GYPSUM INDUSTRIES LTD

INTERIM STATEMENT TO SHAREHOLDERS

As predicted in our Chairman's statement of 11 October 1972, the consolidated profit amounting to R405 942 before tax, for the six months ended 31 December 1972, was lower than for the comparative period for the previous financial year during which R503 177 profit was earned.

This drop in profits was due to a slight drop in sales and increased costs.

The need for some increase in prices has been accepted by the Price Controller. Turnover has been somewhat improved recently and we are hopeful that this improvement will be maintained during the balance of the financial year to 30 June 1973. Thus we believe that our profits for the full financial year could possibly be increased to a point where the amount for the year might well equal or slightly exceed that for the previous year.

In these circumstances it has been decided to increase the interim dividend to 11c per share, i.e. an increase of 1c per share over last year. This dividend will be payable on or about 2 April 1973, to shareholders registered in the books of the Company at the close of business on 9 March 1973.

The transfer books will be closed from 10 to 18 March 1973, both days inclusive.

In terms of the Income Tax Act of 1962, Non-Resident Shareholders' Tax will be deducted from dividends payable to shareholders whose addresses in the share register are outside the Republic of South Africa. By Order of the Board.—G. J. Olivier, Acting Secretary, Johannesburg, 22 February 1973.

INTERIM REPORT TO SHAREHOLDERS

The group unaudited operating profit for the half-year ended December 1972 compared with the same period in the previous year is as follows:

	1972 R	1971 R
Operating profit before tax.....	337 000	319 000
Tax.....	138 000	131 000
Net profit after tax.....	R199 000	R188 000
Earnings per share after payment of preference dividend.....	8,8 cents	8,3 cents
Interim dividend per share.....	4,0 cents	4,0 cents

Notwithstanding the exceptional occupational costs in the full six months under review (to which attention was drawn in the last Annual Report), the net profit improvement was 6 per cent. This was largely attributable to an increase in turnover to R8 529 000. It is anticipated that the profit for the full year will be in line with the budget, which forecast an increase of 5 per cent over the previous year.
