ANNEXURE F

Restriction: That on the forward journey from Faraday Street to Katlehong no passengers to be picked up between points after crossing the railway line and the bus terminus in Katlehong, and on the return journey to Faraday Street no passengers to be set down between the aforementioned points.

ANNEXURE B
NATALSPRUIT

(a) Due to the closure of the level crossing on 18/6/75 and the erection of a fence at Natalspruit, residents of Katlehong can no longer cross from Katlehong to our existing terminus just to the south of Juyn Street. The fence also crosses Dekema Road and Juyn Street, which prevents us from "spinning" buses at the authorised point. A census was taken at this point from Friday, 13/6/75 to Monday, 16/6/75 and shown the following:

Date	*Passengers boarding*	*Passengers alighting*
Friday, 13/6/75	1 176	970
Saturday, 14/6/75	1 708	1 773
Sunday, 15/6/75	954	960
Monday, 16/6/75	1 291	1 002

We believe that these figures show the requirement for this particular loading point.

(b) Thokoza Junction: The building of a fly-over which spans the Vereeniging Road and leads into Thokoza and the fencing-in of the sides of this fly-over and on-and-off ramps causes passengers to walk an additional distance of 600 metres or more if they wish to use our services from the authorised Thokoza loading point. Furthermore we are informed by the Transport Manager (Alberton) that priority has now been given, by Alberton Town Council, to the widening of the Vereeniging Road which will eliminate the bus stops, on both sides of the road, at this junction.

(c) The proposed routes will provide transport for the numerous passengers who have in the past made use of our services, from the points which are similarly situated to the points which, as described in (a) and (b) above, are no longer of practical value.

We have shown, on map (D), the bus stops which Alberton Town Council withdrew on 1/1/74 and must stress that any further limitation in respect of bus stops in the Alberton area would cause considerable disruption of passenger transport.

We must also draw your attention to the fact that the bus stops on the proposed routes, i.e. at Natalspruit Hospital and at Magobeng School fall within the Katlehong (Germiston) area and that the tarred road, on the Western side of Katlehong Location, which we propose using is not being used by any other bus operator.

We believe that we have shown the necessity, desirability and validity of our application and request that the Board considers this application sympathetically.

Net income	4 428 000	4 469 000
Interest of outside shareholders in subsidiaries	8 000	—
Net income attributable to shareholders of the company	R4 420 000	R4 469 000
Shares in issue	19 732 835	19 719 441
Earnings per share	22,4c	22,7c

In accordance with accounting principles and practice now generally accepted, income includes the proportion of the profits of associated companies attributable to the group.

The 1975 year saw a small reduction in net income attributable to shareholders of R49 000 and in earnings per share of 0,3c.

The dominant investment of the group remains its 50 per cent interest in the ordinary share capital of Plate Glass and Shatterprufe Industries Ltd ("PGSI"), whose income was the highest recorded, although its earnings per ordinary share fell marginally by 0,3c. The annual PGSI ordinary dividends were maintained at 30,0c per share. Income from other sources was insignificant.

Development in the field of general instalment credit was inhibited by a continuing paucity of funds and a decision has been taken to divert resources almost exclusively into those financing areas which are mutually advantageous to both Placor and PGSI. In accordance with this policy, subject to the fulfilment of certain conditions, North Midland Finance Co. (Pty) Ltd and Placor Medical and Professional Leasing Co. (Pty) Ltd have been sold.

Savings arising from reorganisation are now evident and income from group subsidiaries is likely to improve in the coming year.

The 1975 annual report will be posted to shareholders towards the end of June.

By Order of the Board,
R. F. PENNICOTT, Secretary.

CIRCULAR TO SHAREHOLDERS

ORDINARY DIVIDEND 36

Notice is hereby given that a final ordinary dividend of 19,0c per share has been declared in respect of the year ended 31 March 1975, payable to all ordinary shareholders registered at the close of business on 18 July 1975. Together with the interim dividend of 11,0c per share paid on 29 January 1975, this makes a total distribution for the year of 30,0c per share (1974—30,0c).

The relative share transfer books and register of members of the Company will be closed from 19 July 1975 to 27 July 1975, both days inclusive. Dividend warrants will be posted to shareholders on or about 14 August 1975.

In terms of the Income Tax Act 1962, as amended, a Non-resident Shareholders' Tax has been imposed on dividends payable to—

(a) persons, other than companies, not ordinarily resident nor carrying on business in the Republic;
(b) companies not registered nor carrying on business in the Republic.

