SGB INFORMATION

As a necessary step in the development and implementation of the National Qualifications Framework, The National Standards Bodies are briefed [regulation 19(1)(c) of 28 March 1998] to recognise or establish Standards Generating Bodies (SGBs).

SGBs shall:

- a. generate standards and qualifications in accordance with the Authority requirements in identified sub-fields and levels;
- b. update and review standards;
- c. recommend standards and qualifications to National Standards Bodies;
- d. recommend criteria for the registration of assessors and moderators or moderating bodies; and
- e. perform such other functions as may from time-to-time be delegated by its National Standards Body.

Any bodies wishing to nominate representatives, make application to serve on, or make any other submission with regard to the above SGB should note the following information.

SGBs should be composed of organisations, which shall be key education and training stakeholder interest groups and experts in the sub-field. The NSB, when making its final decisions will have due regard for, among other things, *the need for*

representativeness and equity, redress and relevant expertise in terms of the work of the SGBs.'

Organisations proposing to nominate persons to SGBs should be sensitive to the need for **equity** and **redress**, and shall nominate persons who-

- (a) will be able to consider issues of productivity, fairness, public interest and international comparability as related to education and training in the sub-field;
 - (b) enjoy credibility in the sub-field in question, who enjoy respect; have the necessary expertise and experience in the sub-field and have the support or backing of the nominating body;
 - (c) are able to advocate and mediate the needs and interests of all levels within the sub-field covered by the Standards Generating Body;
 - (d) are able to exercise critical judgement at a high level; and
 - (e) are committed to a communication process between the Standards Generating Body, the National Standards Body and the Constituency.

No. 1042

NOTICE IN TERMS OF SECTION 75 READ TOGETHER WITH ITEM 6 OF SCHEDULE 3 OF THE
NATIONAL WATER ACT, 1998

**LIMITATION ON THE FURTHER STORAGE OF WATER AND THE ABSTRACTION AND USE
OF WATER FOR IRRIGATION, DOMESTIC AND INDUSTRIAL PURPOSES IN THE
CATCHMENT OF THE MVOTI RIVER AND ITS TRIBUTARIES FROM ITS ORIGIN TO ITS
ESTUARY**

1. By virtue of the powers vested in me by section 75 of the National Water Act, 1998 (Act NO. 36 of 1998), I, ARNOLD MICHAEL MULLER in my capacity as Director-General of the Department of Water Affairs and Forestry do hereby declare-
 - 1.1 That I believe on reasonable grounds that a water shortage exists or is about to occur in the catchment of the Mvoti River and its tributaries from its headwaters to its estuary which could affect the amount of water available for the Reserve as required in terms of section 17(1) of the National Water Act, 1998 and hereby impose with immediate effect the measures set out in the Schedule hereto.
 - 1.2 I hereby delegate in terms of section 75 of the said Act to the Regional Director: KwaZulu-Natal (Water Resource Management), Department of Water Affairs and Forestry the powers by notice in the *Government Gazette* to-
 - (a) amend in his discretion the provisions of the Schedule to this notice in general or in respect of any particular area or person in order to accomplish with due regard to local conditions, the required limitation; or
 - (b) with due regard to a deterioration or improvement in the availability of water in the said catchment-
 - (i) extend or relax the envisaged limitation referred to in the Schedule of this notice or, as the case may be raise the prohibition indefinitely, in which case this notice shall be deemed to have been revoked by me; or
 - (ii) temporarily take over the operation of any privately owned waterworks by means of which water to which this notice applies, is abstracted, impounded, stored, supplied or used for domestic, irrigation or industrial purposes and to cause the operation of such water work to be undertaken in accordance with his directions by any person directed in writing thereto by him.

Sg. A M Muller

Director-General: Department of Water Affairs and Forestry

Date: 16 August 1999

SCHEDULE

The different user groups will reduce their abstraction rates from all rivers in the Mvoti catchment by the following percentage for each drought restriction level.

RESTRICTION	IRRIGATION	DOMESTIC	INDUSTRIAL
Level 0	0%	0%	0%
Level 1	25%	5%	5%
Level 2	50%	10%	5%

