**Notes • Opmerkings****(i) THE EMPLOYEE AND THE DOCTOR**

The employee is permitted to choose freely his own doctor, and no interference with this privilege is permitted as long as it is exercised reasonably and without prejudice to the employee himself or the Compensation Fund. The only exceptions to this rule are those cases where employers, with the Compensation Commissioner's approval, provide their own medical aid facilities in toto, i.e. including hospital, nursing and other services—section 78 of the Act.

In terms of section 42 either the Compensation Commissioner or an employer may send the injured employee to another doctor chosen by him (Compensation Commissioner or employer) for a special examination and report. Special fees are payable for this service.

In the event of a change of doctors attending a case, the first doctor in attendance will, except where the case is handed over to a specialist, be regarded as the principal, and payment will normally be made to him. To avoid disputes, **doctors should refrain from treating a case already under treatment without first discussing it with the first doctor.** As a general rule, changes of doctor are not favoured, unless there are sufficient reasons therefore.

If an injured employee is in need of emergency treatment, the doctor should act in the same manner as he would to any patient who needs his urgent help. He should not, however, ask the Compensation Commissioner to authorise such treatment before the claim has been admitted as falling within the scope of the Act. It should be remembered that an employee seeks medical advice at his own risk. If, therefore, an employee represents to his doctor that he is a Compensation for Occupational injuries and Diseases Act case and yet fails to claim the benefits of the Act, leaving the Compensation Commissioner, or his employer, in ignorance of any possible grounds for a claim, the insurance fund concerned cannot accept any responsibility for any medical expenses incurred. In such circumstances the employee would be in the same position as any other member of the public as regards payment of his medical expenses.

**(i) DIE WERKNEMER EN DIE GENEESHEER**

Die werknemer het 'n vrye keuse van geneesheer en geen inmenging met hierdie voorreg word toegelaat solank dit redelik en sonder nadeel vir die werknemer self of die Vergoedingsfonds uitgeoefen word nie. Die enigste uitsonderings op hierdie reël is in daardie gevalle waar die werkgewers met die goedkeuring van die Vergoedingskommissaris hul eie geneeskundige dienste in die geheel voorsien, d.i. insluitende hospitaal-, verplegings- en ander dienste—artikel 78 van die Wet.

Kragtens die bepalings van artikel 42 mag die Vergoedingskommissaris of die werkewer na gelang van die geval, 'n beseerde werknemer na 'n ander geneesheer deur hom (Vergoedingskommissaris of werkewer) aangewys, stuur vir 'n spesiale ondersoek en verslag. Spesiale gelde is betaalbaar vir hierdie dienste. Hierdie ondersoek word uit die aard van die saak feitlik uitsluitlik deur spesialiste gedoen.

In die geval van verandering van geneeshere wat 'n geval behandel, sal die eerste geneesheer wat behandeling toegedien het, behalwe waar die geval aan 'n spesialis oorhandig is, as die lasgewer beskou word en betaling sal normaalweg aan hom gemaak word. Ten einde geskille te voorkom, moet geneesheere hul daarvan weerhou om 'n geval wat reeds onder behandeling is te behandel sonder om dit eers met die eerste geneesheer te bespreek. Oor die algemeen word veranderings van geneeshere, tensy voldoende redes daarvoor bestaan, nie aangemoedig nie.

In gevalle waar 'n beseerde werknemer noodbehandeling benodig, moet die geneesheer op diëselfde wyse as teenoor enige pasiënt wat sy hulp dringend nodig het optree. Hy moet egter nie die Vergoedingskommissaris vra om sulke behandeling goed te keur alvorens aanspreeklikheid vir die eis kragtens die Wet aanvaar is nie. Dit moet in gedagte gehou word dat 'n werknemer geneeskundige behandeling op sy eie risiko soek. As 'n werknemer dus aan 'n geneesheer voorgee dat hy 'n geval is onder die Wet op Vergoeding vir Beroepsbeserings en Siektes en tog versuim om die voordele van die Wet te eis deur die Vergoedingskommissaris of sy werkgewer in die duister te laat van enige moontlike gronde vir 'n eis, kan die betrokke versekeringsfonds geen aanspreeklikheid aanvaar vir geneeskundige onkoste wat aangegaan is nie. Onder sulke omstandighede sou die werknemer in diëselfde posisie verkeer as enige lid van die publiek wat betaling van sy geneeskundige onkoste betref.