The Company will accordingly deduct the tax from dividends payable to shareholders whose addresses in the share register are outside the Republic.

The consolidated net income subject to final audit, for the year ended 31 March 1975 and the audited results for the previous year were:

	Year ended 31 *March* 1975	*Year ended* 31 *March* 1974
	R	R
Net group income before taxation, including dividends from associated companies	16 792 000	15 973 000
Taxation	5 891 000	5 750 000
Net group income after taxation	10 901 000	10 223 000
Share of net income for the year retained in associated companies	405 000	409 000
	11 306 000	10 632 000
Interest of outside shareholders in subsidiaries	1 351 000	1 357 000
	9 955 000	9 275 000
Group share of amount charged against reserve in a partly owned subsidiary	46 000	29 000
Net income attributable to shareholders of the company	9 909 000	9 246 000
Preference dividends	823 000	134 000
Equity earnings	R9 086 000	R9 112 000
Ordinary shares in issue (fully paid)	14 047 673	14 024 103
Earnings per ordinary share	64,7c	65,0c

In accordance with accounting principles and practice now generally accepted, income includes the proportion of the profits of associated companies attributable to the group.

Earnings attributable to shareholders increased by R663 000; however, that attributable to ordinary shareholders decreased marginally by R26 000, as a consequence of substantial issues of preference share capital.

The directors are not dissatisfied with the performance of the Group under the conditions which prevailed. Reasonable growth was attained in the first half of the year but during the second six months the impact of sharply rising costs against a relatively static sales performance resulted in an unavoidable decline in profitability.

Although some resurgence of activity may well be experienced in 1976, the group is largely dependent on those sectors which would appear to have limited growth potential at the present time and the prospects for the short term can therefore not be viewed as particularly encouraging. However, within the economic circumstances which obtain, a successful performance should continue to be achieved.

The 1975 annual report will be posted to shareholders towards the end of June.

R. F. PENNICOTT, Secretary.

CIRCULAR TO SHAREHOLDERS

The consolidated net income, subject to final audit, for the year ended 31 March 1975 and the audited results for the previous period were:

	Year ended 31 March 1975	*Nine months ended 31 March* 1974
	R	R
Net income before taxation	435 633	427 714
Taxation	210 903	113 797
Net income after taxation	224 730	313 917
Interest of outside shareholders in subsidiaries	12 310	(219)
Net income before extraordinary item (1)	212 420	314 136
Preference dividends	30 000	22 500
Equity earnings	R182 420	R291 636
Ordinary shares in issue	2 488 642	2 435 642
Earnings per ordinary share	7,3c	11,0c

(1) The extraordinary item referred to above arises from additional assessments for tax levied against a Rhodesian subsidiary, in respect of the years 1970, 1972, 1973 and 1974. Due provision has been made as set out below, but the Company will contest all these assessments.

	Year ended 31 March 1975	*Nine months ended 31 March* 1974
	R	R
Distributable reserve at beginning of year	632 748	601 612
Profit retained before extraordinary item	68 046	182 032
Provision for extraordinary item	(561 536)	(150 896)
Transfer to non-distributable reserve	(37 531)	—
Distributable reserve at end of year	R101 727	R632 748

(2) Calculated in 1974 in anticipation of the issue of 208 730 additional ordinary shares in respect of acquisitions, which in the event were not issued.

The reduction in earnings per ordinary share was accounted for by an increase in the overall tax rate from 27 per cent in 1974 to 48 per cent in 1975.

In the buoyant conditions which existed in the building industry in the first half of the year satisfactory profitability was achieved. However, the marked decline experienced in the latter six months had a retarding effect on the progress of the group. The manufacturing divisions were the most affected and the curtailment of their activities resulted in losses being sustained.

With loss areas largely eliminated, a reasonable profit should be earned in the current year, subject to no further deterioration in trading conditions.

To enable the full implementation of the rationalisation programme to take place and to eliminate growing areas of conflict, the Board is considering a scheme for the acquisition by Plate Glass and Shatterprufe Industries Ltd, the controlling shareholder, of the shares in the Company it does not already own.

DIVIDEND PROPOSAL

It is proposed that a final ordinary dividend of 2,0c per share be paid to ordinary shareholders in respect of the year ended 31 March 1975, making a total distribution for the year of 4,5c (nine months ended 31 March 1974—4,5c). This recommendation will be put to members for their approval at the forthcoming Annual General Meeting.

The 1975 annual report will be posted to shareholders towards the end of June.
