These statistics have been calculated on the assumption that in those cases where:

- (i) The borrower has a multi-currency option on renewal of a drawing, the currency in which the drawing was denominated on 31 March 1999 has been applied for the purpose of denominating the repayment maturity structure in respect of that drawing;
- (ii) the date of repayment is subject to the discretion of the lender, the earliest optional call-up date has been applied and is in accordance with the debt standstill arrangements;
- (iii) the loans are not subject to a predetermined rate of interest (e.g. floating rate loans), the interest rate applying on 31 March 1999 has been regarded as the effective rate for the outstanding duration of the loan.

Capitalised interest is included in certain capital repayment amounts.

Hierdie statistieke is bereken in die veronderstelling dat in dié gevalle waar:

- (i) Die lener 'n multi-valuta-opsie by hernuwing van 'n trekking het, die valuta waarin die trekking op 31 Maart 1999 gedenomineer was, aangewend is vir die doel van die denominering van die terugbetalingsvervalstruktuur ten opsigte van daardie trekking;
- (ii) die terugbetalingsdatum onderworpe is aan die diskresie van die lener, die vroegste opsionêle oproepdatum toegepas is en in ooreenstemming is met die bepalings van die skuldstandreëlings;
- (iii) die lenings nie onderworpe is aan 'n voorafbepaalde rentekoers nie (bv. wisselende-koerslenings), die rentekoers wat op 31 Maart 1999 van toepassing was, beskou is as die effektiewe koers vir die uitstaande tydperk van die lening.

Gekapitaliseerde rente is ingesluit by sekere kapitaalbetalings bedrae.

These statistics have been calculated on the assumption that in those cases where:

- (i) The borrower has a multi-currency option on renewal of a drawing, the currency in which the drawing was denominated on 31 March 1999 has been applied for the purpose of denominating the repayment maturity structure in respect of that drawing;
- (ii) the date of repayment is subject to the discretion of the lender, the earliest optional call-up date has been applied and is in accordance with the debt standstill arrangements;
- (iii) the loans are not subject to a predetermined rate of interest (e.g. floating rate loans), the interest rate applying on 31 March 1999 has been regarded as the effective rate for the outstanding duration of the loan.

Capitalised interest is included in certain capital repayment amounts.

Hierdie statistieke is bereken in die veronderstelling dat in dié gevalle waar:

- (i) Die lener 'n multi-valuta-opsie by hernuwing van 'n trekking het, die valuta waarin die trekking op 31 Maart 1999 gedenomineer was, aangewend is vir die doel van die denominering van die terugbetalingsvervalstruktuur ten opsigte van daardie trekking;
- (ii) die terugbetalingsdatum onderworpe is aan die diskresie van die lener, die vroegste opsionële oproepdatum toegepas is en in ooreenstemming is met die bepalinge van die skuldstilstandreëlings;
- (iii) die lenings nie onderworpe is aan 'n voorafbepaalde rentekoers nie (bv. wisselende-koerslenings), die rentekoers wat op 31 Maart 1999 van toepassing was, beskou is as die effektiewe koers vir die uitstaande tydperk van die lening.

Gekapitaliseerde rente is ingesluit by sekere kapitaalbetalings bedrae.

NOTICE 2205 OF 1999

INVITATION FOR SUBMISSIONS

INVESTIGATION BY THE NATIONAL DEPARTMENT OF TRANSPORT AS TO WHETHER GAUTENG REQUIRES A THIRD INTERNATIONAL AIRPORT

To rationalise and provide cost effective international airports that comply with established international standards for this type of facility, Government has deemed it necessary to reduce the number of designated international airports within South Africa. Ten airports have therefore been designated as international points of entry to, and exit from, the Republic. Two of these designated international airports resort within Gauteng.

However, certain role players within the aviation industry argue that Gauteng requires a third international airport. In order to test the veracity of this argument, the National Department of Transport is currently conducting an investigation into the necessity for and/or desirability of, designating a third international airport for Gauteng.

Interested parties are invited to submit written comment, either for or against, the designation of international status to a third airport in Gauteng.

Any comments or representations with regard to the requirement, for a third international airport for Gauteng, should be lodged with the Department of Transport, Division: Aviation and Maritime Regulation, for attention: Ms A. Belford, Private Bag X193, Pretoria, 0001, Fax No. (012) 232-7007 or E-mail at belforda@ndot.pwv.gov.za, by 30 October 1999.
