Voordat 'n wagtende trein gestuur word om die onklaar geraakte trein te help, moet behoorlike berigte tussen die bedryfsdienare aan weerskante van die trajek en die kondukteur en die drywer van die wagtende trein gewissel word. Daarna moet die kondukteur van die wagtende trein 'n manuskriporder aan sy drywer uitreik om te ry. Die beampte in beheer moet ook instruksies gee oor wat later met die wagtende trein of treine gedoen moet word. Behoorlike berigte moet tussen die bedryfsdienare aan weerskante van die trajek en die kondukteur en die drywer van elke wagtende trein gewissel word. Die kondukteur van elke wagtende trein moet vervolgens 'n manuskriporder uitreik wat die vertrek van sy eie trein magtig. Daarbenewens moet 'n knalpatroon op die spoor geplaas word naby die plek waar die handsein vertoon word. 'n Drywer aan wie 'n gevaarhandsein vertoon word, moet sy trein tot stilstand bring en voortgaan slegs nadat hy die nodige mondelinge waarskuwing ontvang het.

(*b*) As daar nie 'n snelheidverminderingsbord is nie en dit nodig is om 'n trein stadiger as agt myl per uur te laat ry, moet 'n gevaarhandsein, hetsy bedags of snags, aan die drywer vertoon word. Hy moet sy trein tot stilstand bring en verder ry slegs nadat hy die nodige mondelinge waarskuwing ontvang het.

(7) *Herstelwerk aan wissels by tussenuitwykspoor of tussensylyn deur die sinjaalambagsman.*—(*a*) Voordat wissels losgemaak of ander werk verrig word wat die veilige loop van treine by 'n tussenuitwykspoor of tussensylyn kan belemmer, moet die sinjaalambagsman met die spoorbaaninspekteur of baanmeester reël dat beskerming verleen word ooreenkomstig die treinbedryfsregulasies. Hy moet eers seker maak dat sodanige beskerming wel verleen is voordat hy met die werk begin. Daarbenewens moet hy die toestemming van die bedryfsdienare aan weerskante van die betrokke telegraaftrajek verkry. Die onderskeie bedryfsdienare moet die drywer en kondukteur van elke trein wat die trajek binnegaan, skriftelik in kennis stel van die werk wat by die tussenuitwykspoor of tussensylyn verrig word. Daar moet nie gereël word dat treine op die tussenuitwykspoor kruis terwyl werk daar verrig word nie. Wanneer die werk op die tussenuitwykspoor of tussensylyn voltooi is, moet die sinjaalambagsman die bedryfsdienare dienooreenkomstig verwittig, en die spoorbaaninspekteur of baanmeester moet hulle verseker dat die spoorbaan veilig is vir die deurgang van treine. Die bedryfsdienare moet ook in die treinregisters aanteken hoe laat magtiging gegee is om met die werk te begin en hoe laat berig ontvang is dat dit voltooi is.

(*b*) Wanneer daar, in noodgevalle, net aan die sinjaaltoestel op 'n tussenuitwykspoor of tussensylyn gewerk moet word en hulp nie geredelik van die spoorbaaninspekteur of baanmeester verkry kan word nie, moet 'n vlagman, voordat die werk 'n aanvang neem, op 'n plek minstens 400 jaart van die wissel af, of verder as die uitsig beperk is, 'n gevaarhandsein aan treine vertoon wat uit die inryrigting nader. Boonop moet daar drie knalpatrone minstens 100 jaart buitekant die plek van waar die gevaarhandsein vertoon word, en twintig jaart van mekaar, op die spoorstaaf geplaas word. Hierdie voorsorgsmaatreëls moet getref word totdat die sinjaaltoestel veilig is vir die deurgang van treine. As daar telefoonverbinding is, moet die sinjaalambagsman telefonies met die aangrensende stasies in verbinding tree voordat hy begin met werk wat die veilige loop van treine kan belemmer, sodat die bedryfsdienare die nodige stappe kan doen om die bepalings van subklousule (7) (*a*) hiervan na te kom.

