DIE BLOMPLANTE VAN AFRIKA

Hierdie publikasie word uitgegee as 'n geïllustreerde reeks, baie na die aard van Curtis se "Botanical Magazine". Die doel van die werk is om die skoonheid en variasie van vorm van die flora van Afrika aan die leser bekend te stel, om belangstelling in die studie en kweek van die inheemse plante op te wek, en om plantkunde in die algemeen te bevorder.

Die meeste van die illustrasies word deur kunstenaars van die Navorsingsinstituut vir Plantkunde gemaak, dog die Redakteur verwelkom geskikte bydraes van 'n wetenskaplike en kunsstandaard afkomstig van verwante inrigtings.

Onder huidige omstandighede word twee dele van die werk in een omslag gepubliseer, maar met onreëlmatige tussenpose; elke deel bevat 10 kleurplate. Intekengeld bedra R15 per uitgawe van twee dele (buitelands R16 per uitgawe): Vier dele per band. Vanaf band 27 is die prys per band in rexine gebind R40; in luukse rexine gebind R45. (Buitelands, rexine gebind R45; luukse band R50).

Verkrygbaar van die Direkteur, Afdeling Landbouinligting, Privaatsak X144, Pretoria.

Verkoopbelasting moet by binnelandse bestellings ingesluit word..

THE FLOWERING PLANTS OF AFRICA

Two, three or four parts may be published annually, depending on the availability of illustrations. A volume consists of four parts. COMMENT

1. *Change in Accounting Policies.*—The Group has adopted more conservative accounting policies in its treatment of foreign exchange losses and royalty payments, both of which are now written off in the year in which they are incurred. The 1985 comparative figures have accordingly been restated so as to provide a proper comparison. As a result, a net amount of foreign exchange losses of R11,8 million has been provided in the Income Statement for the year ended 31st March, 1986, and the Group will not carry forward any unamortised losses into future years.

The effect of the change in the bases of accounting on the previous year's figures is to reduce last year's earnings from the previously published 168,6 cents per share to 146,2 cents per share. Had the previous accounting policies been maintained for the year ended 31st March, 1986, earnings attributable to ordinary shareholders would have shown an increase of 1,5 %, and unamortised foreign exchange losses (estimated at R12,6 million) would have been carried forward for the next three years.

As at 31st March, 1986, all foreign currency denominated liabilities of the Group were fully covered.

2. *Earnings.*—The Group's performance during the second six months of the year ended 31st March, 1986 showed a significant improvement compared to the disappointing results which were achieved during the first six months. For the year as a whole net profit attributable to ordinary shareholders rose by 15 %. Earnings per share rose by a lesser amount of 11 % as a result of the dilution factor of the new Preferred Ordinary shares which were issued in terms of the Rights Issue in December 1985.

For the second six months under review attributable earnings increased by a very satisfactory 45 % compared to the same period of the previous financial year.

The results are particularly pleasing in the light of:

—A fall in real private consumption expenditure for the second year in a row;

—An increase in the already high inflation rate;

—The declaration of a State of Emergency in a large part of South Africa, and a substantial escalation in civil unrest and consumer boycotts;

—A precipitous fall in the value of the Rand, followed by a moratorium on Foreign Debt repayment;

—Severe labour problems;

—Increased international pressure.

The better results achieved were partly due to aggressive management action in holding Group expenses to an increase of only 9 %, well below the rate of inflation for the second year in succession. The Group's working capital containment programme (which commenced in 1984) was vigorously continued and targets were exceeded for the Group as a whole; this too had an important influence on profitability.

Margins came under severe pressure as inflationary cost increases had to be absorbed; particularly in the basic food industries in which several important Divisions of the Group operate, it was simply not possible to pass increases on to already hard pressed consumers in markets with falling volumes.

3. *Financial Position.*—The Group's Balance Sheet is extremely strong with borrowings to shareholders' funds at a low 24 %.

In December 1985, the Group had its first ever Rights Issue. 6 824 583 Preferred Ordinary shares were issued at R15 each, and subscribed for to the extent of 99,5 %. This Issue will obviously help to contain the cost of Group borrowings as well as provide funds for future developments.