Level 3	70%	30%	10%
Level 4	90%	50%	30%
Level 5	100%	65%	40%

METHODOLOGY TO DETERMINE RESTRICTION LEVELS AND CONTROL WATER USE

1. On publication of this notice, level 0 restrictions will apply.
2. The owners/operators of pumps shall put forward an operating proposal to the Regional Director: KwaZulu-Natal, Department of Water Affairs and Forestry for each level of restriction in order that either individual pump-stations or groups of pumps will not exceed the allowable abstraction volume in a 24-hour cycle. This shall be done to the satisfaction of the Regional Director: KwaZulu-Natal (Water Resource Management).
3. The tables compiled by the Lower Mvoti Irrigation Board and attached hereto as Annexure A, reflecting abstraction rates for each set of pumps for different restriction levels will be used to determine expected flows at different points, for the Reserve to be met at the estuary.
4. A representative nominated by the Regional Director will check the flow at Glendale Weir and Addington Bridge at 7h00 every day. If the flows at both points are below that shown on the table for the current level of restriction and month, then the restriction level will be increased to the next level. If one flow is below and one above, the one with the larger deviation will prevail.
5. If the flow exceeds that required at the current level by 25 000 kl/day, then the restriction will be lifted from the existing level by one level.
6. All contact representatives of pump owners will be informed by fax or telephone that the restriction level has been changed and what level of restriction will apply.
7. This restriction level will apply to irrigators for each 24-hour period from 7h00 and will continue until notified of any change.
8. Industrial users must adopt the restriction level that was applicable on the Friday of the previous week, and continue with this level of restriction for one week. Industries with return flows in excess of 25% of consumption shall ensure that their nett consumption complies with the restriction level required.
9. Municipalities supplying domestic users from river abstractions, must adopt new restrictions on a monthly basis, based on the average restriction level that was indicated to them in the week prior to their

restriction announcements, provided that the level of restrictions do not deprive consumers of their basic human needs.

10. Owners of dams must release the first 50% of the inflow into the dams, at all times. For each level of restriction, the remaining inflow that is retained shall be reduced by the percentage restriction being applied. (For example, when 50% restrictions are in force a dam owner must release 75% of inflow; - 50% plus an additional 25%(50% of 50%). If requested, owners must install a measuring facility upstream and downstream of their dams approved of by the Regional Director.
11. Owners of dams may continue to use stored water provided the inflow is being released as above.

KENNISGEWING KRAGTENS ARTIKEL 75 SAAMGELEES MET ITEM 6 VAN
BYLAE 3 VAN DIE NASIONALE WATERWET, 1998

**BEPERKING OP DIE VERDERE STOOER VAN WATER EN ONTTREKKING
EN GEBRUIK VAN WATER VIR BESPROEING, HUISHOUDELIKE EN
INDUSTRIELE GEBRUIK IN DIE OPVANGGEBIED VAN DIE MVOTIRIVIER
EN AL DIE SYTAKKE VANAF DIE OORSPRONG TOT BY DIE MONDING**

1. Kragtens die bevoegdheid my verleen by artikel 75 van die Nasionale Waterwet, 1998 (Wet NO. 36 van 1998), verklaar ek, ARNOLD MICHAEL MULLER in my hoedanigheid van Direkteur-Generaal van die Departement van Waterwese en Bosbou, hierby -
 - 1.1 Dat ek op redelike gronde glo dat n' waternood bestaan of waarskynlik sal ontstaan in die opvanggebied van die Mvotirivier en sy sytakke, vanaf sy oorsprong tot by die monding, wat die hoeveelheid water vir die Reserve, soos voorgeskryf in terme van artikel 17(1) van die Nasionale Waterwet, 1998, kan benadeel. Verder stel ek hierby die maatreëls uiteengesit in die Bylae hiertoe met onmiddellike effek in.
 - 1.2 Ek delegeer hierby kragtens artikel 75 van die genoemde wet aan die Streekdirekteur: KwaZulu-Natal (Waterbronbestuur), die bevoegdheid om by kennisgewing in die *Staatskoerant*-
 - (a) Na sy oordeel die bepaling van die Bylae tot hierdie kennisgewing in die algemeen of ten opsigte van enige besondere area of persoon te wysig ten einde met behoorlike inagneming van die plaaslike omstandighede, die verlangde inkorting te bereik; of
 - (b) Met behoorlike inagneming van die verswakking of verbetering in die beskikbaarheid van water in die genoemde opvanggebied -
 - (i) Die beoogde inperking waarna in die Bylae verwys word uit te brei of te verslap of na gelang van die geval dit vir n' onbepaalde tyd op te hef, in welke geval hierdie kennisgewing geag word deur my herroep te wees; of
 - (ii) Tydelik die bedryf oor te neem van enige waterwerk in private besit deur middel waarvan water waarop hierdie kennisgewing betrekking het, onttrek, opgedam, opgegaar, voorsien of gebruik word vir huishoudelik, besproeiing of industriële doeleindes en om die bedryf van sodanige waterwerk te laat onderneem in ooreenstemming met sy voorskrifte deur enige persoon wat skriftelik deur hom daartoe gelas is.

