Die Raad op Tariewe en Handel het 'n klag ontvang waarin daar beweer word dat invoer van pype- en buis-aanhegtings van swart en gegalvaniseerde smeebare gegote yster ingevoer vanaf of afkomstig van die Volksrepubliek Sjina, Hongkong en Thailand in Suid-Afrika gedump word, waardeur wesentlike skade aan die Suid-Afrikaanse Vervaardigingsnywerheid berokken word.

Die applikant

Die klag, is gelê deur die "South African Rolled Steel Co-ordinating Council" op versoek van Salcast (Pty) Ltd, die enigste vervaardiger van die betrokke produkte in Suid-Afrika. Die applikant beweer dat Salcast marktaandeel verloor omdat buis- en pypaanhegtings van swart en gegalvaniseerde smeebare gegote yster in toenemende hoeveelhede teen pryse laer as die binelandse vervaardigingskoste ingevoer word.

Die produkte

With only a few exceptions where the dimensions of the products exceed those of the normal commercial range, the above products comprise the entire range of tube and pipe fittings that is used in South Africa.

The allegation of dumping

The products concerned are being imported into South Africa from the People's Republic of China (PRC), Hong Kong and Thailand at very low prices. Although imports at low prices do not necessarily constitute dumping, the following has to be taken into consideration:

(a) Brazil played a leading role in the export of tube and pipe fittings to South Africa during 1989 and 1990. Imports from Brazil, as well as the market share of the South African manufacturer, decreased dramatically during 1991 and 1992 owing to severe price under cutting of approximately R1 000 per tonne on an f.o.b. basis by the abovementioned countries; and

Die bogenoemde produkte omvat, met slegs 'n paar uitsonderings waar die groottes dié van die normale produkreeks oorskry, die totale reeks buis- en pypaanhegtings wat in Suid-Afrika gebruik word.

Die bewering van dumping

Die betrokke produkte word na Suid-Afrika ingevoer uit die Volksrepubliek Sjina, Hongkong en Thailand teen baie lae pryse. Alhoewel invoer teen lae pryse nie noodwendig beteken dat die produk gedump word nie, moet die volgende in aanmerking geneem word:

(a) Brasilië het 'n leidende rol gespeel in die uitvoer van buis- en pypaanhegtings na Suid-Afrika gedurende 1989 en 1990. Invoer uit Brasilië, sowel as die marktaandeel van die Suid-Afrikaanse vervaardiger, het gedurende 1991 en 1992 dramaties gedaal as gevolg van prysondersnyding van ongeveer R1 000 per ton op v.a.b.-vlak deur bogenoemde lande; en

(b) production costs and prices in the PRC are not market-related.

Consequently, the probability of dumping of tube and pipe fittings of black and galvanised malleable cast iron imported from the People's Republic of China, Hong Kong and Thailand does exist.

The allegation of injury

With regard to injury, an analysis of the development of the volume of imports indicates an increase in imports from both the PRC and Hong Kong from 1991 to 1992, even though total imports remained more or less the same. An analysis of the exporters' share of total imports shows that the PRC increased its share from 2 per cent in 1991 to 15 per cent in 1992, while Hong Kong increased its share from 23 per cent to 26 per cent over the same period and Thailand's share decreased from 13 per cent in 1991 to 6 per cent in 1992.

Consumption on the South African market decreased by 53 per cent, from 2 673 tonnes in 1990 to 1 262 tonnes in 1991. But even though the South African market decreased, imports from the abovementioned countries gained market share to such an extent that the South African manufacturer is currently supplying only a small percentage of the market.

It is further alleged that the prices at which these imports are sold on the South African market are significantly lower than the prices charged by the South African manufacturer, which has been forced to reduce its prices to a level insufficient to provide an adequate return or even to cover its costs.

The procedure

Having decided that there is sufficient evidence to warrant the initiation of an anti-dumping investigation, the Board accepted the complaint and commenced an investigation into the matter. The Board will endeavour to determine whether imports from the People's Republic of China, Hong Kong and Thailand can be regarded as being dumped in terms of section 1 (a) of the Board of Trade and Industry Amendment Act (Act No. 60 of 1992), whether such alleged dumped imports are causing or are threatening to cause material injury to the domestic industry and whether it would be in the public interest to impose anti-dumping duties. Interested parties may make their views known in writing, in particular by replying to the questionnaire addressed to the parties known to be concerned, and by providing supporting evidence. Furthermore, the Board will hear parties who so request when making their views known, provided they can show that they are likely to be affected by the result of the investigation.

