A copy of one such permit is annexed hereto marked "C". In the intervening years since the permits were granted, there has been considerable development in the area, and the applicant is obliged to increase its fleet and to expand its operations to meet the requirements of the community, the mines and the power stations of the region. The permits issued by the Pretoria Board are now uniform, and to an extent they no longer reflect the full scope of the operation of applicant. Because these permits were issued in Pretoria, and confusion exists as to their current status vis-a-vis, the Mpumalanga Board subsequent to the closure of the Local Board in Pretoria, this application is being submitted as a new application. Should the application be granted, then the applicant undertakes to return all the relevant permits to the Mpumalanga Local Board for cancellation. No other operator will be affected as the applicant is the *de jure* operator of the services sought in this application.
