Note (7).—Where a medical practitioner wishes to specialise in both neurology and psychiatry, the total period of clinical specialistic training becomes five years with a minimum of two years' experience in each speciality.

Opmerking (8).—In die spesialiteit psigiatrie moet kliniese ondervinding, ingevolge die bovermelde reëls, 'n minimum tydperk van twaalf maande ondervinding in 'n sielsiekehospitaal insluit, waarvan minstens ses maande in 'n sielsiekehospitaal wat ook 'n opleidingshospitaal is, moet wees; in geval van werk gedoen in 'n sielsiekehospitaal wat nie ook 'n opleidingshospitaal is nie, is die bepalings van Opmerking (3) hierbo, van toepassing.

Opmerking (9).—Indien 'n praktisyn in beide die diagnostiese radiologie en die terapeutiese radiologie wil spesialiseer, word die totale tydperk van kliniese spesialiteitsopleiding vyf jaar, met 'n minimum van twee jaar ondervinding in elke spesialiteit.

6. Ondanks andersluidende bepalings in hierdie reëls, is die Raad geregtig om die spesialiteit van 'n geneesheer wat nie ten volle aan die vereistes van hierdie reëls voldoen nie, te registreer indien die Raad na behoorlike ondersoek daarvan oortuig is dat sodanige geneesheer bevoeg is om as spesialis te praktiseer.

VEREISTES VIR DIE REGISTRASIE VAN 'N SPESIALITEIT DEUR 'N TANDARTS.

7. Van 'n tandarts wat sy spesialiteit in die register wil laat inskryf en wat nie sodanige spesialiteit voor die afkondiging van hierdie reëls beoefen het nie, word vereis dat hy 'n graad of diploma moet besit wat tot tevredenheid van die Raad 'n standaard van professionele opleiding in verband met die betrokke spesialiteit toon wat hoër is as dié wat vir die registrasie as 'n tandarts voorgeskryf is, en dat hy die volgende dokumentêre bewyse aan die Raad voorleë:—

- (a) Dat hy vir 'n tydperk van minstens vyf jaar in besit was van 'n registreerbare kwalifikasie; en
- (b) dat hy minstens twee jaar van hierdie tydperk die algemene praktyk beoefen het, of in plaas daarvan sodanige ander ondervinding opgedoen het as wat die Raad van tyd tot tyd mag bepaal;
- (c) dat hy of twee jaar voltyds, of 'n langer tydperk deelyds wat dieselfde voorgeskrewe kursus behels, aan 'n erkende universiteit, tandheelkundige skool, hospitaal of soortgelyke inrigting of departement deurgebring het, wat bevredigende geleentheid bied vir die studie van die besondere spesialiteit.

VERWYDERING VAN DIE NAAM VAN 'N SPESIALITEIT UIT DIE REGISTER.

8. 'n Geneesheer of tandarts kan op skriftelike versoek die naam van sy spesialiteit van die register van geneeshere of tandartse, na gelang van die geval, laat verwyder.

VOORWAARDES BETREFFENDE DIE REGULERING VAN SPESIALITEITSPRAKTYK.

9. 'n Geneesheer of tandarts wie se spesialiteit deur die Raad geregistreer is, moet sy praktyk beperk tot die spesialiteit of verwante spesialiteite wat teenoor sy naam geregistreer is, en die behoud van die betrokke spesialiteit of spesialiteite teenoor sy naam in die register hang daarvan af of hy dit doen; met dien verstande dat dit die plig van 'n spesialis is om sodanige ander ondersoeke wat gewoonlik deur algemene praktisyns uitgevoer word, sonder enige bykomende koste uit te voer, en met dien verstande verder dat 'n geneesheer of 'n tandarts wie se spesialiteit geregistreer is, nie gelde mag vorder vir ondersoeke of prosedures wat eintlik onder ander spesialiteite val nie.

10. 'n Spesialis mag nie in vennootskap praktiseer met 'n algemene praktisyn of met 'n spesialis wat 'n ander spesialiteit praktiseer nie.

