ALGEMENE KENNISGEWING

KENNISGEWING 401 VAN 1984

STAATSDIENSBEURSSKEMA.— BEURSE VIR 1985

Doel

Die doel van die Staatsdiensbeursskema is om gekeurde kandidate in staat te stel om hulle vir betrekings in die toetreange in die Staatsdiens te bekwaam.

Algemene inligting

Beurse van hoogstens R3 600 per jaar vir voltydse universiteitstudie word toegeken uit fondse van die Kommissie vir Administrasie en van die Departement van Landbou in samewerking met verskeie beheerrade. Vir studie aan kolleges en teknikons is die maksimum beursgelde R2 400 per jaar. Beurse vir deeltydse studie, wat slegs vir beamptes in die Staatsdiens beskikbaar is, bedra hoogstens R900 per jaar vir universiteite, uitgesonderd UNISA waar die beurse R700 per jaar beloop.

Maatstawwe vir toekenning

Die aantal beurse in elke rigting word bepaal deur die Staatsdiens se behoefte aan opgeleide personeel in die onderskeie rigtings en die fondse wat daarvoor beskikbaar is.

Applikante ding volgens meriete om beurse mee. Keuring vind plaas aan die hand van 'n voorafbepaalde puntstelsel gegrond hoofsaaklik op st. 10 of st. 9 en naskoolse studieprestasies. Byvoorbeeld, in die wedywing om beurse tussen nie-studente onderling (d.w.s. diegene wat reeds gematrikuleer is of wat aan die einde van 1984 gaan matrikuleer maar aan die einde van 1984 nog geen toepaslike na-st. 10 eksamen afgelê het nie) sal die applikante wat in die st. 10 of 9 eksamen met 'n gemiddelde persentasie van ten minste 60 slaag/geslaag het, voorkeur geniet bo dié nie-studente wat in genoemde eksamen minder as 60 persent behaal/behaal het.

In die wedywing om beurse word studente (m.a.w. persone reeds met na-skoolse studie besig) se studieprestasies eweneens in aanmerking geneem. Alle eksamens wat studente reeds afgelê het asook die halfjaar-vorderingsuitslae t.o.v. die studiejaar waarmee hulle besig is, tel in hulle guns.

GENERAL NOTICE

NOTICE 401 OF 1984

PUBLIC SERVICE BURSARY SCHEME.— BURSARIES FOR 1985

Purpose

The purpose of the Public Service Bursary Scheme is to enable selected candidates to equip themselves for positions in the entry grades in the Public Service.

General information

Bursaries are granted up to a maximum of R3 600 per annum for full-time university study from funds of the Commission for Administration and of the Department of Agriculture in collaboration with various boards of control. Bursaries of up to R2 400 per annum are granted for study at colleges and technikons. Bursaries for part-time study, which are available only to officers in the Public Service, amount to a maximum of R900 per annum for universities other than UNISA and to R700 per annum for UNISA.

Criteria for awards

The number of bursaries in each field is determined by the requirements of the Public Service in regard to trained personnel in the various fields and by the available funds.

Applicants compete for bursaries on merit. Selection takes place according to a predetermined system of marks based principally on Std 10 or Std 9 and post-school academic achievements. For example, in the competition for bursaries among non-students (i.e. persons who have already matriculated or who will matriculate at the end of 1984 but have at the end of 1984 not yet written any appropriate post-Std 10 examination), those applicants who pass/have passed the Std 10 or 9 examination with an aggregate of at least 60 per cent will be given preference over those non-students who pass/have passed the said examination with less than 60 per cent.

In the competition for bursaries, the study achievements of students (i.e. persons who are already doing post-school studies) are also taken into consideration. All examinations already written by students, as well as the half-yearly progress results in respect of the study year will be taken into account.

Beurse word voorwaardelik toegeken wanneer st. 9-uitslae of halfjaar-vorderingsuitslae in aanmerking geneem word. Die voorwaarde van sodanige toekennings is dat die matrikulante of studente hulle jaareindeksamens slaag en die bewyse daarvan aan die Kommissie voorlê.

Vereistes

Applikante moet—

- (i) voornemens wees om 'n Staatsdiensloopbaan te volg;
- (ii) Suid-Afrikaanse burgers wees;
- (iii) na die mening van die Kommissie vir Administrasie in goeie gesondheid verkeer;

- (v) die studies waarmee hulle besig is, aan die einde van 1984 met welslae voltooi en dus tot die daaropvolgende studiejaar (waar toepaslik) bevorder word; en

Opleidingskema vir ingenieurs

'n Applikant wat hom met behulp van 'n Staatsdiensbeurs vir 'n loopbaan as ingenieur in die Staatsdiens wil bekwaam, kan sy aansoek om 'n Staatsdiensbeurs by die departement/administrasie van sy keuse indien en terselfdertyd ook aansoek doen om aanstelling as 'n toegewese student in die betrokke departement/administrasie. Die departement/administrasie sal die aansoek om 'n beurs na die Kommissie vir Administrasie verwys vir oorweging in mededinging met dié van ander applikante.

Ten einde 'n toegewese student in staat te stel om voltydse klasse aan 'n universiteit by te woon, sal sy afwesigheid van diens gedek word deur die toestaan van vakansieverlof sonder betaling (of gedeeltelik met betaling nadat hy reeds sodanige verlof verdien het).

Na voltooiing van sy universiteitsopleiding bly 'n toegewese student in diens van dieselfde departement/administrasie, waar hy dan as Ingenieur aangestel word.

Training scheme for engineers

An applicant who wishes to make use of a Public Service bursary to qualify for a career as an engineer in the Public Service may submit his application for a Public Service bursary to the department/administration of his choice and at the same time apply for appointment as an allocated student in the department/administration concerned. The department/administration will then refer the application for a bursary to the Commission for Administration for consideration in competition with those of other applicants.

A person appointed as an allocated student will, during university vacations, serve in the department/administration concerned, where he will receive practical training to prepare him for his future task as a full-fledged engineer. To enable an allocated student to attend lectures full time at a university, his absence from duty will be covered by the granting of vacation leave without pay (or partly on pay, after he has earned such leave).

After completing his university training, an allocated student will remain in the service of the same department/administration where he will be appointed Engineer.
