NOTES TO THE FINANCIAL STATEMENTS • AANTEKENINGE BY DIE FINANSIËLE STATE

1. Accounting policies

The financial statements are prepared on a historical cost basis, adjusted for the revaluation of land and buildings. The most important policy directives which are set out below, are consistent with those of the previous years, except where otherwise disclosed.

1.1. Fixed assets

Bank premises are independently valued every 5 years on the basis of open market value with current use. Unrealised revaluation surpluses and deficits are transferred to a Revaluation of assets reserve. Furniture, office and computer equipment as well as vehicles are included at historical cost. Other than Bank premises, on which depreciation is not provided, depreciation is calculated to write off the cost of fixed assets on the straight line basis over their expected useful lives.

1.2. Farm property bought in and resold in terms of section 72 of the Land Bank Act

These properties are disclosed at the amount of the outstanding debt on date of purchase of the underlying property. In view of the adverse agricultural conditions the past number of years, the Bank has decided to make provision for irrecoverable debt against which realised shortfalls can be written off. All surpluses and shortfalls on the resale of property bought in as well as shortfalls recovered are accounted for against the provision for irrecoverable debt. In accordance with generally accepted accounting practice only realised surpluses are accounted for. The provision is accounted for against the asset in note 12. Also refer note 19.1.

1.3. Land Bank Debentures**Primary issues**

Land Bank Debentures are stated at cost. Discounts and premiums arising on the issue of stock are amortised over the period of the debt, using the yield-to-maturity basis.

1. Rekeningkundige beleid

Die finansiële state word opgestel op 'n historiese koste grondslag aangepas vir herwaardasie van grond en geboue. Die belangrikste rekeningkundige beleid wat hieronder uiteengesit word, is in ooreenstemming met dié van vorige jare toegepas, behalwe waar anders geopenbaar.

1.1. Vaste bates

Bankeiendomme word elke 5 jaar onafhanklik gewaardeer teen opemarkwaarde met huidige gebruik as grondslag. Ongerealiseerde surplusse en tekorte met herwaardasie word oorgedra na 'n Herwaardasie van bates reserwe. Meubels, kantoor- en rekenaar-toerusting asook voertuie word teen historiese koste ingesluit. Behalwe vir bankeiendomme, waarop geen waardevermindering bereken word nie, word waardevermindering bereken om die kosprys van vaste bates op die reguitlynggrondslag oor hulle verwagte nutsduur af te skryf.

1.2. Plaaseiendom ingekoop en herverkoop kragtens artikel 72 van die Landbankwet

Hierdie eiendomme word geopenbaar teen die bedrag van die uitstaande skuld op die datum van die inkoop van die onderliggende eiendom. In die lig van die ongunstige landboustoestande die afgelope aantal jare het die Bank besluit om 'n voorsiening vir oninvorderbare skuld te skep waarteen gerealiseerde tekorte afgeskryf kan word. Alle surplusse en tekorte by die herverkoop van ingekoopte eiendom asook tekorte verhaal, word teen die voorsiening vir oninvorderbare skuld verreken. In ooreenstemming met algemeen aanvaarde rekeningkundige praktyk word slegs gerealiseerde surplusse teboekgestel. Die voorsiening word teen die bate in aantekening 12 verreken. Verwys ook aantekening 19.1.

1.3. Landbankobligasies**Primêre uitgifte**

Landbankobligasies word teen kosprys aangetoon. Die diskonto's en premies wat ontstaan met die uitreiking van obligasies word volgens die opbrengs-tot-verval metode oor die lewensduur van die obligasie geamortiseer.

NOTES TO THE FINANCIAL STATEMENTS o AANTEKENINGE BY DIE FINANSIËLE STATE

1.4. **Hedging**

Investments held in other stock for hedging purposes are stated at cost which is treated on the same basis as the hedged liability. Discounts and premiums are amortised over the life time of the stock using the yield-to-maturity method. Profits and losses are recognised on realisation and together with interest received, discounts and premiums amortised, disclosed as interest received.

1.5. **Secondary market transactions**
Land Bank Debentures and other institutional stock

Debentures and other institutional stock repurchased are valued at market value as at 31 December. Profits and losses are accounted for on revaluation. Any surpluses as well as shortfalls arising from market making activities are set off against interest paid.

1.6. **Derivative instruments**

Premiums received or paid in respect of derivatives earmarked for funding and hedging, are being amortised over the life time of the derivatives. Profit and losses on these derivatives are deferred and recognised on the same basis as the underlying asset or liability. Derivative instruments held for trading purposes are stated at market value while profit and losses are included in interest paid.

1.7. **Interest**

Interest due, but not yet payable on 31 December, is calculated on all interest bearing amounts due by and to the Bank and recorded as accrued interest payable/receivable. Interest pre-paid on bills and promissory notes as at 31 December is deducted from interest paid, while interest received in advance is set off against interest received.

1.8. **General Reserve**

In terms of section 67 (1) of the Land Bank Act the surplus, after transfers to specific reserves, is credited to the General Reserve and applied to make good any loss or deficit, not elsewhere provided for.

1.4. **Verskansing**

Beleggings in ander effekte gehou vir verskansingsdoeleindes word getoon teen kosprys, wat in ooreenstemming met die hantering van die verskansde verpligting is. Diskonto's en premies word volgens die opbrengs-tot-verval metode oor die lewensduur van die effekte geamortiseer. Winste en verliese word erken met realisasie en word tesame met rente ontvang, diskonto's en geamortiseerde premies geopenbaar as rente ontvang.

