Opleiding in Ingenieurswese

'n Applikant wat hom met behulp van 'n Staatsdiensbeurs vir 'n loopbaan as Ingenieur in die Staatsdiens wil bekwaam, kan sy aansoek om 'n Staatsdiensbeurs by die departement/administrasie van sy keuse indien en terselfdertyd ook aansoek doen om aanstelling as 'n Toegewese Student in die betrokke departement. Die departement/administrasie sal die aansoek om 'n beurs na die Staatsdienskommissie verwys vir oorweging in medediging met ander applikante.

'n Persoon wat as Toegewese Student aangestel word, sal gedurende universiteitsvakansies in die departement/administrasie diens doen waartydens hy, ter voorbereiding vir sy toekomstige taak as volwaardige ingenieur, praktiese opleiding sal ontvang. Ten einde 'n Toegewese Student in staat te stel om voltyds klasse aan universiteite by te woon, sal sy afwesigheid van diens gedek word deur die toestaan van vakansieverlof sonder betaling (of gedeeltelik met betaling nadat hy reeds sodanige verlof verdien het).

Na voltooiing van sy universiteitsopleiding bly 'n Toegewese Student in diens van die betrokke departement/administrasie waar hy dan as Assistent-ingenieur aangestel word.

'n Applikant mag by enigeen van die departement/administrasies aangedui onder die hoof "Ingenieurswese" in die lys van voorgraadse studierigtings, aansoek doen. Die adresse van die betrokke departement/administrasies is soos volg:

Departement/Administrasie	Adres

The results and symbols of examinations to be written at the end of 1972 must be submitted by applicants immediately they become available.

Applicants who are Government employees must submit their applications through their departmental head offices.

Applications will be considered only if the forms concerned are duly completed and accompanied by the required statements of symbols. Original documents must not be submitted but only certified copies.

Address

Applications and enquiries should be addressed to the Secretary, Public Service Commission, Private Bag X121, Pretoria (Room 339, Third Floor, Northvaal Buildings, Vermeulen Street, Telephone: 3-4001).

Conditions

Successful applicants are required to take the prescribed courses of study and major subjects as laid down and to obtain the required qualifications within the minimum period laid down. Since the scheme is aimed at augmenting the personnel of the Public Service, candidates must be prepared to enter into an agreement with the Public Service Commission or the Board of Control concerned to serve the State or such Board, as the case may be, after the completion of their studies for a period equal to the number of years during which the bursary was granted.

Bursary holders who fulfil their service obligations will not be required to refund bursary moneys.

Payment of Bursary Moneys

Bursaries are granted for the minimum prescribed duration of a course (or minimum remaining prescribed duration where part of the course concerned has already been completed). Payments are made direct to the university/college in two equal amounts during April and August and are subject to satisfactory academic progress.

Training in Engineering

An applicant who wishes to qualify by means of a Public Service bursary for a career as an Engineer in the Public Service, may submit his application for a Public Service bursary to the department/administration of his choice and, at the same time, apply for appointment as an Allocated Student in the relative department. The department/administration will then refer the application for a bursary to the Public Service Commission for consideration on a competitive basis together with those of other applicants.

A person appointed an Allocated Student will, during university vacations, serve in the department/administration concerned where he will receive practical training to prepare him for his future task as a full-fledged engineer. To enable an Allocated Student to attend lectures full time at university, his absence from duty will be covered by the granting of vacation leave without pay (or partly on pay after he has already earned such leave).

After completing his university training, an Allocated Student will remain in the service of the same department/administration where he will then be appointed Assistant Engineer.

An applicant may apply to any of the departments/administrations indicated under the heading "Engineering" in the list of fields of undergraduate study. The addresses of the relative departments/administrations are as follows:
