1. GENERAL.

1.1 In this Schedule, unless inconsistent with the context, an expression or word to which a meaning has been assigned in the Professional Engineers' Act, 1968 (Act 81 of 1968), shall bear the same meaning, and—

"client" means any person or body corporate engaging a professional engineer in private professional consulting practice to perform on his behalf the services set forth in regulation 2, 3 or 4;

"contractor" means any person or body corporate under contract to a client to perform engineering works or part thereof and includes any subcontractor to whom any part of the works has been sublet by a contractor;

"project" means a building or scheme for all or part of which the professional engineer is commissioned;

"werke" of "ingenieurswerke" daardie gedeelte van 'n projek waarvoor die professionele ingenieur verantwoordelik is.

1.2 Die dienste waarvoor die gelde kragtens hierdie Bylae gehef kan word, word uiteengesit—

1.2.1 in regulasie 2.1, ten opsigte van ingenieursdienste wat nie met bouprojekte in verband staan nie;

1.2.2 in regulasie 3.1, ten opsigte van siviele en strukturele ingenieursdienste wat met bouprojekte in verband staan; en

1.2.3 in regulasie 4.1, ten opsigte van meganiese en elektriese ingenieursdienste wat met bouprojekte in verband staan.

1.3 Indien die gelde wat kragtens hierdie Bylae gehef kan word, op die koste van die werke bereken word, word die koste van die werke bereken soos bepaal in regulasies 2.2.3, 3.2.3 en 4.2.3.

1.4 Indien die dienste van die professionele ingenieur van 'n normale aard is, is die geld neergelê in regulasies 2.3.1, 3.3.1 en 4.3.1. van toepassing.

1.5 Indien die dienste van die professionele ingenieur van sodanige aard is dat die eise aan hom gestel buitengewoon hoog is, kan die geld neergelê in regulasies 2.3.1, 3.3.1 en 4.3.1, of dié gedeelte van sodanige geld wat ooreenstem met die koste van sodanige gedeelte van die werke, na gelang van die geval, verhoog word soos bepaal in regulasies 2.3.2.1.6, 3.3.2.1.3 en 4.3.2.1.5. Die oorsake vir die buitengewone hoeë eise aan die professionele ingenieur is nie tot die volgende beperk nie maar sluit die volgende in:

1.5.2 waar die werke aansienlike gedeeltes van uiteenlopende soorte dienste behels dermate dat die gesamentlike besondere aandag van professionele ingenieurs met bepaald verskillende kundigheid nodig is;

1.5.3 waar die werke wat onderneem word op verskilende nie-aangrensende terreine is, selfs waar sodanige werke deel uitmaak van 'n oorkoepelende aanstelling; en

1.5.4 wanneer, met die toestemming of op versoek van die kliënt, die deurlopenheid van die werke onderbreek of die werke gefragmenteer word deur dit in afsonderlike gedokumenteerde stadia of gedeeltes uit te voer.

1.6 Indien die dienste van die professionele ingenieur van sodanige aard is dat die eise aan hom gestel buitengewoon laag is, kan die geld neergelê in regulasies 2.3.1, 3.3.1 en 4.3.1, of dié gedeelte van sodanige geld wat ooreenstem met die koste van sodanige gedeelte van die werke, na gelang van die geval, verminder word soos bepaal in regulasies 2.3.2.2, 3.3.2.2 en 4.3.2.2.

1.7 Indien die dienste van die professionele ingenieur van sodanige aard is dat 'n persentasie of ander vasgestelde geld nie geskik is nie, is die geld op 'n tydbasis berekenbaar soos neergelê in regulasies 2.3.4, 3.3.4 en 4.3.4: Met dien verstande dat waar die geld op 'n tydbasis, of die voorgeskrewe tarief, onvoldoende is in vergelyking met die dienste gelewer deur 'n professionele ingenieur, 'n geskikte spesiale geld tussen die professionele ingenieur en sy kliënt beding kan word.

DIE BLOMPLANTE VAN AFRIKA

Hierdie publikasie word uitgegee as 'n geïllustreerde reeks, baie na die aard van Curtis se "Botanical Magazine". Die doel van die werk is om die skoonheid en variasie van vorm van die flora van Afrika aan die leser bekend te stel, om belangstelling in die studie en kweek van die inheemse plante op te wek, en om plantkunde in die algemeen te bevorder.

Die meeste van die illustrasies word deur kunstenaars van die Navorsingsinstituut vir Plantkunde gemaak, dog die redakteur verwelkom gesikte bydraes van 'n wetenskaplike en kunsstandaard afkomstig van verwante inrigtings.

Onder huidige omstandighede word twee dele van die werk gelykydig gepubliseer, maar met onreëlmatige tussenpose; elke deel bevat tien kleurplate. Intekengeld bedra R5 per deel (buiteland R5,25 per deel): Vier dele per band. Vanaf band 27 is die prys per band in linne gebind R30; in moroccoleer gebind R35. (Buiteland, linne gebind R31; moroccoleer R36).

Verkrybaar van die Direkteur, Afdeling Landbou-inligting, Privaatsak X144, Pretoria.

Verkoopbelasting moet by binnelandse bestellings ingesluit word.

THE FLOWERING PLANTS OF AFRICA

This publication is issued as an illustrated serial, much on the same lines as Curtis's Botanical Magazine, and for imitating which no apology need be tendered.

The desire and object of the promoters of the publication will be achieved if it stimulates further interest in the study and cultivation of our indigenous plants.

The illustrations are prepared mainly by the artists at the Botanical Research Institute, but the Editor welcomes contributions of suitable artistic and scientific merit from kindred institutions.

Each part contains 10 plates and costs R5 per part (other countries R5,25 per part). Two, three or four parts may be published annually, depending on the availability of illustrations. A volume consists of four parts. From Volume 27, the price per volume is: Cloth binding, R30; morocco binding, R35 (other countries, cloth binding R31; morocco binding R36).
