Earnings attributable to ordinary shareholders have increased by 20 per cent over earnings during the corresponding period last year after taxation based on the increased rates now applicable. Profits are not realised evenly throughout the year in a contracting business but in the absence of unforeseen circumstances it is anticipated that an increased level of profit over 1975 will be brought to account during the 1976 financial year. Group order books stand at satisfactory levels except in the Construction Division where medium term orders are required to keep facilities adequately loaded.

After the end of the six month period under review the Corporation strengthened its capital base by making a linked issue of 1 290 434 ordinary shares at 500c per share coupled with the raising of R6 452 170 unsecured convertible 12 per cent debentures. There has therefore been a 20 per cent increase in the issued ordinary share capital and the Corporation will enjoy the benefit of this additional capital for five months only of the current financial year. The new shares rank *pari passu* with the existing ordinary shares for the dividend to be declared after the close of the financial year. Notwithstanding the foregoing, the Board anticipates that the profit will be sufficient to sustain some increase in the dividend per share.

After the issue of last year's Financial Statements the *Financial Mail* criticised your directors and auditors alleging that the documents did not comply with the Companies Act. Your directors and auditors were completely satisfied that the statements did comply and gave shareholders all the information required to appreciate the state of the Company's affairs. Eminent Senior Counsel unequivocally confirmed this view and at the Annual General Meeting the shareholders adopted the Reports unanimously.

In compliance with the Companies Act, it is reported that during the half year under review, the Group paid all preference dividends on due date and an ordinary dividend of 47c per share in respect of the financial year ended 30 September 1975 was paid to ordinary shareholders on 3 March 1976.
