, if deemed fit, of passing, with or without modification, an Ordinary Resolution, increasing the borrowing powers of the Directors; a notice convening the meeting is enclosed.

If you are unable to attend the meeting, you are asked to complete the enclosed Form of Proxy and to return it to the Transfer Secretaries, P.O. Box 590, Johannesburg, so as to reach them not later than twenty-four hours before the time fixed for the holding of the meeting.

The Secretary for Mines, in his capacity as Deputy-Chairman of the Atomic Energy Board of the Union of South Africa, has approved the publication of the information contained in this circular regarding the production of uranium.