1.5. **Sekondêre marktransaksies**
Landbankobligasies en ander institusionele effekte

Teruggekoopte obligasies en ander institusionele effekte word soos op 31 Desember teen markwaarde waardeur. Winste en verliese word teboekgestel met herwaardering. Enige surplusse asook tekorte voortspruitend uit markmaak-aktiwiteite word verreken teen rente betaal.

1.6. **Afgeleide finansiële instrumente**

Premies ontvang of betaal ten opsigte van afgeleide instrumente wat aan befondsing en verskansing toegewys is, word oor die leeftyd van die instrumente geamortiseer. Winste en verliese op hierdie instrumente word uitgestel en verantwoord op dieselfde basis as die onderliggende bate of verpligting. Afgeleide finansiële instrumente, gehou vir handelsdoeleindes, word getoon teen markwaarde en die gevolglike winste en verliese word by rente betaal ingesluit.

1.7. **Rente**

Rente verskuldig, maar nog nie op 31 Desember betaalbaar nie, word bereken op rentedraende bedrae deur en aan die Bank verskuldig en geboekstaaf as opgelope rente betaalbaar/ontvangbaar. Rente vooruit-betaal op wissels en promesses soos op 31 Desember word afgetrek van rente betaal, terwyl rente vooruitontvang teen rente ontvang verreken word.

1.8. **Algemene Reserwe**

Kragtens artikel 67 (1) van die Landbankwet word die surplus, ná oorplassings na spesifieke reserwes, aan die Algemene Reserwe gekrediteer en aangewend om enige verlies of tekort, wat ontstaan en nie elders voorvoorsien is nie, goed te maak.

NOTES TO THE FINANCIAL STATEMENTS o AANTEKENINGE BY DIE FINANSIËLE STATE

2. Capital Fund

The capital fund consists of appropriations by the State to the Land Bank from 1936 up to 1979 when they were discontinued. Interest thereon, at rates which vary between 3,5 % and 4,75 % per annum, is payable half yearly on 31 March and 30 September. These favourable rates enable the Bank to maintain its lending rate on long term loans to farmers at a relatively low level.

2. Kapitaalfonds

Die kapitaalfonds bestaan uit bewilligings deur die Staat aan die Landbank van 1936 tot 1979 toe dit gestaak is. Rente daarop, teen koerse wat wissel tussen 3,5 % en 4,75 % per jaar, is halfjaarliks op 31 Maart en 30 September betaalbaar. Hierdie gunstige koerse stel die Bank in staat om sy uitleenkoers op langtermynlenings aan boere op 'n relatiewe lae vlak te hou.

(a) *Nature and scope:* The audit was carried out in accordance with generally accepted government auditing standards. These standards require the audit to be planned and performed so as to obtain reasonable assurance that, in all material respects, fair presentation is achieved in the annual financial statements. An audit includes an evaluation of the appropriateness of the accounting policies, an examination, on a test basis, of evidence supporting the amounts and disclosures included in the annual financial statements, an assessment of the reasonableness of significant provisions and a consideration of the appropriateness of the overall presentation of the annual financial statements. I consider that the audit procedures were appropriate in the circumstances to enable me to express the opinion presented below.

(a) *Aard en omvang:* Die ouditering is ooreenkomstig algemeen aanvaarde owerheidsouditstandaarde uitgevoer. Hierdie standaarde vereis dat die ouditering beplan en onderneem word om redelike sekerheid te verkry dat, in alle wesenlike opsigte, billike aanbieding in die finansiële jaarstate bereik is. 'n Ouditering behels 'n evaluering van die geskiktheid van die rekeningkundige beleid, 'n ondersoek, op 'n toetsgrondslag, van bewyse wat die bedrae en openbaarmaking wat in die finansiële jaarstate ingesluit is, steun, 'n beoordeling van die redelikheid van beduidende voorsienings en 'n oorweging van die geskiktheid van die algehele aanbieding van die finansiële jaarstate. Ek glo dat die ouditprosedures in die omstandighede geskik was om my in staat te stel om die mening, wat hieronder aangebied word, uit te spreek.

(b) *Audit opinion:* In my opinion these annual financial statements fairly present the financial position of the Board at 31 December 1996 and the results of its activities and cash-flow information for the financial year then ended in accordance with prescribed accounting practice.

(2) Compliance

Compliance with the appropriate legislation was audited on a test basis and no significant matters were brought to light.

3. *General:* With reference to paragraph 4 of the previous Report most aspects comply with generally accepted accounting practice, while further improvements will be attended to in the forthcoming year.

4. *Appreciation:* I would like to express my appreciation for the courtesy extended and assistance rendered by the staff of the Bank during the audit.

Pretoria, 25/03/97.

(b) *Ouditmening:* Na my mening verstrek hierdie finansiële jaarstate 'n redelike weergawe van die finansiële stand van die Raad op 31 Desember 1996 en van die resultate van sy bedrywighede en die kontantvloei-inligting vir die finansiële jaar geëindig op daardie datum, in ooreenstemming met voorgeskrewe rekeningkundige praktyk.

(2) Nakoming

Nakoming van toepaslike wetgewing is op 'n toetsgrondslag geouditeer en geen noemenswaardige aangeleenthede het aan die lig gekom nie.

3. *Algemeen:* Met verwysing na paragraaf 4 van die vorige Verslag voldoen die meeste aspekte aan algemeen aanvaarde rekeningkundige praktyk, terwyl verdere verbeterings in die komende jaar aandag sal geniet.

4. *Waardering:* Graag word waardering betuig vir die hoflikheid betoon en bystand verleen deur die Bank se personeel tydens die audit.