- (ii) Except where otherwise stated the fees charged for services of a general practitioner shall be two-thirds of the fees of the specialist for the same service • Behalwe waar anders bepaal, is die gelde gehef vir die dienste van 'n algemene praktisyn twee-derdes van die gelde van 'n spesialis vir diëselfde diens.
- (iii) Monetary values have been rounded off to the nearest 10 cents on the basis that monetary values ending with a 1 to 4 cents value must be rounded off to the lower zero, and that 5 to 9 cents must be rounded off to the upper zero • Geldwaardes is afgerond tot die naaste 10 cent op die basis dat geldwaardes wat eindig met 'n 1 tot 4 sent waarde afgerond word tot die laer zero, en dat 5 tot 9 sent afgerond moet word tot die hoër zero.

### GENERAL RULES GOVERNING THE TARIFF ALGEMENE REËLS VAN TOEPASSING OP DIE TARIEF

#### A. Consultations: Definitions • Konsultasies: Definisies

- (i) *First consultation:* Refers to a situation where a medical practitioner personally takes down a patient's medical history, performs an appropriate clinical examination and, if indicated, prescribes or administers treatment • *Eerste konsultasie:* Verwys na 'n situasie waar die geneesheer persoonlik die pasiënt se mediese geskiedenis afneem, 'n toepaslike kliniese ondersoek uitvoer en indien aangedui 'n behandeling voorskryf of toedien.
- (ii) *Subsequent consultation:* Refers to a voluntarily scheduled consultation performed for the same condition within four (4) months after the first consultation (although the symptoms or complaints may differ from those presented during the first consultation). It may imply taking down a medical history and/or a clinical examination and/or prescribing or administering of treatment and/or counselling • *Opvolgkonsultasie:* Verwys na 'n willekeurig geskeduleerde konsultasie wat binne vier (4) maande na 'n eerste konsultasie in verband met diëselfde siektetoestand uitgevoer word (hoewel die simptome of klaktes mag verskil van wat tydens die eerste konsultasie aan die geneesheer voorgehou is). Dit kan die afneem van 'n siektegeskiedenis en/of kliniese ondersoek en/of die voorskryf of toedien van 'n behandeling en/of raadgiving behels.
- (iii) *Hospital visits:* Where a procedure or operation was done, hospital visits are regarded as part of the normal after-care and no fees may be levied. Where no procedure or operation was carried out fees may be charged for hospital visits according to item 0110 for the first two weeks. Subsequent for the first two weeks of hospitalisation fees may be charged according to item 0111 for every week thereafter. Item 0109 should be used for a hospitalisation period of less than one week • *Hospitaal besoeke:* In gevalle waar 'n prosedure of operasie deur 'n geneesheer uitgevoer is, word hospitaal besoeke beskou as deel van die normale nasorg en mag geen gelde gehef word nie. In gevalle waar daar nie 'n prosedure of operasie uitgevoer is nie mag gelde volgens item 0110 vir die eerste twee weke van hospitalisasie gehef word. Na afloop van die eerste twee weke mag daar volgens item 0111 vir elke daaropvolgende week gelde gehef word. Item 0109 moet gebruik word vir 'n hospitalisasieperiode van minder as 'n week.

#### B. Normal hours versus after-hours: Normal working hours refer to the period 08:00 to 17:00 on Mondays to Fridays; the period 08:00 to 13:00 on Saturdays; as well as all other periods voluntarily scheduled (even when for the convenience of the patient) by a medical practitioner for the rendering of services. All other periods are regarded as after-hours. Public holidays are not regarded as normal working days and involuntarily scheduled work performed on such days is regarded as after-hours work. Services are scheduled involuntarily for a specific time, if for medical reasons the doctor should not render the service

at an earlier or later opportunity • *Normale werksure teenoor na-ure:* Normale werksure verwys na die tydperk 08:00 tot 17:00 op Maandae tot Vrydae; die tydperk 08:00 tot 13:00 op Saterdae; asook alle ander tye wat die geneesheer willekeurig skeduleer (al is dit vir die pasiënt se gerief) vir die lewering van dienste. Alle ander tye geld as na-ure. Openbare vakansiedae geld nie as normale werksdae nie en onwillekeurige geskeduleerde werk wat op hierdie dae verrig word, geld as na-ure werk. Dienste word onwillekeurig geskeduleer vir 'n spesifieke tyd indien die geneesheer om mediese redes nie die diens by 'n vroeëre of latere geleentheid behoort te lever nie.