11. 'n Spesialis mag nie 'n pasiënt van 'n ander praktisyn, hetsy hy 'n spesialis of 'n algemene praktisyn is, oorneem nie behalwe met die toestemming van die betrokke praktisyn. Sodanige toestemming mag nie onredelikerwys teruggehou word nie.

12. 'n Spesialis mag nie tuisbesoeke aflê nie behalwe op versoek of met die toestemming van 'n algemene praktisyn.

Note (8).—In the speciality psychiatry, clinical experience in terms of the above rules shall include a minimum of twelve months' experience in a mental hospital of which at least six months must be in a mental hospital which is also a teaching hospital; in the case of work done in a mental hospital which is not also a teaching hospital, the provisions of Note (3) above, will apply.

Note (9).—Where a practitioner wishes to specialise in both diagnostic radiology and therapeutic radiology the total period of clinical specialistic training becomes five years, with a minimum of two years' experience in each speciality.

6. Notwithstanding anything to the contrary in these rules contained, it shall be lawful for the Council to register the speciality of a medical practitioner who has not fully complied with the requirements of these rules, if the Council, after due enquiry, is satisfied that such medical practitioner is competent to practise as a specialist.

REQUIREMENTS FOR REGISTRATION OF A SPECIALITY BY A DENTIST.

7. A dentist who desires to have his speciality inserted in the register, and who was not practising such speciality prior to the promulgation of these rules, shall be required to hold a degree or diploma indicating to the satisfaction of the Council a standard of professional education related to the speciality concerned higher than that prescribed for registration as a dentist, and to submit documentary proof to the Council as follows:—

- (a) That he has held a registrable qualification for a period of at least five years; and
- (b) that he has spent at least two of these years in general practice, or in lieu thereof has obtained such other experience as the Council may from time to time determine;
- (c) that he has spent either two years full-time, or longer part-time period covering the same prescribed course, in a recognised university, dental school, hospital, or similar institution or department which provides satisfactory opportunity for the study of the particular speciality.

REMOVAL OF THE NAME OF A SPECIALITY FROM THE REGISTER.

8. A medical practitioner or dentist may on written request, have the name of his speciality removed from the register of medical practitioners or dentists, as the case may be.

CONDITIONS GOVERNING THE PRACTICE OF SPECIALISTS.

9. A medical practitioner or dentist whose speciality has been registered by the Council shall confine his practice to the speciality or associated specialities registered against his name and the retention of that speciality or those specialities in the register against his name shall be contingent on his doing so; provided, however, that it shall be incumbent on a specialist to perform without extra charge, such other examinations as are usually performed by general practitioners, and provided further that a medical practitioner or dentist whose speciality has been registered shall not charge for examinations or procedures which properly fall under other specialities.

10. A specialist shall not practise in partnership with a general practitioner or with a specialist practising some other speciality.

11. A specialist shall not take over a patient from another practitioner, whether he be a specialist or a general practitioner, except with the consent of the practitioner concerned. Such consent shall not be unreasonably withheld.

12. A specialist shall not do domiciliary visiting except when requested to do so by or with the consent of a general practitioner.

13. 'n Spesialis kan enigeen behandel wat regstreeks na hom gaan vir raadpleging.

14. 'n Spesialis wat deur 'n pasiënt geraadpleeg word of wat 'n pasiënt behandel, moet alle redelike maatreëls tref om die samewerking te verseker van die pasiënt se algemene mediese praktisyn of tandarts (d.w.s. algemene tandheelkundige praktisyn), na gelang van die geval.

OPMERKING.—Niks in hierdie reëls mag in enige opsig inbreuk maak op die gebruike etiese standaarde met betrekking tot 'n toestand van nood nie.

13. A specialist may treat any person who may come to him direct for consultation.

14. A specialist who is consulted by a patient, or who treats a patient, shall take all reasonable steps to ensure the collaboration of the patient's general medical practitioner or dentist (meaning general practitioner), as the case may be.

NOTE.—Nothing in these rules contained shall interfere in any way with the usual ethical standards relating to emergency.
