NOTICE 1706 OF 2002

**Proposed amendment of standard prices: Promulgation of structural tariff adjustments for Eskom's Schedule of standard tariffs****1. Overview**

- 1.1 Eskom's seventh pricing plan is a continuation of the work started in 1996, and builds on the strategic pricing direction of 1999 as well as the significant structural changes introduced on 1 July 2002. The most significant changes have been the introduction of (phased in) network charges for some tariffs, as well as the re-design of all the tariffs based on transfer pricing from Generation and Transmission to Distribution, following the structure of the Wholesale Electricity Pricing System (WEPS).
- 1.2 A key focus of this plan is to provide for a period of pricing stability and to allow customers' time to adjust to the recently introduced changes. No major changes are therefore recommended for implementation on 1 January 2003.
- 1.3 All prices quoted in this notice are in 2002 rand value, exclusive of VAT and subject to Eskom's average annual price increase for 2003. For more details regarding the proposed changes, the motivation for these changes, the revenue implications and customer impacts, please consult Eskom's latest Retail Pricing Plan, which can be viewed at the following web address: www.eskom.co.za/tariffs

2. Proposed changes for 2003

- 2.1 The following structural changes will be introduced with effect from 1 January 2003.
 - Recalculated retail rates based on Generation and Transmission's transfer pricing to the Distribution group.
The underlying transfer pricing rates will be the subject of separate price increase applications to the National Electricity Regulator (NER).
 - The introduction of network charges for Homepower, phased in over 2 or more years.
 - The introduction of a Homepower (Bulk) tariff for bulk supplies to multiple housing units, such as townhouse complexes. This tariff will be voltage differentiated.
 - A real increase of $\pm 4\%$, on average, for the Landrate, Ruraflex and Nightsave (Rural) tariffs, over and above the annual price adjustment in pursuit of greater cost reflectivity.
- 2.2 It has been decided to postpone the next phasing in step of network charges for Nightsave (Rural), Ruraflex and Landrate until a later date, probably 2004.
- 2.3 No provision was made for free basic electricity, as announced by Government. Should free basic electricity be introduced to certain customer categories, the cost of providing free basic electricity, that cannot be recovered from the fiscus, will be recovered from customers, as determined by the NER, by way of a transparent levy.

3. Financial impact

The tariff changes proposed for 2003 have been designed to net off to a zero financial impact on Eskom. The proposed tariff changes as well as re-balancing of tariffs for cost reflectivity will result in a positive or negative impact on customers, depending on their load profiles.

4. Rates for 2003

The rates reflected in Tables 1, 2, 3 and 4, in 2002 rand value and exclusive of VAT, as well as all the structural changes above, will be applicable as from 1 January 2003.

It should be noted that these rates cannot be directly compared with the existing 2002 rates, due to the mid-year implementation of the latest structural changes. Customers will have to do a full year on year analysis, using the same load profile as reference, to determine the financial impact of the proposed rate changes. This will entail determining the total annual bill, based on the two sets of 2002 tariffs (i.e. 1 January to 30 June and 1 July to 31 Dec) and comparing that with the promulgated tariffs, for a full year.

Note:

Any persons who have concerns about, or objections to, these proposed new tariffs should, as soon as possible, forward their appropriately motivated submissions to the Chairman, National Electricity Regulator, P O Box 40343, Arcadia, 0007, to reach him not later than 13 November 2002.

A copy of the submission should be addressed to the Electricity Pricing Manager, Eskom, P O Box 1091, Johannesburg, 2000.

