PRELIMINARY ANNOUNCEMENT

The Board today resolved to recommend at the annual general meeting to be held on 20 January 1972, a Final Dividend of 15 cents per share for the year ended 30 September 1971, on the ordinary shares and deferred ordinary shares, payable on 18 February 1972. If the Final Dividend is approved, this, together with the interim dividend already paid, will amount to 27 cents per share, compared with 24 cents per share for 1970.

The net profit of the Group for the year ended 30 September 1971, after deducting all expenses for management, providing for taxation and deducting interest of outside shareholders in the profits of subsidiary Companies, amounted to R3 643 000 as against R3 453 000 for the preceding year.

The net profit of the Company including dividends from subsidiaries was R3 427 000 compared with R3 135 000 for the preceding year. Deducting the interim dividend and dividends on preference shares totalling R1 073 000 and after paying the Final Dividend recommended above, amounting to R1 200 000, there remains the sum of R1 154 000 to be added to retained earnings.

The recommended Final Dividend on the ordinary and deferred ordinary shares, if approved at the annual general meeting, will be paid to the members who are on the register at the close of business on 4 February 1972, and for this purpose the share register of the Company will be closed from 5 February to 18 February 1972, both days inclusive. BERKSHIRE INTERNATIONAL (S.A.) LIMITED

(Incorporated in the Republic of South Africa)

NOTICE TO SHAREHOLDERS

In the past the trading period from June to December has accounted for almost all the Company's profit in each financial year. In the five months June to October 1971, however, profitability in the hosiery division has been below budget due to severe price cutting in the industry, while expenses, in common with business in general, have continued to increase. The outerwear division continues to make progress and the Company's

Rhodesian subsidiary is well above budget for the year. The hosiery division, however, is where the bulk of the Company's profits have been generated in the past.

Shareholders are accordingly advised to expect a drop in profits for the full financial year. The Board has decided, however, in view of the conservative dividend policy maintained in past years and the fact that the Company's profits will be adequate for the purpose, to declare the preference dividend and to maintain the interim dividend on the ordinary shares at the same rate as last year.
