NOTICE 35 OF 2002**BOARD ON TARIFFS AND TRADE****CUSTOMS AND EXCISE TARIFF APPLICATIONS: LIST 1/2002**

The following applications concerning the Customs and Excise Tariff have been received by the Board on Tariffs and Trade. Any objections to or comments on these representations should be submitted to the Chairperson, Board on Tariffs and Trade, Private Bag X753, Pretoria, 0001, within six weeks of the date of this notice. Attention is drawn to the fact that the rates of duty mentioned in these applications are those requested by the applicants and that the Board may, depending on its findings, recommend lower or higher rates of duty.

PUBLICATION OF REDUCTION IN CUSTOMS DUTY ON BOVINE SIDE LEATHER***Rebate of duty on:***

"Leather of bovine or equine animals, without hair on (excluding leather of heading No. 41.08 or 41.09 (excluding whole bovine skin leather of a unit surface not exceeding 2,6 m²), parchment dressed or prepared after tanning (excluding full grain and full grain split), classified under tariff subheading 4104.39 at a rate of duty of 10% *ad valorem*, for the manufacture of footwear."

[BTT Ref. T5/2/2/12/2/1, 000108. Enquiries: Mr Andile Swana, tel. (012) 428-7757]

Applicant:

Southern African Footwear and Leather Industries Association (SAFLIA), P.O. Box 40055, Walmer, Port Elizabeth, 6065.

According to SAFLIA, Mossop-Western Leather, the only major tannery of leather for footwear, have advised their clients that they are no longer able to offer grain leather at workable prices to footwear manufacturers, but will continue to concentrate on production of which is the under part of leather also referred to as split leather. The splits may have a special finish applied to make them smooth or embossed, or a plastic film (polyurethane or PVC) may be stuck to the split giving the appearance of full grain leather. The same tariff heading covers side leather and Tektan.

SAFLIA also mentioned that the remaining producers of side leather for the footwear manufacturing industry are small tanneries that are not able to supply the volume required.

The applicant requests that, as the same tariff item covers both side leather and Tektan, the question on tariff relief on side leather be dealt with by way of a rebate item so that the present duty of 10 per cent remains on Tektan-type products.

Reduction of the duty on:

Timing belts, being endless synchronous belts of a circumference exceeding 60 cm but not exceeding 1 500 cm, from 15 per cent *ad valorem* to free of duty.

Applicant: Adobes Division of Table Bay Holdings (Pay) Led, P.O. Box 36592, Chempet, 7742.

[BTT Ref.: T5/2/17/3/1 (010077) Investigating officer: Ms. I. Metz, tel: (012) 428-7748, fax: (012) 428-7780, email: imetz@dti.pwv.gov.za]

[**Note:** According to the applicant, automotive timing belts cannot be manufactured economically in the Southern African Customs Union.]

Reduction: Reduction in the rate of duty on tariff subheadings 6307.90.50, supportive-knee caps, ankle guards and wrist bands, elastic or rubberised, from 30 per cent *ad valorem* to zero.

Applicant: Thusanong Healthcare, P.O. Box 2063, Cresta, 2118.

[BTT Ref. T5/2/11/9/1 (010031). Enquiries: Mr S. S. Mello, tel 428-7822]

Note: The applicant is of the opinion that the product concern is not manufactured in SACU.

List 17/2001 was published under General Notice 2342 of 07 December 2001.

NOTICE 36 OF 2002**REVISION OF THE CUSTOMS TARIFF DISPENSATION WITH RESPECT TO BLACK TEA:**

1. The Board on Tariffs and Trade hereby makes it known that it has decided to investigate the customs tariff dispensation on black tea classifiable under tariff subheadings 0902.30 and 0902.40 which provides for a rate of duty of 400c/kg. This investigation follows from the Board's recommendation in its Report No. 3803, which recommended that a revision of the rates of duty on black tea be published in the *Gazette* within three years after implementation, with a view to reducing the duties. The rebate dispensation with respect to Malawi and Zimbabwe is reviewed simultaneously with the revision of the duty. The Board can, however, depending on the outcome, of the investigation, recommend rates of duty that are higher or lower than the rate of duty currently prevailing.
2. During the course of the investigation the Board will consider the following application for tariff relief on black tea:
 - (a) Reduction in the rate of duty on black tea classifiable under tariff subheadings 0902.30 and 0902.40 from 400c/kg to free of duty.

Applicant: National Brands Ltd.

The Board will also consider any other proposals received within the comment period. Interested parties who wish to comment are invited to consult with Mr A. Zietsman regarding the layout of their comments. M.G.RATHOGWA

CHAIRPERSON: NATIONAL AGRICULTURAL MARKETING COUNCIL

**REQUEST FOR A STATUTORY MEASURE (LEVY) ON WHEAT, BARLEY, OATS
AND DURUM WHEAT IN TERMS OF THE
MARKETING OF AGRICULTURAL PRODUCTS ACT, 1996
(ACT NO 47 OF 1996), AS AMENDED**

1. STATUTORY MEASURE – LEVIES

The statutory measure that is requested to be established, is that the Minister, in terms of section 15 of the Act, by notice in the Government Gazette, direct that levies to the amounts of R7,50 per metric ton for wheat, R7,00 per metric ton for barley, R4,50 per metric ton for oats and R4,75 per metric ton for durum wheat, (VAT excluded), be imposed on all winter cereal sold, imported, processed or converted, exported, and in respect of which a SAFEX silo receipt has been issued if the levy in respect of such a winter cereal has not been paid before.