Get. A M Muller

Direkteur-Generaal: Departement van Waterwese en Bosbou

METODE OM BEPERKINGSVLAK TE BEPAAL EN WATERGEBRUIK TE BEPERK

1. Met uitreiking van hierdie kennisgewing sal vlak 0 beperkinge van toepassing wees.
2. Die eienaars/operateurs van pompe sal n bedryfsvoorstel vir elke beperkingsvlak aan die Streekdirekteur: KwaZulu-Natal (WBB), Departement van Waterwese en Bosbou voorlê. Dit sal uitgewerk wees om te verseker dat of enkel pompe of groepe pompe nie die toegelate volume in n 24-uur siklus oorskry nie. Hierdie sal gedoen word tot die bevrediging van die Streekdirekteur: KwaZulu-Natal (WBB).
3. Die tabelle uiteengesit in Bylae A, wat deur die Laer Mvoti Besproeiingsraad vir die onttrekkingstempo's van die pomp-groepe opgestel is, sal gebruik word om die verwagte vloei tempo's by verskillende punte te bepaal om die Reserwe by die monding te verseker.
4. n' Verteenwoordiger, deur die Streekdirekteur genomineer, moet die vloei tempo daagliks om 7h00 te Glendale Stuwal en Addington Brug meet. As die vloei tempo by albei punte laer is as die volgens die tabel vir die huidige beperkingsvlak en maand, dan sal die beperkingsvlak na die volgende vlak opskuif. As die een vloei tempo laer is, en die ander hoër, dan sal die een met die groter verskil in ag geneem word.

5. As die vloeï die benodigde tempo met 25 000 kl/dag oorskry sal die beperkingsvlak gelig word vanaf die huidige vlak met een vlak.
6. Alle kontak verteenwoordigers van pompeienaars sal per faks of telefoon ingelig word dat daar n' verandering in die beperkingsvlak plaasvind en welke nuwe beperkingsvlak geld.
7. Hierdie beperkingsvlak sal vir elke 24 uur vanaf 7h00 op besproeiërs van toepassing wees, en sal van toepassing wees tot verdere kennisgewing van enige verandering.
8. Industriële gebruikers moet vir n week lank die beperkingsvlak van die vorige Vrydag toepas. Industrieë met terugvloeï van meer as 25% van gebruik moet verseker dat hul netto gebruik ooreenstem met die beperkingsvlak.
9. Munisipaliteite wat met rivieronttrekkings huishoudelike gebruikers voorsien moet nuwe beperkings op n' maandelike basis toepas. Dit moet gebaseer wees op die gemiddelde beperkingsvlak wat die week voor hul aankondiging aan hulle bekendgemaak was met dien verstande dat die beperkings nie gebruikers hulle basiese menslike behoeftes ontnem nie.
10. Dameienaars moet die eerste 50% van invloeï te alle tye loslaat. Vir elke beperkingsvlak sal die oorblywende vloeï wat behou word met die persentasie beperking verminder word. (By voorbeeld, as 50% beperkings van toepassing is, moet n' dameienaar 75% van die invloeï vrystel, 50% plus n' verdere 25% (50% van 50%). Indien versoek moet eienaars n' meetfasiliteit stroomop en stroomaf van hulle damme op rig, en dit moet die goedkeuring van die Streekdirekteur wegdra.
11. Dameienaars mag aangaan met die gebruik van gestoorde water solank die invloeï losgelaat word soos hierbo gemeld.

NOTICE 1982 OF 1999
SOUTH AFRICAN LAW COMMISSION

DISCUSSION PAPER ON ASPECTS OF THE LAW RELATING TO AIDS:

COMPULSORY HIV TESTING
OF PERSONS ARRESTED IN SEXUAL OFFENCE CASES

The South African Law Commission has released for general information and comment a Discussion Paper on compulsory HIV testing of persons arrested in sexual offence cases. The Commission has been assisted in this task by a Project Committee representative of a range of interests under the leadership of Mr Justice Edwin Cameron.

Recently there has been mounting public concern and pressure on the authorities to take appropriate action with regard to the deliberate transmission of HIV infection. This has come about largely in response to a number of widely publicised incidents of deliberate transmission of HIV, together with the very real concern that for the most part women and young girls are exposed to HIV infection in this manner. As a result, the Commission, at the request of the Justice Portfolio Committee, has been tasked with investigating the possible creation of a statutory offence aimed at harmful HIV-related behaviour, and the compulsory testing of sexual offenders for HIV. The Commission's HIV/AIDS Project Committee has dealt separately with these two issues. Two Discussion Papers have been prepared as a basis for its deliberations.

- * *Discussion Paper 80*, previously released for comment until 31 March 1999, dealt with the issue of harmful behaviour by persons with HIV/AIDS, the administrative and criminal law measures available to address such behaviour and possible statutory intervention. Extensive comments have been received and a Draft Report is currently being prepared.