- C. The fee that may be charged in respect of the rendering of a service not listed in this tariff of fee shall be based on the fee in respect of a comparable service • Die bedrag wat gehef kan word ten opsigte van die lewering van 'n diens wat nie in hierdie geldetarief ingesluit is nie, moet gebaseer wees op die bedrag vir 'n vergelykbare diens.
- D. Unless timely steps are taken to cancel an appointment for a consultation the relevant consultation fee shall be payable by the employee. In the case of a general practitioner "timely" shall mean two hours and in the case of a specialist 24 hours prior to the appointment. Each case shall however, be considered on merit and, if circumstances warrant, no fee shall be charged • Tensy stappe vroegtydig gedoen word om 'n afspraak vir 'n konsultasie te kanselleer, sal die werknemer aanspreeklik wees vir die konsultasie-gelde. In die geval van 'n algemene praktisyn beteken "vroegtydig" twee uur en in die geval van 'n spesialis 24 uur vór die afspraak. Elke geval word egter op meriete beskou en, indien omstandighede dit regverdig, word geen gelde gehef nie.
- E. The appropriate fee may be charged for all pre-operative consultations with the exception of a routine pre-operative visit at the hospital • Die toepaslike gelde mag gehef word vir alle pre-operatiewe konsultasies met die uitsondering van roetine pre-operatiewe besoek by die hospitaal.
- F. Where applicable fees for administering injections and/or infusions may only be charged when done by the practitioner himself • Waar toepaslik mag gelde vir die toediening van inspuitings en/of infusies alleenlik gehef word indien deur die praktisyn self toegedien.
- G. Unless otherwise stated, the fee in respect of an operation or procedure shall include normal after-care for a period not exceeding four months. Where the surgeon does not himself complete the after-care, it shall be his responsibility to arrange for this to be done without extra charge: Provided that in the case of post-operative treatment of a prolonged or specialised nature, such fee as may be agreed upon between the surgeon and the Compensation Commissioner, may be charged. Where an employee met with an accident and received medical treatment away from home and afterwards have to be transferred to his hometown, treatment may be taken over by another doctor who will be entitled to further payment • Tensy anders vermeld, sluit die gelde ten opsigte van 'n operasie of prosedure normale nasorg in oor 'n tydperk wat nie vier maande oorskry nie. Indien die chirurg nie self die nasorg voltooi nie, is dit sy verantwoordelikheid om te reël dat dit gedoen word sonder enige bykomende vordering: Met dien verstande dat in die geval van na-operatiewe behandeling van 'n langdurige of gespesialiseerde aard, gelde waaroor die chirurg en die Vergoedingskommissaris ooreengekom het, gehef kan word. Waar 'n werknemer 'n ongeval opdoen en mediese behandeling ontvang weg van sy tuiste en daarna teruggeplaas moet word na sy tuisdorp kan die behandeling van die werknemer oorgeplaas word in welke geval die geneesheer wat die behandeling oorneem geregtig sal wees op verdere betaling.
- H. Items involving removal of lesions include follow-up treatment for four months • Waar 'n letsel verwijder word, sluit die vergoeding ook vier maande opvolging in.
- I. Fees for all pathology investigations performed by members of other disciplines (where permissible): See section for Pathology. (Refer to M 0097.) • Gelde vir alle patologie ondersoeke wat uitgevoer word deur lede van ander dissiplines (waar toelaatbaar): Kyk afdeling Patologie. (Verwys na W 0097.).
- J. In exceptional cases where the tariff fee is disproportionately low in relation to the actual services rendered by a medical practitioner, a higher fee may be negotiated. Conversely, if the fee is disproportionately high in relation to the actual services rendered, a lower fee than that in the tariff should be charged • In buitengewone gevalle waar die tariefgelde buite verhouding laag is in vergelyking met die werklike dienste deur 'n geneesheer gelewer, is hoër gelde onderhandelbaar. Aan die anderhand, as die gelde buite verhouding hoog is met betrekking tot die werklike dienste gelewer, moet 'n laer bedrag as dié wat in die geldetarief aangegee word, gevra word.