KENNISGEWING 1706 VAN 2002

**Beoogde wysiging van standaardpryse: Promulgering van struktuurtariefaanpassings vir Eskom se Standaardtarieflys****1. Oorsig**

- 1.1 Eskom se sewende prysbepalingsplan is 'n voortsetting van die werk wat in 1996 begin is en bou voort op die strategiese prysbepalingsrigting van 1999 sowel as die betekenisvolle struktuurveranderinge wat op 1 Julie 2002 ingestel is. Die belangrikste verandering was die instelling van (ingefaseerde) netwerkheffings vir sommige tariewe, sowel as die herontwerp van al die tariewe gebaseer op oordragprysing van Kragontwikkeling en Transmissie na Distribusie, in navolging van die struktuur van die groothandel-elektrisiteitsprysbepalingsstelsel (WEPS).
- 1.2 'n Sleutelfokus van hierdie plan is om voorsiening te maak vir 'n tydperk van stabiliteit in prysbepaling en om klante tyd te gun om hulle by die onlangs ingestelde veranderinge aan te pas. Daar word dus nie groot veranderinge aanbeveel vir implementering op 1 Januarie 2003 nie.
- 1.3 Al die pryse wat in hierdie kennisgewing aangehaal word, is in 2002-randwaarde, BTW uitgesluit, en onderhewig aan Eskom se gemiddelde jaarlikse prysverhoging vir 2003. Vir nadere besonderhede oor die beoogde veranderinge, die motivering vir hierdie veranderinge, die inkomste-implikasies en die uitwerking op klante, raadpleeg asseblief Eskom se jongste Kleinhandelsprysplan, wat by die volgende webadres beskikbaar is: www.eskom.co.za/tariffs

2. Beoogde veranderinge vir 2003

- 2.1 Die volgende struktuurverandering sal met ingang van 1 Januarie 2003 ingestel word:
- Herberekende kleinhandelstariewe gebaseer op die oordragprysing van Kragontwikkeling en Transmissie na die Distribusiegroep.
Die onderliggende oordragprysingstariewe sal die onderwerp wees van aparte prysverhogingsaansoeke by die Nasionale Elektrisiteitsreguleerder (NER).
 - Die instelling van netwerkheffings vir Homepower, ingefaseer oor 2 jaar of meer.
 - Die instelling van 'n Homepower (Grootmaat)-tarief vir grootmaattoevoere aan veelvuldige behuisingseenhede, soos meenthuiskomplekse. 'n Onderskeidingsfaktor by hierdie tarief sal spanning wees.
 - 'n Reële verhoging van gemiddeld $\pm 4\%$ vir die Landrate-, Ruraflex- en Nightsave (landelike)-tariewe bo en behalwe die jaarlikse prysaanpassing, in die strewe na groter kosteweerspieëling.
- 2.2 'n Besluit is geneem om die voortgesette infasering van netwerkheffings vir Nightsave (Rural), Ruraflex en Landrate uit te stel tot 'n latere stadium, waarskynlik 2004.

- 2.3 Geen voorsiening is gemaak vir gratis basiese elektrisiteit, soos deur die Regering aangekondig nie. Indien gratis basiese elektrisiteit vir sekere klantekategorieë ingestel word, sal die koste van die voorsiening van gratis basiese elektrisiteit wat nie van die fiskus verhaal kan word nie, deur middel van 'n deursigtige heffing van klante verhaal word, soos deur die NER bepaal.

3. Finansiële uitwerking

Die tariefveranderinge wat vir 2003 beoog word, is so ontwerp dat dit geen finansiële uitwerking op Eskom sal hê nie. Die beoogde tariefveranderinge, sowel as die herbalansering van tariewe sodat hulle koste weerspieël, sal 'n positiewe of negatiewe uitwerking op klante hê, na gelang van hul lasprofile.

4. Tariewe vir 2003

Die tariewe wat in tabelle 1, 2, 3 en 4 getoon word, in 2002-randwaarde en BTW uitgesluit, sowel as al die struktuurveranderinge hierbo, sal van 1 Januarie 2003 van toepassing wees.

