Comment:

During the period under review the company established a new base for future growth by purchasing four farms in the Komatipoort area of the Eastern Transvaal. These farms are only partially developed and the timing of further development will depend on the establishment of a sugar mill in the region. Apart from sugar cane this highly productive area is able to produce other crops such as citrus, cotton and bananas.

In addition a fully productive cane and fruit farm was purchased in the Nkwalini Valley.

The cost of these farms was financed by the sale of the shares held in Anglo American Gold Investment Company Limited and T & N Holdings Limited as well as by an increase in borrowings.

It is not anticipated that these acquisitions will have any material effect on the current years earnings.

Based on the above figures the directors estimate that the dividend for the year will be 125 cents per share.

INTERIM DIVIDEND

An interim dividend of 50 cents per share has been declared payable on 11 January 1990 to shareholders registered in the books of the company at the close of business on Friday 22 December 1989.

The transfer books and register of members will be closed from 23 December 1989 to 31 December 1989, both dates inclusive.