Time limit

Any information relating to the matter, any arguments concerning the allegation of dumping and injury resulting therefrom and any request for a hearing should be sent in writing to reach the Chairman, Board on Tariffs and Trade, Private Bag X753, Pretoria, 0001, not later than 37 days after the date of publication of the official notice or, for parties known to be concerned, the date on which the letter accompanying the abovementioned questionnaire is received, whichever date is the later. Any party who has not received the questionnaire may request a copy direct from the Board.

(b) produksiekoste en pryse in die Volksrepubliek Sjina is nie markgerig nie.

Gevolglik bestaan die moontlikheid dat buis- en pyp-aanhegtings van swart en gegalvaniseerde smeebare gegote yster ingevoer uit die Volksrepubliek Sjina, Hongkong en Thailand, gedump kan wees.

Die bewering van skade

Met betrekking tot skade toon 'n analise van die ontwikkeling van die volume invoer 'n styging in invoer uit die Volksrepubliek Sjina en Hongkong van 1991 tot 1992 niesteenstaande die feit dat totale invoer min of meer dieselfde gebly het. 'n Analise van die uitvoerder se aandeel van totale invoere dui daarop dat die Volksrepubliek Sjina se aandeel gestyg het van 2 per sent in 1991 tot 15 persent in 1992. Hongkong se aandeel het gestyg van 23 persent tot 26 persent in dieselfde tydperk, terwyl Thailand se aandeel gedaal het van 13 persent in 1991 tot 6 persent in 1992.

Verbruik in die Suid-Afrikaanse mark het met 53 persent gedaal van 2 673 ton in 1990 tot 1 262 ton in 1992. Niesteenstaande die feit dat die Suid-Afrikaanse mark gedaal het, het invoer van bogenoemde lande hul marktaandeel laat styg tot so 'n vlak dat die Suid-Afrikaanse vervaardiger tans net 'n klein gedeelte van die mark bedien.

Daar word verder beweer dat die pryse waarteen die ingevoerde produkte in die Suid-Afrikaanse mark verkoop word, beduidend laer is as die pryse wat deur die Suid-Afrikaanse vervaardiger gevra word. Hy word gedwing om sy pryse te verlaag tot 'n vlak wat onvoldoende is om 'n bevredigende opbrengs te lewer of selfs om sy koste te dek.

Die prosedure

Nadat besluit is dat daar voldoende bewyse bestaan om 'n ondersoek na dumping te regverdig, het die Raad gevolglik die aansoek aanvaar en met die ondersoek begin. Die Raad sal poog om te bepaal of die invoer uit die Volksrepubliek Sjina, Hongkong en Thailand ingevolge artikel 1 (a) van die Wysigingswet op die Raad op Tariewe en Handel (Wet No. 60 van 1992), as dumping beskou kan word, of die betrokke nywerheid wesentlike skade, of die bedreiging van skade, ondervind as gevolg van die beweerde gedumpte goedere en of dit in openbare belang is om antidumpingregte op die betrokke invoere te hef. Belanghebbende partye word versoek om skriftelik kommentaar te lewer, spesifiek deur op die vraelys gerig aan die partye wat geraak word, te reageer en deur stawende inligting te verskaf. Verder is die Raad bereid om partye wat dit versoek wanneer hulle hul kommentaar indien, aan te hoor, mits hulle kan bewys dat die uitslag van die ondersoek hulle kan beïnvloed.

Die tydsbeperking

Enige inligting met betrekking tot die saak, enige argumente betreffende die bewering van dumping en skade voortspruitend daaruit en enige versoek om deur die Raad aangehoor te word moet skriftelik gerig word aan die Voorsitter, Raad op Tariewe en Handel, Privaat Sak X753, Pretoria, 0001, en moet die Raad bereik nie later nie as 37 dae na die publikasie van die amptelike kennisgewing of, ten opsigte van belanghebbende partye waarvan die Raad bewus is, die datum waarop die brief wat bogenoemde vraelys vergesel, naamlik die jongste datum, ontvang word. Enige instansie wat nie 'n vraelys ontvang nie, kan 'n kopie direk van die Raad aanvra.

If the necessary information and arguments are not submitted in an adequate form by the above deadline, the Board may make preliminary or final findings on the basis of the facts available.

Enquiries should be directed to Mr George Geringer at Telephone (012) 310-9815 or Telefax (012) 322-0149.