Let daarop dat hierdie tariewe nie regstreeks met die bestaande tariewe vir 2002 vergelyk kan word nie, as gevolg van die implementering van die jongste struktuurveranderinge in die middel van die jaar. Klante sal 'n volledige jaar-vir-jaar-analise moet doen en dieselfde lasprofile as verwysing moet gebruik om die finansiële uitwerking van die beoogde tariefveranderinge te bepaal. Dit sal behels dat die volle jaarlikse rekening bepaal moet word op grond van die twee stelde tariewe vir 2002 (dws 1 Januarie tot 30 Junie en 1 Julie tot 31 Desember), en dat dit dan met hierdie gepromulgeerde tariewe vir 'n volle jaar vergelyk moet word.

Let Wel:

Enigeen met kommer oor of besware teen die beoogde nuwe tariewe moet so spoedig moontlik hul gepas gemotiveerde voorleggings stuur aan die Voorsitter, Nasionale Elektrisiteitsreguleerder, Posbus 40343, Arcadia, 0007, sodat dit hom nie later bereik nie as 13 November 2002.

'n Afskrif moet gestuur word aan die Elektrisiteitsprysbepalingsbestuurder, Eskom, Posbus 1091, Johannesburg, 2000.

4.1 Nightsave (Tariewe is in 2002-randwaarde, BTW uitgesluit)

Daar sal geen verandering in die transmissie- of spanningstoelag wees nie.

NOTICE 1712 OF 2002

BOARD ON TARIFFS AND TRADE**SUNSET REVIEW OF THE ANTI-DUMPING DUTIES ON CAPSULES CONTAINING 250 MG AND 500 MG AMOXYCILLIN TRIHYDRATE, ORIGINATING IN INDIA AND IMPORTED FROM RANBAXY LABORATORIES LIMITED, INDIA.**

In accordance with the provisions in Article 11.3 of the World Trade Organisation Agreement on Implementation of Article VI of the General Agreement on Tariffs and Trade, any definitive anti-dumping duty shall be terminated on a date not later than five years from its imposition, unless the authorities determine, in a review initiated before that date on their own initiative or upon a duly substantiated request made by or on behalf of the domestic industry within a reasonable period of time prior to that date, that the expiry of the duty would be likely to lead to continuation or recurrence of dumping and injury.

On 6 July 2001, the Board on Tariffs and Trade (the Board) notified all interested parties, through Notice No. 1611 of Government Gazette No. 22423, that unless a request is made by or on behalf of the domestic industry for the duty to be reviewed prior to the expiry thereof, the anti-dumping duty, on capsules containing 250 mg and 500 mg amoxycillin trihydrate, (anti-biotics) originating in India and imported from Ranbaxy Laboratories Limited, India, will expire on 26 September 2002.

A duly completed Petition Review Questionnaire was submitted to the Board on 31 July 2002.

THE PETITIONER

The petition was lodged by Pharmicare Ltd, being a manufacturer of the subject product in the SACU. The Petitioner alleges that the expiry of the duty would be likely to lead to continuation or recurrence of dumping and injury. The Petitioner submitted sufficient evidence and established a *prima facie* case to enable the Board to arrive at a reasonable conclusion that a review investigation should be initiated.

THE PRODUCT

The products under investigation are capsules containing 250 mg and 500 mg amoxycillin trihydrate, classifiable under tariff subheading 3004.10, originating in India and imported from Ranbaxy Laboratories Ltd, India.

THE ALLEGATION OF THE CONTINUATION OR RECURRENCE OF DUMPING

The allegation of continuation or recurrence of dumping is based on the comparison between the normal values in and the export prices from India. The normal values for India were based on quotes in India obtained by the petitioner. The export prices were also based on quotes in India that were obtained by the petitioner. On this basis, the Board found that there was *prima facie* proof of the likely recurrence of dumping if the duty expires.

THE ALLEGATION OF THE CONTINUATION OR RECURRENCE OF MATERIAL INJURY

The Petitioner alleges and submitted sufficient evidence to show that there is price undercutting. The Petitioner further indicated that its prices will be depressed once the duties expire. The Petitioner's information indicated that it will experience a decline in profit margins, market share, return on investment and cash flow, if the duties expire. It was also indicated that the Petitioner's market share will decrease at the expense of a corresponding increase in the market share of the alleged dumped goods. On this basis the Board found that there was *prima facie* proof of the likely continuation and/or recurrence of material injury.