**K.** Save in exceptional cases the services of a specialist shall be available only on the recommendation of the attending general practitioner. Medical practitioners referring cases to other medical practitioners shall, if known to them, indicate in the reference that the patient was injured in an "accident" and this shall also apply in respect of specimens sent to pathologists • Behalwe in buitengewone gevalle is die dienste van 'n spesialis beskikbaar slegs op aanbeveling van die huisarts wat oor die geval gaan. Geneeshere wat pasiënte na ander geneeshere verwys, moet, indien hulle daarvan bewus is dat die pasiënt in 'n "ongeval" beseer is, dit in die verwysing meld en dieselfde geld ten opsigte van monsters wat na patoloë gestuur word.

**L.** If a procedure is performed at the time of an initial or subsequent consultation, the fee for the consultation plus the fee for the procedure is charged • Indien 'n prosedure uitgevoer word tydens 'n eerste of daaropvolgende konsultasie, word die bedrag vir die konsultasie sowel as die bedrag vir die prosedure gehef.

**M.** If such a procedure, planned at an initial or subsequent consultation, is performed at another time, the fee for the procedure only is charged • Indien sodanige prosedure, wat beplan word tydens 'n eerste of daaropvolgende konsultasie, uitgevoer word tydens 'n later geleentheid, word slegs die gelde vir die prosedure gehef.

**N.** (a) No additional fee may be charged for a service for which the fee is indicated as "**per consultation**". Such services are regarded as part of the consultation performed at the time the condition is brought to the doctor's attention • Geen bykomende gelde kan vir dienste waaroor die gelde aangegee word as "**per konsultasie**", gehef word nie. Sulke dienste word gereken as deel van die konsultasie waartydens die toestand onder die geneesheer se aandag gebring word.

(b) Where a fee for any service is prescribed herein, the medical practitioner shall not be entitled to payment calculated on a basis of visits or examinations made where such calculation would result in the prescribed fee being exceeded • Waar gelde ten opsigte van enige diens hierin voorgeskryf word, is die geneesheer nie op betaling bereken op die getal besoeke afgelê of die getal ondersoek gedoen, geregtig as so 'n berekening 'n hoër bedrag as die voorgeskrewe gelde beteken nie.

(c) The number of consultations must be in direct relation to the seriousness of the injury and should more than 20 consultations be necessary, the Compensation Commissioner must be furnished with a detailed motivation • Die aantal konsultasies moet in direkte verhouding staan tot die erns van die besering en indien meer as 20 konsultasies nodig is, moet volledige motiverings aan die Vergoedingskommissaris verskaf word.

(d) A single fee for a consultation/visit shall be paid to a medical practitioner who gives a single treatment to an injured employee who thereafter passes to the permanent care of another medical practitioner, not being a partner or assistant of the first. The responsibility for furnishing the first medical report in such a case ordinarily rests with the second practitioner • 'n Bedrag ten opsigte van een konsultasie/besoek word aan 'n geneesheer betaal vir 'n enkele behandeling van 'n beseerde werknemer wat daarna onder die permanente sorg kom van 'n ander geneesheer wat nie 'n vennoot of assistent van eersgenoemde geneesheer is nie. In so 'n geval berus die verantwoordelikheid om die eerste mediese verslag te verstrek gewoonlik by die tweede praktisyn.

**O.** (a) An employee should be hospitalised only if and for such a period his condition justifies *full-time* "medical aid" • Hospitalisasie van 'n werknemer moet slegs geskied indien en vir so lank as wat sy toestand *voltydse* "geneeskundige behandeling" vereis.

(b) Occupational therapy/Physiotherapy. The same principles set out in modifier 0077 will apply when an employee is referred to a therapist • Arbeidsterapie/Fisioterapie. Indien 'n werknemer verwys word na 'n terapeut sal dieselfde beginsels geld soos by wysiger 0077.

