12. Overpayments resulting from miscalculation on the part of the advertiser of the cost of publication of a notice will not be refunded, unless the advertiser furnishes adequate reasons why such miscalculation occurred. In the event of underpayments, the difference will be recovered from the advertiser, and the notices will not be published until such time as the full cost of such publication has been duly paid in uncancelled revenue stamps.

13. The Government Printer reserves the right to levy an additional charge in cases where notices, the cost of which has been calculated in accordance with the list of fixed tariff rates, are subsequently found to be excessively lengthy or to contain overmuch or complicated tabulation.

INTERIM REPORT

Interim dividend:

An interim ordinary dividend of 6c per share (1974: 6c) has been declared payable on 30 September 1975, to shareholders registered in the books of the Company at the close of business on 12 September 1975. Transfer books and register of members will be closed from 13 September 1975, to 29 September 1975, both days inclusive.

Profit:

The unaudited profit of the Group for the first six months of the current year compared with the same period last year is as follows:

	Six months ended 30 *June* 1975	*Six months ended* 30 *June* 1974
Group consolidated profit before taxation	242 307	337 879
Deduct estimated taxation	100 238	140 104
	R142 069	R197 775

Advertising volume has been lower than that of the comparable period last year but results generally are close to our estimates. In view of the steep rise in the cost of newsprint and other increases in operating costs it has been necessary to adjust advertisement rates from 1 July, which will only be fully effective from 1 October. It is difficult to predict the trend of business for the second six months but it is still expected that the final profit will be near the same level as that achieved last year.

On behalf of the Board,
T. TOFT, Chairman.
E. M. SEARLE, Deputy Chairman.