PERIOD OF INVESTIGATION

The period of investigation for purposes of determining the continuation or recurrence of dumping will be from 1 July 2001 to 30 June 2002. The period of investigation for purposes of determining continuation or recurrence of injury will be from 1 July 2000 to 30 June 2002. An estimate of the situation if the duties expire, will also be considered by the Board.

PROCEDURAL FRAMEWORK

Having decided that there is sufficient evidence and a *prima facie* case to justify the initiation of an investigation, the Board has begun an investigation in terms of section 4 of the Board on Tariffs and Trade Act, 1986 (the BTT Act). The Board will conduct its investigation in accordance with the relevant sections of the BTT Act and the World Trade Organisation Agreement on Implementation of Article VI of the GATT 1994 (the Anti-Dumping Agreement). A copy of the Anti-Dumping Agreement is available from the Board's office on request.

In order to obtain the information it deems necessary for its investigation, the Board will send non-confidential versions of the petition and questionnaires to the known importer, Ranbaxy (SA) (Pty) Ltd, and exporter, Ranbaxy Laboratories Ltd, in India. The trade representative of India has also been notified. Other importers, exporters and other interested parties are invited to contact the Board as soon as possible if they wish to be provided with the relevant documentation. The questionnaire has to be completed and any other representations must be made within the time limit set out below.

CONFIDENTIAL INFORMATION

Please note that if any information is considered to be confidential then a non-confidential version of the information must be submitted for the public file, simultaneously with the confidential version. In submitting a non-confidential version the following rules are strictly applicable and parties must indicate:

- where confidential information has been omitted and the nature of such information;
- reasons for such confidentiality;
- a summary of the confidential information which permits a reasonable understanding of the substance of the confidential information; and
- in exceptional cases, where information is not susceptible to summary, reasons must be submitted to this effect.

This rule applies to all parties and to all correspondence with and submissions to the Board, which unless indicated to be confidential and filed together with a non-confidential version, will be placed on the public file and be made available to other interested parties.

If a party considers that any document of another party, on which that party is submitting representations, does not comply with the above rules and that such deficiency affects that party's ability to make meaningful representations, the details of the deficiency and the reasons why that party's rights are so affected must be submitted to the Board in writing forthwith (and at the latest 14 days prior to the date on which that party's submission is due). Failure to do so timeously, will seriously hamper the proper administration of the investigation, and such party will not be able to subsequently claim an inability to make meaningful representations on the basis of the failure of such other party to meet the requirements.

ADDRESS

The response to the questionnaire and any information regarding this matter, and any

arguments concerning the allegation of continuation or recurrence of dumping, and the continuation or recurrence of material injury must be submitted in writing to the following address:

PROCEDURES AND TIME LIMITS

All responses, including non-confidential copies of the responses, should be received by the Director: Trade Remedies II not later than 30 days from the date hereof, or from the date on which the letter accompanying the abovementioned questionnaire was received. The said letter shall be deemed to have been received seven days after the day of its dispatch.

Late submissions will not be accepted except with the prior written consent of the Board. The Board will give due consideration to written requests for an extension of not more than 14 days on good cause shown (properly motivated and substantiated), if received prior to the expiry of the original 30-day period. *Merely citing insufficient time is not an acceptable reason for an extension.* Please note that the Board will not consider requests for extension by Embassies on behalf of exporters.