(c) In the case of costly or prolonged medical services or procedures the medical practitioner shall first ascertain in writing from the Compensation Commissioner for what amount the Compensation Commissioner will accept responsibility in respect of such treatment • In geval van duur of langdurige mediese dienste of prosedures, moet die geneesheer skriftelik vooraf by die Vergoedingskommissaris vasstel watter geldelike verantwoordelikheid die Vergoedingskommissaris sal aanvaar ten opsigte van die behandeling van daardie spesifieke pasiënt.

**P. Travelling fees/Reisgelde**

- (a) Where, in cases of emergency, a practitioner was called out from his residence or rooms to an employees home or the hospital, travelling fees can be charged according to Section IV if he had to travel more than 16 kilometres in total • Waar 'n praktisyen in noodgevalle vanaf sy huis of kamers na 'n werknemer se woning of 'n hospitaal uitgeroep word, kan reisgelde gehef word volgens Afdeling IV indien hy meer as 16 kilometer in totaal moet reis.
- (b) If more than one employee would be attended to during the course of a trip, the full travelling expenses must be divided *pro rata* between the relevant employees • Indien meer as een werknemer tydens 'n reis aandag geniet, moet die volle reisgelde *pro rata* tussen die werknemers verdeel word.
- (c) A practitioner is not entitled to charge for any travelling expenses or travelling time to his rooms • 'n Praktisyen is nie geregtig om gelde te hef vir enige reiskoste of reistyd na sy kamers nie.
- (d) Where a practitioner's residence would be more than 8 kilometres away from a hospital, no travelling fees may be charged for services rendered at such hospitals, except in cases of emergency (services not voluntarily scheduled) • Waar 'n praktisyen se woning meer as 8 kilometers vanaf 'n hospitaal geleë is, mag geen reisgelde gehef word vir dienste gelewer in sodanige hospitale nie, behalwe in noodgevalle (onwillekeurig geskeduleerde dienste).
- (e) Where a practitioner conducts an itinerant practice, he is not entitled to charge fees for travelling expenses except in cases of emergency (services not voluntarily scheduled) • Waar 'n praktisyen 'n rondreispraktyk bedryf, is hy nie geregtig om reisgelde te hef nie, behalwe in noodgevalle (onwillekeurig geskeduleerde dienste).

### **GENERAL MODIFIERS GOVERNING THE TARIFF**

#### **ALGEMENE WYSIGERS VAN TOEPASSING OP DIE TARIEF**

- 0001** For involuntarily scheduled after-hours emergency radiological services, the additional premium shall be 50% of the fee for the particular services (section 19.12 excluded). See general rule B • Vir onwillekeurig geskeduleerde na-ure radiologiese nooddienste, is die addisionele premie 50% van die gelde vir die spesifieke diens (afdeling 19.12 uitgesluit). Raadpleeg algemene reël B.  
For after-hours MR scans, a maximum levy of R470,00 is applicable • Vir na-ure MR skanderings is 'n maksimum heffing van R470,00 van toepassing.
- 0002** Item 38/0101 is applicable only where a radiologist is requested to give a written report on X-rays taken elsewhere and submitted to him • Item 38/0101 is van toepassing slegs wanneer 'n radioloog gevra word om 'n skriftelike verslag te gee oor X-strale wat elders geneem is en aan hom voorgelê word.
- 0003** The fee in respect of more than one abdominal operation or procedure performed through the same incision shall be 100% of the fee in respect of the major operation or procedure plus 50% of the fee for the second operation or procedure, plus 25% of the fee for the third procedure or operation, with a maximum of two such additional operations or procedures • Die gelde ten opsigte van meer as een abdominale operasie of prosedure deur dieselfde insnyding gedoen, is 100% van die gelde vir die groter operasie of prosedure plus 50% van die gelde vir die tweede operasie of prosedure, plus 25% van die gelde vir die derde prosedure of operasie met 'n maksimum van twee sodanige addisionele operasies of prosedures.
- 0005** Multiple procedures/operations under the same anaesthetic, but not through the same incision: Unless otherwise identified in the tariff, when multiple procedures/operations add significant time and/or complexity, and when each procedure/operation is clearly identified and defined, the following values shall prevail: 100% (full value) for the first or major procedure/operation, plus 50% (half of) the tariff fee in respect of each additional operation or procedure with a maximum of four additional operations or procedures. In the case of multiple fractures and/or dislocations the same values shall prevail. Note: When more than one small procedure is performed and the tariff makes provision for items for "subsequent" or "maximum for multiple additional procedures" (see section 2. Integumentary System) modifier 0005 is not applicable as the fee is already a reduced fee • Meer as een prosedure/operasie onder dieselfde narkose, maar nie deur dieselfde insnyding nie: Wanneer meer as een prosedure/operasie heelwat addisionele tyd en/of ingewikkeldheid meebring, en elke prosedure/operasie duidelik geïdentifiseer en gedefinieer is, sal die volgende waardes daaraan toegeken word, behalwe waar anders gespesifieer is in die tarief: 100% (volle tarief) vir die eerste of groter prosedure/operasie plus 50% (helfte van) tariefgelde ten opsigte van elke bykomende operasie of prosedure tot 'n maksimum van vier bykomende operasies of prosedures. In die geval van meer as een fraktuur en/of ontwrigting sal dieselfde waardes van toepassing wees. Neem asseblief, kennis: Wanneer meer as een klein prosedure uitgevoer word en die tarief voorsiening maak vir items vir "daaropvolgende" of "maksimum vir veelvuldige bykomende prosedures" (sien Afdeling 2. Huidstelsel) is wysiger 0005 nie van toepassing nie, aangesien die tarief reeds verminder is.