4. *The South African Breweries Limited.*—The South African Breweries Limited, in which the Group has a 36 % interest, increased earnings per share by 3 %, a very creditable performance in a most difficult year. The dividend was increased from 36 cents to 37 cents for the year ended 31st March, 1986.

5. *Extraordinary Items*.—Excluded from the above earnings are extraordinary items totalling R12,3 million, which were written off during the current financial year. These mainly comprise costs arising out of the discontinuation of operations closed or sold by the Group.

6. *Future Prospects*.—Due to the current political instability and poor economic environment, it is difficult to accurately project Group results for the year ahead. The budgets reflect an anticipated increase in earnings, but are heavily dependent on no further political deterioration taking place in South Africa and no additional damaging international sanctions or boycotts being imposed.

7. *Dividends*.—In view of the strength of the Group's Balance Sheet and the substantial retained earnings of equity accounted associates, the Board of Directors has maintained the dividend at last year's level. Accordingly a final dividend of 54 cents per share has been declared, thus maintaining a total dividend for the year of 86 cents (1985: 86 cents).

In terms of the Company's Articles of Association and the rights attaching to the Preferred Ordinary shares, a dividend of 40,3 cents per share (1985: NIL) is payable to the holders of the Preferred Ordinary shares.

On behalf of the Board.—A. H. Bloom, Chairman, P. G. A. Wrighton, Deputy Chairman.

Kommentaar

Aandeelhouers word daaraan herinner dat die finansiële jaareinde tot 30 September verander is, vandaar die vereiste vir 'n tweede tussentydse verslag.

Soos in ons eerste tussentydse verslag in die vooruitsig gestel, het moeilike bedryfstoestande wel in die tweede helfte voorgekom; nogtans het ons netto verdienste vir die twaalf maande tot 31 Maart 1986 'n bevredigende groei van 19 % getoon.

Hierdie resultate is behaal na voldoende voorsiening gemaak is, sonder om enigsins die sterkte van ons interne reserwes te benadeel.

Beide Die Eksekuteurskamer en Fidelity Bank het bevredigende resultate ten opsigte van hulle tradisionele bedrywighede behaal, met bemoedigende groei in die bates deur hulle geadministreer.

Bedryfstoestande bly uitdagend en dit sal moeilik wees om dieselfde vlak van groei in winste te handhaaf.

Namens die direksie, S. Lewis, Voorsitter, R. E. Lippstreu, Ondervoorsitter.

Verklaring van Dividend

Kennis geskied hiermee dat 'n tweede tussentydse dividend van 54 sent per aandeel (1985-50 sent) verklaar is ten opsigte van die agttien maande eindigende 30 September 1986.

Dividendtjeks sal op ongeveer 16 Junie 1986 gepos word aan aandeelhouers wat met die sluiting van sake op 2 Junie 1986 geregistreer is.

Kragtens die Inkomstebelastingwet sal Suid-Afrikaanse nie-inwonersbelasting teen 'n koers van 15 % van dividende afgetrek word, waar van toepassing.

Op las van die direksie.—J. Kevitt, Sekretaris, 20 Mei 1986.

Comments

Shareholders are reminded that the financial year end has been changed to 30 September, hence the necessity for a second interim report.

As forecast in our first interim report, the difficult trading conditions during the second half of the year materialised; nevertheless net earnings for the 12 months to 31 March 1986 showed a satisfactory growth of 19 %.

In achieving this result, prudent provisions have been made without in any way affecting the strength of inner reserves.

Both The Board of Executors and Fidelity Bank achieved satisfactory results in their traditional activities, with an encouraging growth in assets under administration.

Trading conditions continue to be challenging and it may well be difficult to maintain the same level of growth in profits.

On behalf of the board of directors, S. Lewis, Chairman, R. E. Lippstreu, Deputy Chairman.

Declaration of Dividend

Notice is hereby given that a second interim dividend of 54 cents per share (1985-50 cents) has been declared in respect of the eighteen months ended 30 September 1986. Dividend cheques will be mailed on or about 16 June 1986 to shareholders registered at the close of business on 2 June 1986.

In terms of the Income Tax Act, South African non-resident shareholders' tax at the rate of 15 % will be deducted from dividends where applicable.

By Order of the Board of directors.—J. Kevitt, Secretary, 20 May 1986.