The information submitted by any party may need to be verified by the Investigating Officers in order for the Board to take such information into consideration. The Board may verify the information at the premises of the party submitting the information, within a short period after the submission of the information to the Board. Parties should therefore ensure that the information submitted will subsequently be available for verification. It is planned to do the verification of the information submitted by the exporters within three to five weeks subsequent to submission of the information. This period will only be extended if it is not feasible for the Board to do it within this time period or upon good cause shown, and with the prior written consent of the Board, which should be requested at the time of the submission. It should be noted that unavailability of, or inconvenience to consultants will not be considered to be good cause. Parties should also ensure when they engage consultants that they will

be available at the requisite times, to ensure compliance with the above time frames. Parties should also ensure that all the information requested in the applicable questionnaire is provided in the specified detail and format. The questionnaires are designed to ensure that the Board is provided with all the information required to make a determination in accordance with the rules of Anti-Dumping Agreement. The Board may therefore refuse to verify information that is incomplete or does not comply with the format in the questionnaire, unless the Board has agreed in writing to a deviation from the required format. A failure to submit an adequate non-confidential version of the response that complies with the rules set out above under the heading "Confidential Information" will be regarded as an incomplete submission.

Parties who experience difficulty in furnishing the information required, or submitting it in the format required, are therefore urged to make written applications to the Board at an early stage for permission to deviate from the questionnaire or provide the information in an alternative format that can satisfy the Board's requirements. The Board will give due consideration to such a request on good cause shown.

Oral representations to the Board by any interested party may also be made on written request to the Board at least seven days prior to the expiry date of the original 30 days period to respond and by prior arrangement with the Directorate. Such oral representations must be made within the same period as the written representations, unless prior written consent of the Board has been obtained for the oral representations to be made at a later date, which shall in any event not be later than 14 days after the written representations have been submitted. Oral representations will be limited to one hour for SACU manufacturers and exporters and thirty minutes for importers.

If the required information and arguments are not received in a satisfactory form within the time limit specified above, or if verification of the information cannot take place, the Board may disregard the information submitted and make a finding on the basis of the facts available to it.

Enquiries may be directed to the investigating officers, Mr TP Botha at (012) 428-7722 or Mr T Ramutsheli (012) 428-7760.

NOTICE 1713 OF 2002

BOARD ON TARIFFS AND TRADE**INITIATION OF AN INVESTIGATION INTO THE ALLEGED DUMPING OF COTTON FLOOR MOPS, DUST AND BRUSH SETS, FLOOR BROOMS AND TOILET BRUSH SETS ORIGINATING IN OR IMPORTED FROM ITALY**

The Board on Tariffs and Trade (the Board) accepted a petition alleging that cotton floor mops, dust and brush sets, floor brooms and toilet brush sets originating in or imported from Italy are being dumped in the Southern African Customs Union (SACU) market, causing material injury to the SACU industry concerned.

THE PETITIONER

The petition was lodged by USABCO (Pty) Ltd, representing the domestic manufacturers of the products under investigation in the SACU. The Petitioner alleges that it cannot compete with the low prices charged by the importers and that the allegedly dumped products are causing material injury. The Petitioner submitted sufficient evidence and established a *prima facie* case to enable the Board to arrive at a reasonable conclusion that an investigation should be initiated on the basis of dumping, material injury and causality.

THE PRODUCT

The products allegedly being exported at dumped prices are cotton floor mops, dust and brush sets, floor brooms and toilet brush sets, classifiable under tariff subheadings 9603.90, originating in or imported from Italy.

THE ALLEGATION OF DUMPING

The allegation of dumping is based on the comparison between the normal value in and the export price from Italy. The normal values were determined from an invoice provided by the petitioner. The export prices were determined on the basis of quotes provided. On this basis, the Board found that there was *prima facie* proof of dumping.

THE ALLEGATION OF MATERIAL INJURY AND CAUSAL LINK

The Petitioner alleges and submitted sufficient evidence to show that there is price undercutting and that the imports in question are suppressing its selling prices. The Petitioner's information indicated a decline in sales, profit margins, output, market share and capacity utilisation. On this basis the Board found that there was *prima facie* proof of material injury and causal link.