2. INFORMATION REQUIRED BY SECTION 10 OF THE ACT

The particulars as required by section 10 of the Act to be included in a request for the establishment of a statutory measure, are as follows:

- 2.1 The statutory measure that is requested would relate to wheat, barley, durum wheat and oats (hereafter referred to as winter cereal).
- 2.2 The categories of directly affected groups which would probably be affected by the proposed statutory measure, are those groups of persons who are party to the production, purchasing and processing of winter cereals as well as to the consumption of winter cereal products in the Republic of South Africa.
- 2.3 Letters of support for the proposed statutory measure on winter cereals, by the different categories of directly affected and other groups in the winter cereal industry were received.
- 2.4 The proposed statutory measure will apply to the whole of the Republic of South Africa, in order to have a uniform levy.
- 2.5 According to the applicant, the proposed statutory measure will further the objectives of the Act as stipulated in section 2(2) thereof. Such measure will also not contravene section 2(3) of the Act.
- 2.6 The manner in which the objectives referred to in section 2(2) of the Act will be furthered (namely the increasing of market access for all market participants, the promotion of the efficiency of the marketing of agricultural products, the optimisation of export earnings from agricultural products and the enhancement of the viability of the agricultural sector), are summarised below:

The purpose and aims of this statutory measure are to provide financial support to the gathering and dissemination of information as well as scientific research to the benefit of the winter cereal industry.

Support to the winter cereal information function:

The maintenance of macro industry information is regarded as critical for strategic planning by the winter cereal industry as well as the directly affected groups individually.

In order for the market to operate effectively and efficiently, the industry regards the supplying of generic market information to all role players on a continuous basis, as essential.

The South African Grains Information Services (SAGIS) has since its establishment been nationally and internationally accepted as an objective and reliable supplier of information. A statutory levy is required to ensure that the winter cereal industry also shares in the envisaged gathering and dissemination of information by SAGIS.

Proper and accurate winter cereal market information obtainable on a continuous and timeous manner, will not only increase market access for all participants, but will also promote efficiency in the marketing of winter cereal and winter cereal products. Winter cereal marketing will furthermore enhance the viability of the winter cereal industry in particular and the agricultural sector at large.

Market information will also enhance food security, as the information on national stock levels of winter cereal will be available. The measure will further not be detrimental to the number of job opportunities within the economy or to fair labour practice.

Winter cereal and winter cereal products are annually exported to neighbouring countries and in record crop years significant volumes are also exported overseas. To achieve optimisation of export earnings, reliable information is essential.

Support to research on wheat:

The agricultural sector is expected to ensure food security, strengthen the economy and promote social wealth by providing job opportunities in rural areas. This aim can be reconciled with the provisions of section 2(3) of the Act. In order to achieve these aims the agriculture sector is dependent on continued research.

According to experts in the field of research, the performance of the South African agricultural sector despite the lack of high-potential arable land, could to a great extent be attributed to the development and application of agricultural research results. The complex interaction between changing behavioral patterns of crops and external factors affecting them, such as disease and pests, often impacts negatively on production and quality, thus creating an urgent demand for new technology in order to keep the agricultural sector profitable. Account should also continually be taken of consumer preferences within the market.

As regards research on winter cereal, specific infrastructure has been created over time. It is essential that the infrastructure created by contributions from the Winter Cereal Research and Development Fund be retained and maintained to the benefit of the winter cereal industry.

The development of new cultivars with improved quality characteristics constitutes an important part of the research undertaken by various organisations. The continuous development of new cultivars is indispensable to the sustained production of winter cereals.

No one of the objectives of the Marketing Act is envisaged to impact negatively on any of the other objectives. Furthermore, the measure would not contravene Section 2(3) of the Act.

2.7 DATE OF IMPLEMENTATION AND DURATION OF STATUTORY MEASURE:

The current statutory measures regarding levies in winter cereals as promulgated by Government Notices No. 1166 and 1167 of 18 September 1998 expire on 30 September 2002.

The statutory measure requested should come into operation on 1 October 2002 and remains in place for a period of four years i.e. until 30 September 2006.

It should be borne in mind that the measures will, in terms of the Act, be subject to evaluation and review by the National Agricultural Marketing Council at least every two years. Furthermore, the Act provides for the application to be made for the repeal of statutory measures.

2.8 MOST APPROPRIATE BODY TO ADMINISTER MEASURE:

The administration of the Winter Cereal Trust will be responsible for the collection and administration functions associated with the statutory measure as requested. The Board of Trustees will appoint persons to carry out these functions. Such persons will have to be designated and authorised by the Minister as inspectors to perform the functions referred to in Section 21 of the Act. The Auditor-General will execute annual audits.