#### **Note • Let wel**

- In the case of multiple fractures and/or dislocations the same values shall prevail • In die geval van meer as een fraktuur en/of ontwrigting sal dieselfde waardes van toepassing wees.
- 0006** A 25% reduction in the fee for a subsequent operation for the same condition within one month shall be applicable if the operations are performed by the same surgeon (an operation subsequent to a diagnostic procedure is excluded). After a period of one month the full fee is applicable • 'n 25%-vermindering in die gelde van 'n daaropvolgende operasie, binne een maand, vir dieselfde siektetoestand, is van toepassing indien die operasies deur dieselfde chirurg uitgevoer word ('n operasie wat volg op 'n diagnostiese prosedure is uitgesluit). Indien 'n daaropvolgende operasie na meer as een maand uitgevoer word, is die volle gelde betaalbaar.

#### MODIFIERS GOVERNING THIS SECTION OF THE TARIFF WYSIGERS VAN TOEPASSING OP HIERDIE AFDELING VAN DIE TARIEF

- M/W 0001** For involuntarily scheduled after-hours emergency radiological services, the additional premium shall be 50% of the fee for the particular services (section 19.12 excluded). See general rule B • Vir onwillekeurig geskeduleerde na-ure radiologiese nooddienste, is die addisionele premie 50% van die geldte vir die spesifieke diens (afdeling 19.12 uitgesluit). Raadpleeg algemene reël B.
- For after-hours MR scans, a maximum levy of R470,00 is applicable • Vir na-ure MR skandering is 'n maksimum heffing van R470,00 van toepassing.
- M/W 0002** Item 38/0101 is applicable only where a radiologist is requested to give a written report on X-rays taken elsewhere and submitted to him • Item 38/0101 is van toepassing slegs wanneer 'n radioloog gevra word om 'n skriftelike verslag te gee oor X-strale wat elders geneem is en aan hom voorgelê word.
- M/W 0080** Multiple examinations: Full fees • Veelvoudige ondersoeke: Volle tariewe.
- M/W 0081** Repeat examinations: No reduction • Her-ondersoeke: Geen vermindering.

**M/W 0082** "+" means that this item is complementary to a preceding item and is therefore not subject to reduction. • "+" Beteken dat hierdie item saam met 'n vorige item val en daarom nie aan vermindering onderworpe is nie.

**M/W 0083** When a radiologist makes use of hospital equipment, only 66,67% ( $\frac{2}{3}$ ) of the fee for the examination is chargeable • Wanneer 'n radioloog van hospitaaltoerusting gebruik mag slegs 66,67% ( $\frac{2}{3}$ ) van die gelei vir die ondersoek gehef word.