22. Regulasie no. **248** word hierby gewysig deur die woorde „ regulasie **no. 195 " te verander na „ regulasies nos. 195 en 242 (2) (*a*) ".**

17. Regulation No. **224** is hereby amended by the substitution of the following for sub-clause (1) (*b*) thereof:—

(*b*) *Where Semaphore Signals are Provided but not in Use.*—

(i) On a single line, during the period an interlocked station is closed, the semaphore signals in the " all-right " position are to be regarded as non-existent (see regulation No. 88 herein) and, *where warning boards are not provided*, a train brought to a stand inside such semaphore signals must be protected in rear as laid down in sub-clause (4) herein, unless the terms of train working regulation No. 88 (2) (*a*) or (*b*) apply.

(ii) On a single line, during the period a telegraph station, other than an interlocked station, is closed, the semaphore signals, where provided, in the " all-right " position are to be regarded as non-existent and, *where warning boards are not provided*, a train brought to a stand inside such semaphore signals must be protected in rear as laid down in sub-clause (4) herein, unless the terms of train working regulation No. 89 (2) (*a*), (*b*) or (*c*) apply.

18. Regulation No. 227 is hereby amended by the insertion of the following heading to sub-clause (7) (*c*):—

(*c*) (*Applicable to all Methods of Train Control on Single Lines.*)

19. Regulation No. **232** is hereby amended by the substitution, in the last line of sub-clause (1) (*b*), for the words " sub-clause (3) ", of the words " sub-clause (2) ".

20. Regulation No. **233** is hereby amended by the substitution of the following for sub-clause (4) (*b*) thereof:—

(4) (*b*) If there is communication between the station in rear and the interloop, the station official in charge, after placing the token of the " failed " train under lock and key, may give permission for a waiting train to assist the " failed " train. Before a waiting train is despatched to assist the " failed " train, suitable messages must be exchanged between the operators at each end of the section and the guard and driver of the waiting train; the guard of the waiting train must issue a manuscript order to his driver to proceed. The official in charge must also issue instructions for the subsequent disposal of the waiting train or trains and suitable messages must be exchanged between the operators at each end of the section and the guard and the driver of each waiting train. The guard of each waiting train must then issue a manuscript order authorising the despatch of his own train. [See clause 19 (15), Section III, and clause 16 (7), Section VI of General Appendix No. 3 (Part 1).]

21. Regulation No. **242** is hereby amended by the substitution of the following for sub-clause (2), and the addition of a new sub-clause (7):—

(2) (*a*) *White Flag " Caution " Hand-signal: How and When to be Displayed.*—If it is necessary to reduce the speed of a train owing to repairs to the track or for other reasons, a white flag hand-signal must be given during daylight, and a " danger " hand-signal during darkness. This signal must be displayed at a distance of at least 400 yards, or farther if the view is restricted, from one or both ends of the portion of the line affected, as circumstances may require; in addition, a detonator must be placed on the rail near the place from which such hand-signal is exhibited. A driver to whom a " danger " hand-signal is given must stop his train, and only proceed after he has received the necessary verbal warning.

(*b*) If, in the absence of a speed-reduction board, it is necessary to reduce the speed of a train to less than eight miles per hour, whether it be daylight or dark, a " danger " hand-signal must be given to the driver, who must stop his train and only proceed after he has received the necessary verbal warning.

(7) *Repairs to Points at Interloop or Intersiding by Signal Artisan.*—(*a*) Before disconnecting points or carrying out any work affecting the safe working of trains at an interloop or an intersiding, a signal artisan must arrange with the permanent way inspector, or platelayer, to provide protection in accordance with the train working regulations and before actually commencing the work, ensure that such protection has been provided. In addition, he must obtain the permission of the operators at each end of the telegraph section concerned. The respective operators must warn, in writing, the driver and guard of each train entering the section, of the work being performed at the interloop or intersiding. During the period work is being performed at an interloop, trains must not be arranged to cross thereat. When the work at the interloop or intersiding has been completed, the signal artisan must advise the operators accordingly and the permanent way inspector, or platelayer, must assure them that the track has been rendered safe for the passage of trains. Operators must also record in the train registers the time permission was given to commence the work, and the time of advice of its completion.