- * *The current Discussion Paper* deals with the question of compulsory HIV testing of persons arrested on a charge, or on suspicion, of having committed a sexual offence during which HIV may have been transmitted and the right of alleged victims of such offences to be informed of the test results.

In general, our law at present provides for HIV testing only with the informed consent of the person concerned; every person is entitled to privacy regarding medical information; and no general legislation exists which allows for disclosures. Furthermore, neither currently available public health law nor criminal procedure makes provision for compulsory HIV testing of persons arrested for having committed sexual offences with a view to disclosing their HIV status to victims. The Discussion Paper consequently debates the need for legislative intervention concentrating on the following critical issues:

- * The high national prevalence of HIV coupled with the high occurrence of rape and other sexual offences;
- * the utility and limitations of HIV testing;
- * women's international and constitutional rights, including victims' rights; and
- * the arrested person's constitutional rights, especially the right to privacy.

The Commission arrives at the preliminary conclusion that there is a need for statutory intervention to provide for compulsory HIV testing of arrested persons in sexual offence cases. The intervention is necessary in the light of women's undoubted vulnerability in South Africa today to widespread sexual violence amidst the increasing prevalence of a nationwide epidemic of HIV and in the absence of adequate institutional or other victim-support measures. In these circumstances there is a compelling argument for curtailing an arrested suspect's rights of privacy and bodily integrity to a limited extent to enable his accuser to know whether he has HIV. The benefit to alleged victims of the knowledge is not only immediately practical in that it enables them to make life decisions and choices for themselves and people around them; it is also profoundly beneficial to their psychological state to have even a limited degree of certainty regarding their exposure to a life-threatening disease. That the arrested person's rights are infringed, must be acknowledged and this must be reflected in safeguards built into the process created. It is therefore suggested that the proposed change to the law should be based on the following principles:

- * Compulsory testing of an arrested person should in principle be victim-initiated. This will ensure that only a person with a material interest in the arrested person's HIV status may apply for a compulsory testing order. "Victim initiation" includes initiation of the testing process by the victim or a person acting on his or her behalf.
- * In order to protect the victim from a further potentially traumatising confrontation, the arrested person should not be allowed to take part or give evidence in an application by the victim for compulsory testing, except to be able to challenge whether information on oath has in fact been placed before the magistrate in compliance with the provisions.
- * A specified standard of proof should be required on which to base an order for compulsory HIV testing. The Commission is of the opinion that this should consist of the prosecution showing *prima facie* that the arrested person committed the sexual offence in question, and that the act was of a type that could indeed transmit HIV (eg that semen or blood could have been transferred from the assailant to the victim, or that the victim experienced traumatic injury with exposure to semen or blood).
- * Compulsory HIV testing of an arrested person should take place only on authorisation by a court. Furthermore, this should be a discretionary power resting with the presiding officer hearing the application.
- * In order to safeguard against abuse of the procedure certain procedural and substantive safeguards must be provided for. These should include scrutiny by a magistrate of an application for the compulsory testing of the arrested person; a deposition on oath, whether oral or by affidavit; and *prima facie* evidence of a sexual offence in which exposure to the body fluids of the arrested person may have occurred.
- * A deliberately false complaint would amount to perjury and a malicious activation of the procedure would be actionable.

- * The procedure should ensure confidentiality of the test results so that the information is provided only to the victim and the arrested person. If the victim is a minor or is incapacitated, the information should be relayed to the person acting on his or her behalf.
- * The use of information relating to the HIV status of an arrested person obtained under the proposed amendment should be clearly limited: test results obtained through compulsory testing should not be admissible as evidence in a criminal trial. For subsequent evidentiary purposes, the existing provisions of section 37 of the Criminal Procedure Act 51 of 1977 permit the ascertainment of an accused person's bodily features (including the taking of a blood sample to show a characteristic, distinguishing feature or condition). This appears to be adequate.
- * The procedure need not necessarily be HIV specific.

On the basis of the above, the Commission provisionally recommends the adoption of a specific amendment to section 37 of the Criminal Procedure Act 55 of 1977. The primary purpose of the proposed amendment is to provide a speedy and uncomplicated mechanism whereby the victim of a sexual offence can apply to have an arrested person tested for HIV or any other life-threatening sexually transmissible disease and to have information regarding the test result disclosed to the victim in order to provide him or her with peace of mind regarding whether or not he or she has been exposed to HIV or any other life-threatening sexually transmissible disease during the attack. A draft Bill is attached to the Discussion Paper for public comment.

The issues in question need to be debated carefully. All parties with an interest in this matter or who may be affected by the debate are invited to comment. The Commission will greatly appreciate any views and regards the response of the public as of vital importance.

Written comments or suggestions should reach the Commission by **30 September 1999** at the address given below. The Discussion Paper is available on request and free of charge.
