CIRCULAR TO SHAREHOLDERS.

LEASE OF MINE VILLAGE WITH OPTION TO PURCHASE.

In the Annual Report of the Company issued on the 27th April, 1959, the Directors stated that active steps were being taken to interest various Government, Provincial, Municipal and other Authorities in purchasing the Company's mine village consisting, *inter alia*, of about 188 housing units.

The Company has now concluded a provisional Agreement with the Government of the Union of South Africa whereby the Government has been granted a lease of, with an option to purchase for the sum of £95,000, the Company's mine village which comprises all the buildings, light, water and sanitary installations, erections and other immovables situate on approximately 124 morgen of the farm Modderfontein No. 76 I.R., in the District of Benoni.

The Agreement is subject to a suspensive condition requiring the approval of Shareholders, failing which it will become null and void.

The Government requires the village for the purposes of its Department of Prisons and the basic terms of the Agreement are as follows:—

The lease is for a period of two years commencing from the 1st December, 1959, but the Government has the right to extend the lease for a further period of one year. During the currency of the lease the Government will be liable for all expenses in connection with the running and maintenance of the village and will pay to the Company a rental calculated on the basis of 6 per cent per annum on the purchase price of £95,000. In the event of the Government's exercising its option to purchase the village, the purchase price will be paid in cash against registration of transfer of the property into the name of the Government.

The Government is also incurring relatively heavy expenditure on rendering the village suitable for the purpose for which it is required.

Included in the village are certain buildings comprising a non-European hospital unit which, in terms of an arrangement made many years ago between this Company and certain neighbouring mining companies, is now owned by one of those Companies. Consequently, a small portion of the rental and, in the event of the sale of the village, of the purchase price will be payable to the owner of the hospital.

Before entering into this transaction the Board of Directors gave serious consideration to developing the village as a residential township as an alternative method of disposing of it. They were, however, faced with the difficulty that there is still no official indication which racial group, in terms of the Group Areas Act, will be permitted to occupy and/or own the Company's property. In addition, if this alternative method were adopted it would involve the piecemeal sale of the property with the granting of easy terms spread over a very long period. Furthermore, it is extremely doubtful if the dwellings and other buildings would attract buyers owing to the age, condition and nature of some of the buildings, the distance from existing urban settlements and the close proximity of Daveyton location. A further factor militating against the development of the village as a township is that considerable expenditure on the reticulation systems would be necessary to ensure compliance with municipal standards.

In the circumstances your Directors consider that the arrangement they have made with the Government constitutes the most beneficial method of dealing with this major asset of the Company and they are of the opinion that the proposed purchase price of £95,000 represents a fair and reasonable value for the assets concerned. Accordingly they recommend ratification of the Agreement as being in the best interests of Shareholders.

Should the Agreement be ratified and the Government exercise its option to purchase the village, the Company's remaining assets other than cash, will comprise principally its freehold property in extent some 4,100 morgen, more than half of which is held under mining title by other gold mining companies. The uses to which the bulk of the freehold land can be put at the present time are severely limited owing to mining restrictions and the presence of slimes dams, dumps and other surface occupations. Furthermore, the uncertainty as to which racial group will be allowed occupation and/or ownership of the property prevents the formulation of an overall policy for the realization of the Company's remaining freehold. Your Directors will, however, take advantage of any suitable opportunities to dispose of these remaining assets.

Accompanying this Circular is a notice convening an Extraordinary General Meeting of the Company to be held in Johannesburg on 22nd February, 1960, at 11 a.m. for the purpose of considering and, if thought fit, of passing an Ordinary Resolution ratifying the Agreement.

Should you be unable to attend the Meeting, your are requested to complete the enclosed Form of Proxy as indicated thereon and to return it to the Transfer Secretaries, P.O. Box 2058, Johannesburg, to reach them not later than 48 hours before the time fixed for the holding of the Meeting.—Rand Mines, Limited, Secretaries, per J. S.