(*b*) In cases of emergency, when only signalling apparatus at an interloop or intersiding requires attention, and assistance from the permanent way inspector, or platelayer, is not readily available, before work is commenced, a " danger " hand-signal must be displayed to trains approaching from the facing direction by a flagman at a distance of at least 400 yards, or farther if the view is restricted, from the points. Three detonators, twenty yards apart, must also be placed on the rail, at least 100 yards outside the place from which the " danger " hand-signal is being exhibited. These precautions must be taken until such time as the signalling apparatus is safe for the passage of trains. Where there is telephone communication, before attempting to carry out any work which may endanger the safe working of trains, the signal artisan must communicate verbally with the adjoining stations, so that the necessary action as required in terms of the preceding sub-clause (7) (*a*) hereof may be taken by the operators.

22. Regulation No. **248** is hereby amended by substituting " regulations Nos. 195 and 242 (2) (*a*) " for " regulation No. 195 ".

FIFTH REDUCTION OF CAPITAL.

At the Extraordinary General Meeting of Members held on 9th January, 1959, a Special Resolution was passed providing for the reduction of the Capital of the Company from £1,120,000, divided into 5,600,000 Shares of 4s. each, to £70,000, divided into 5,600,000 Shares of 3d. each. The Directors were authorised to give effect to such reduction by distributing to Members paid-up Capital, up to an amount of 3s. 9d. on each of the 5,600,000 Shares, in such instalments and at such times as they in their discretion may decide, provided that no paid-up Share Capital shall be returned to Members unless it is in excess of the wants of the Company and provided that no amount shall become due and payable to Members until it has been declared to be such by the Directors.

The reduction of the Capital of the Company was confirmed by an Order of the Supreme Court of South Africa on 17th February, 1959, and the Order was registered by the Registrar of Companies on the 28th February, 1959.

Of the 3s. 9d. per Share by which the Capital of the Company was reduced, sums totalling 1s. 3d. per Share have been returned to Members leaving a balance of 2s. 6d. per Share.

In terms of the authority conferred on them, the Directors resolved on 29th February, 1960, that a return of 6d. (sixpence) per Share be made to Members registered in the books of the Company at the close of business on 15th March, 1960, and to persons presenting to the London Secretaries, Coupon No. 84, detached from Share Warrants to Bearer in circulation on that date.

This return of Capital is payable in South African currency and becomes due on the 16th March, 1960. Payment from the Office of the London Secretaries will be in United Kingdom currency at *par*, provided that should there be any difference that may be regarded by the Directors as material between the two currencies on 16th March, 1960, payment will be made on the basis of the equivalent United Kingdom currency calculated at the rate of exchange ruling on that date.

Cheques will be despatched on the 20th April, 1960, from the Head Office, Johannesburg, in respect of addresses in Africa south of the Equator and from the Office of the London Secretaries in respect of addresses elsewhere. Any instructions which will necessitate an alteration in the office from which payment is to be made must be received by the Company on or before 15th March, 1960.

The Share Transfer Books and Register of Members will be closed from the 16th to the 19th March, 1960, both days inclusive.

FUTURE DISTRIBUTIONS.

After payment has been made of the 6d. per Share to Members registered on 15th March, 1960, there will be a balance of 2s. per Share which has not yet been declared by the Directors as repayable to Members. The Directors do not, however, warrant that the whole of this balance will ultimately be returned. The aggregate amount which will eventually be distributed by the Company during the remainder of its life either by way of returns of Capital and/or Dividends will, of course, be dependent upon the profitability of operations and the amounts realised in due course for its assets.

ENFACEMENT OF SHARE CERTIFICATES.

