ANNEXURE B

The applicant wish to render a service to the public of Krugersdorp and surrounding areas. He belong to the same race group as the majority of the people to be served. He has the financial ability and experience to render this proposed service, in a satisfactory manner.

The applicant is presently the holder of one permit to operate a taxi service in the Krugersdorp area. Due to this fact, he is always requested by people living in the said area and who need to travel to places like Klerksdorp and Zeerust. As these people does not have the financial ability to own their own vehicles. They have to rely on the existing public services, to satisfy their traveling needs.

Presently there are no public service operating between the said areas directly and these people find it very difficult to find suitable transport, to visit their homes as often as needed. They presently have to use the existing train service, which is not suitable or satisfactory because of the fact that it takes a very long time. This train service is also not suitable, as it still means that when they arrive at either Klerksdorp or Zeerust, they have to use alternative transport, to their final destination. These services are not always readily available, with the result that the people often have to wait for very long periods of time, before being able to continue their journey. They are often forced to use one of the illegal taxis operating in the said areas. Which is not in the public interest suitable or desirable.

In the light of the above mentioned facts, the applicant is of the opinion that a very great need for this proposed service exists. He therefore respectfully requests the board to grant this application, as applied and allow the applicant the opportunity to expand his present taxi service.