**Notes** in respect of fees payable when X-rays are taken by general practitioners:

**Opmerking** met betrekking tot betaling van geldie waar röntgenplate deur huisartse geneem word:

(If the services of a radiologist are normally available, it is expected that they should be utilised. Should circumstances be unfavourable for obtaining such services at the time of the first consultation, the general practitioner may take the initial X-ray himself provided he submits a certificate to the effect that it was in the best interest of the employee for him to have taken the plates. Subsequent X-ray plates of the same injury, however, must be taken by a radiologist who has to submit the relevant reports in the normal manner.)

(As die dienste van 'n radioloog normaalweg beskikbaar is word verwag dat daarvan gebruik gemaak word. As omstandighede ten tyde van die eerste konsultasie ongunstig is om sodanige dienste te bekom, kan die huisarts self die eerste röntgenplate neem mits hy 'n sertifikaat indien te dien effekte dat dit in die beste belang van die werknemer was dat die plate deur hom geneem is. Daaropvolgende plate van dieselfde besering moet egter deur 'n radioloog geneem word wat die toepaslike verslae op die gebruiklike wyse moet indien.)

1. When a general practitioner takes X-ray plates with his own equipment, if the services of a specialist radiologist are not available, he may claim at the prescribed fee • Indien 'n huisarts X-strale met sy eie apparaat neem waar die dienste van 'n spesialis radioloog onverkrygbaar is, mag hy die voorgeskrewe tarief vir die neem van die plate eis.
2. (i) If a general practitioner orders an X-ray examination at a provincial hospital where the service of a specialist radiologist are available, it is expected that the radiologist shall read the photos for which he may claim at one third of the prescribed fee • Indien 'n huisarts 'n X-straalondersoek by 'n provinsiale hospitaal aanvra waar die dienste van 'n spesialis radioloog beskikbaar is word verwag dat die radioloog die plate sal lees waarvoor hy teen een derde van die voorgeskrewe tarief mag eis.  
(ii) If the radiographer of the hospital is not available and the general practitioner has to take the X-ray plates himself, he may claim at 50% of the prescribed fee for that service. In that case, however, he should get confirmation of his X-ray findings in a report from the radiologist as soon as possible. The radiologist may then claim at one third of the prescribed fee for such service • As die hospitaal se radiografiste nie beskikbaar is nie en die huisarts moet self die plate neem, kan hy teen 50% van die voorgeskrewe tarief vir daardie diens eis. In so 'n geval egter moet die radioloog so gou doenlik die huisarts se X-straalbevinding in 'n aparte verslag bevestig waarvoor die radioloog dan teen een derde van die voorgeskrewe tarief mag eis.
3. If a general practitioner orders an X-ray examination at an provincial hospital where there are no specialist radiological services available, he will not be paid for reading the plates as such a service is considered as an integral part of routine diagnosis, but if he is requested by the Commissioner to submit a written report on the case, he may claim at two thirds of the prescribed fee in respect thereof • Indien die huisarts 'n X-straalondersoek by 'n provinsiale hospitaal aanvra waar daar geen dienste deur 'n spesialis radioloog gelewer word nie sal hy nie vir die lees van die plate vergoed word nie aangesien dit as 'n integrale deel van die ondersoek beskou word, maar indien hy deur die Kommissaris versoek word om 'n skriftelike verslag oor die geval in te dien, kan hy twee derdes van die voorgeskrewe tarief daarvoor eis.
4. If a general practitioner has to take and read X-ray plates at a provincial hospital where the services of a radiographer and a specialist radiologist are not available he/she may claim 50% of the prescribed fee for such service • Indien 'n huisarts self plate moet neem en lees by 'n provinsiale hospitaal waar die dienste van 'n radiografis en 'n spesialis radioloog nie beskikbaar is nie kan hy/sy teen 50% van die voorgeskrewe tarief vir daardie diens eis.

**M/W 0084** In the case of radiological items where films are used practitioners should adjust the fee upwards or downwards in accordance with changes in the price of films in comparison with November 1979; the calculation must be done on the basis that film costs comprise 10% of the monetary value of the unit • In die geval van radiologiese items waarvan films gebruik gemaak word moet praktisys die geldie opwaarts of afwaarts regstel in ooreenstemming met veranderings in die prys van films in vergelyking met November 1979; die berekening moet gedoen word op die basis dat 10% van die geldwaarde van die eenheid uit filmkoste bestaan.
