Notes

⁽¹⁾ After taking into account finance payments of R9,0 m (1984—R3,2m).

⁽²⁾ At 30 September 1984 the group's policy was to record exchange losses over the term of the loan. Since that date forward cover has been obtained on all material foreign loans, and the resulting losses were fully written off on 31 March 1985.

Comments**Results**

Result for the period to 30 September 1985 were adversely affected by high interest rate levels, declining profit margins and a decrease in private consumer spending, especially in durable and semi-durable consumer goods. Certain enterprises nevertheless managed to increase their market share and new products were successfully launched.

The following is important in evaluating the results:

- Turnover increased by 7,2% but represents a negative growth in real terms.
- Operating profit as a percentage of turnover decreased from 7,1% to 6,0%.
- Interest paid increased by 32% from R35,6 m to R47,0 m. This increase is attributed to the higher rates that prevailed during the half year under review compared to that of the previous year. In addition to this the major portion of the foreign loans were redeemed with local funds.

The aggregate effect of the abovementioned caused a loss of R7,4 m for the six months to 30 September 1985 compares to a profit of R7,0 m for the corresponding period in the previous year.

The contributions of the various divisions to these results were as follows:

	Half year ended		Year ended 31 March 1985 (R'm)
	30 September 1985 (R'm)	30 September 1984 (R'm)	
Divisions			
Building material and ceramics	(2,7)	(0,1)	(4,8)
Chemicals	(0,6)	1,6	(3,6)
Services	3,6	4,6	7,6
Electronics and electrotechnical	(5,3)	(2,5)	(58,7)
Pharmaceuticals	5,5	5,3	7,5
Retail	0,5	1,0	1,9
Transport, agricultural and industrial equipment	(1,6)	(0,1)	(5,8)
Food	6,2	5,3	7,7
Sundry	0,1	0,1	0,4
	5,7	15,2	(47,8)
Corporate interest and preference dividends	(13,1)	(8,2)	(17,0)
	(7,4)	7,0	(64,8)

The service, pharmaceutical, retail and food industries produced satisfactory results especially if measured against results recently obtained in these sectors.

In contrast thereto the current weak economic climate had an extremely adverse effect on the results of some of the other industries especially those trading in durable consumer goods. Good progress is being made in restoring the profitability of the loss-making enterprises by inter alia asset reductions and cost savings.

Dividends

The board has decided not to declare an interim dividend.

Balance sheet

Capital expansions are limited to bare essentials. As a result, interest bearing debt could be maintained on the same level as at the year end.

Federale has decided not to follow its rights in the proposed R40 m rights issue of Fedfood but to place it with nominated institutions. This decision will have no immediate effect on the interest of Federale in Fedfood and when the conversion of the proposed instruments takes place Federale will still have an interest of considerably more than 50% in Fedfood.

The board has in principle accepted certain restructuring proposals that will result in decreasing the interest liabilities and strengthening the balance sheet structure.

Prospects

Although there are limited indications that the economy may improve in certain sectors, no market and general upswing is predicted for the second half of the financial year. Difficult market conditions are therefore expected for the rest of the year.

Comments

Cane and citrus production is expected to be below that of the previous year because of drought and hail damage. However it is estimated that earnings will be at the same level as last year as prices being received for sugar and citrus exports are well above those received last year as a result of the weak rand.

It is anticipated that the total dividend for the year ending 31st March 1986 will be 67 cents per share compared with 65 cents per share for 1984/85.

Interim dividend

An interim dividend of 26 (twenty-six) cents per share has been declared payable on 17th January 1986 to shareholders registered in the books of the company at the close of business on Friday 3rd January 1986.

The transfer books and register of members will be closed from 4th January 1986 to 12th January 1986, both dates inclusive. Non-resident shareholders tax will be deducted where applicable.