PERIOD OF INVESTIGATION

The period of investigation for purposes of determining the dumping margins in the exporting country or country of origin will be from March 2001 to February 2002. The period of investigation for purposes of determining injury will be from March 1999 to February 2002. If there are subsequent events that are relevant to injury the Board may later request and consider further, more recent information.

PROCEDURAL FRAMEWORK

Having decided that there is sufficient evidence and a *prima facie* case to justify the initiation of an investigation, the Board has begun an investigation in terms of section 4 of the Board on Tariffs and Trade Act, 1986 (the BTT Act). The Board will conduct its investigation in accordance with the BTT Act and the World Trade Organisation Agreement on Implementation of Article VI of the GATT (the Anti-Dumping Agreement). A copy of the Anti-Dumping Agreement is available from the Board's office on request. In order to obtain the information it deems necessary for its investigation, the Board will send non-confidential versions of the petition and

questionnaires to all known importers and exporters, and known representative associations. The trade representative of the exporting country has also been notified. Importers, exporters and other interested parties are invited to contact the Board as soon as possible in order to determine whether they have been listed and have been sent the relevant documents. If not, they should immediately ensure that they are sent copies. The questionnaire has to be completed and any other representations must be made within the time limit set out below.

CONFIDENTIAL INFORMATION

Please note that if any information is considered to be confidential then a non-confidential version of the information must be submitted for the public file, simultaneously with the confidential version. In submitting a non-confidential version the following rules are strictly applicable and parties must indicate:

- where confidential information has been omitted and the nature of such information;
- reasons for such confidentiality;
- a summary of the confidential information which permits a reasonable understanding of the substance of the confidential information; and
- in exceptional cases, where information is not susceptible to summary, reasons must be submitted to this effect.

This rule applies to all parties and to all correspondence with and submissions to the Board, which unless indicated to be confidential and filed together with a non-confidential version, will be placed on the public file and be made available to other interested parties.

If the above requirements regarding the submission of a non-confidential version of documents are not strictly adhered to, the Board might disregard the information so submitted.

If a party considers that any document of another party, on which that party is

submitting representations, does not comply with the above rules and that such deficiency affects that party's ability to make meaningful representations, the details of the deficiency and the reasons why that party's rights are so affected must be submitted to the Board in writing forthwith (and at the latest 14 days prior to the date on which that party's submission is due). Failure to do so timeously will seriously hamper the proper administration of the investigation, and such party will not be able to subsequently claim an inability to make meaningful representations on the basis of the failure of such other party to meet the requirements.

The response to the questionnaire and any information regarding this matter and any arguments concerning the allegation of subsidised export and the resulting material injury must be submitted in writing to the following address:

Oral representations will be limited to one hour for SACU manufacturers and exporters and thirty minutes for importers.

If the required information and arguments are not received in a satisfactory form within the time limit specified above, or if verification of the information cannot take place, the Board may disregard the information submitted and make provisional or final findings on the basis of the facts available to it. Parties that have not responded or cooperated with the Board in the preliminary phase of the investigation and/or have not provided responses to the Board's questionnaires, must show good cause why the Board should consider any such responses or submissions. The Board reserves its right to disregard responses or submissions received from parties that did not cooperate during the preliminary phase of the investigation.

The following application concerning the Customs and Excise Tariff has been received by the Board on Tariffs and Trade. Any objection to or comment on this representation should be submitted to the Chairman, Board on Tariffs and Trade, Private Bag X753, Pretoria, 0001, within six weeks of the date of this notice. Attention is drawn to the fact that the rate of duty mentioned in the application is that requested by the applicant and that the Board may, depending on its findings, recommend a lower or higher rate of duty.

Note: Imports enter South Africa duty free and have captured a major share of the market. This forced Cadac to offer its products at prices which are not sustainable in the longer term.

Interested parties are invited to comment on the level of duties and are requested to submit detailed information in motivation of their comments.

Increase in the rate of duty on:

UHT milk classifiable under tariff heading 04.01 at free of duty.