Members are reminded that only Share Certificates enfaced to show the reduction of Capital to 3d. per Share are good delivery on the Johannesburg Stock Exchange. Members holding Share Certificates not so enfaced are therefore advised in their own interests to lodge such Share Certificates for enfacement at the Head Office of the Company. By Order of the Board.—Johannesburg Consolidated Investment Company, Limited, Secretaries, per G. R. Tomlin. Head Office: Consolidated Building, corner of Fox and Harrison Streets, Johannesburg. Postal Address: P.O. Box 590, Johannesburg. London Office: 10 and 11 Austin Friars, London, E.C.2, 29th February, 1960. 2732—4

Board of Directors: D. A. B. Watson (Chairman) (Alternate, A. C. Henry), W. S. Findlay (Alternate, F. J. L. Wells), G. Ross Kent (Alternate, D. H. Stevenson), A. S. Thomas (Alternate, M. W. Dunningham).

SIXTH REDUCTION OF CAPITAL.

At the Extraordinary General Meeting of the Company held in Johannesburg on 8th May, 1959, a Special Resolution was passed providing for the reduction of the Capital of the Company from £1,173,378. 13s. 6d. divided into 1,514,037 Shares of 15s. 6d. each, to £1,021,974. 19s. 6d. divided into 1,514,037 Shares of 13s. 6d. each. The Directors were authorised to give effect to such reduction by distributing to Members Paid-up Capital, up to an amount of 2s. on each of the 1,514,037 Shares, in such instalments and at such times as they in their discretion may decide, provided that no Paid-up Share Capital shall be returned to Members unless it is in excess of the wants of the Company and provided that no amount shall become due and payable to Members until it has been declared to be such by the Directors.

The reduction of the Capital of the Company was confirmed by an Order of the Supreme Court of the Union of South Africa on 7th July, 1959, and the Order was registered by the Registrar of Companies on the 15th July, 1959.

Of the 2s. per Share by which the Capital of the Company was reduced, 3d. per Share was returned to Members registered in the books of the Company at the close of business on 30th July, 1959, leaving a balance of 1s. 9d. per Share.

In terms of the authority conferred on them the Directors resolved on 29th February, 1960, that a return of 3d. (threepence) per Share be made to Members registered in the books of the Company at the close of business on 15th March, 1960, and to persons presenting to the London Secretaries, Coupon No. 64 detached from Share Warrants to bearer in circulation on that date.

This return of Capital is payable in South African currency and becomes due on the 16th March, 1960. Payment from the office of the London Secretaries will be in United Kingdom currency at *par* provided that should there be any difference that may be regarded by the Board as material between the two currencies on 16th March, 1960, payment will be made on the basis of the equivalent United Kingdom currency calculated at the rate of exchange ruling on that date.

Cheques will be despatched on the 20th April, 1960, from the Head Office, Johannesburg, in respect of addresses in Africa south of the Equator and from the Office of the London Secretaries in respect of addresses elsewhere. Any instructions which will necessitate an alteration in the office from which payment is to be made must be received by the Company on or before 15th March, 1960.

The Share Transfer Books and Register of Members will be closed from the 16th to the 19th March, 1960, both days inclusive.

Future Distributions.—After payment has been made of the 3d. per Share to Members registered on 15th March, 1960, there will be a balance of 1s. 6d. per Share which has not yet been declared by the Directors as repayable to Members. The Directors do not, however, warrant that the whole of this balance will ultimately be returned. The aggregate amount eventually distributed by the Company during the remainder of its life by way of returns of Capital and/or Dividends will, of course, be dependent upon the profitability of the clean-up of the Reduction Works and the amounts realised in due course for the Company's remaining assets.

Enfacement of Share Certificates.—Members are reminded that only Share Certificates enfaced to show the reduction of Capital to 13s. 6d. per Share are good delivery on the Johannesburg Stock Exchange. Members holding share certificates not so enfaced are therefore advised in their own interests to lodge such share certificates for enfacement at the Head Office of the Company. By Order of the Board.—Johannesburg Consolidated Investment Company, Limited, Secretaries, per G. R. Tomlin. Head Office: Consolidated Building, corner of Fox and Harrison Streets, Johannesburg.
