NOTICE 779 OF 2005**INTERNATIONAL TRADE ADMINISTRATION COMMISSION**

In accordance with the provisions in Article 53.1 of the Anti-Dumping Regulations, any definitive anti-dumping duty shall be terminated on a date not later than five years from the date of imposition, unless the authorities determine, in a review initiated before that date on their own initiative or upon a duly substantiated request made by or on behalf of the domestic industry, that the expiry of the duty would be likely to lead to continuation or recurrence of dumping and injury.

The International Trade Administration Commission (ITAC) hereby notifies all interested parties that, unless a duly substantiated request is made by or on behalf of the SACU industry, indicating that the expiry of the duty would be likely to lead to continuation or recurrence of dumping and injury, the following anti-dumping duties will expire during 2006:

	PRODUCT	COUNTRY	DATE OF IMPOSITION OF THE DUTY	DATE OF EXPIRY OF DUTY
1	Acetaminophenol	India	29/06/01	29/06/06
2	Suspension PVC	India, Republic of Korea, Thailand	15/06/01	15/06/06
3	Printed and dyed bed linen	Malawi, Pakistan	30/05/01	30/05/06

The following countervailing duties were imposed during 2001, and will therefore expire during 2006 if a review is not initiated:

	PRODUCT	COUNTRY	DATE OF IMPOSITION OF THE DUTY	DATE OF EXPIRY OF DUTY
1	Printed and dyed bed linen	Pakistan	28/12/01	28/12/06
2	Suspension PVC	India	15/06/01	15/06/06

PROCEDURAL FRAMEWORK

The Commission will conduct its investigation in accordance with the relevant sections of the ITA Act, the World Trade Organisation Agreement on Implementation of Article VI of the GATT 1994 (the Anti-Dumping Agreement) and the Anti-Dumping Regulations of the International Trade Administration Commission of South Africa (ADR). Both the ITA Act and the ADR are available from the Commission's website (www.itac.org.za) or from the Trade Remedies section, on request.

Manufacturers in the Southern African Customs Union (SACU) of the subject products listed above, who wish to submit a request for the duty to be reviewed prior to the expiry thereof, are requested to do so within the time limit set out below. In the instances where no replies are received from the SACU manufacturers within these time limits, the Commission will recommend the termination of the duties on the date of expiry.

SACU manufacturers who do submit a request within the time limit set out below, are requested to submit duly substantiated information, indicating that the expiry of the duty would be likely to lead to continuation or recurrence of dumping and material injury, to the Commission, on the dates as specified below:

	PRODUCT	COUNTRY	DATE OF EXPIRY OF DUTY	DATE OF SUBMISSION
1	Acetaminophenol	India	29/06/06	29/12/05
2	Suspension PVC	India, Republic of Korea, Thailand	15/06/06	15/12/05
3	Printed and dyed bed linen	Malawi, Pakistan	30/05/06	30/11/05
4	Printed and dyed bed linen (Countervailing)	Pakistan	28/12/06	28/06/06
5	Suspension PVC (Countervailing)	India	15/06/06	15/12/05

The Commission will consider the information submitted in order to determine whether *prima facie* evidence exist to justify the initiation of a review. Should the Commission

decide to initiate a review, notice will be given in the Government Gazette and other parties, being exporters and importers of the subject products, will be requested to comment and provide information.

CONFIDENTIAL INFORMATION

Please note that if any information is considered to be confidential then a non-confidential version of the information must be submitted for the public file, simultaneously with the confidential version. In submitting a non-confidential version the following rules are strictly applicable and parties must indicate:

- Where confidential information has been omitted and the nature of such information;
- Reasons for such confidentiality;
- A summary of the confidential information which permits a reasonable understanding of the substance of the confidential information; and
- In exceptional cases, where information is not susceptible to summary, reasons must be submitted to this effect.

This rule applies to all correspondence with and submissions to the Commission, which unless indicated to be confidential and filed together with a non-confidential version, will be placed on the public file and be made available to other interested parties.

If a party considers that any document of another party, on which that party is submitting representations, does not comply with the above rules and that such deficiency affects that party's ability to make meaningful representations, the details of the deficiency and the reasons why that party's rights are so affected must be submitted to the Commission in writing forthwith (and at the latest 14 days prior to the date on which that party's submission is due). Failure to do so timeously, will seriously hamper the proper administration of the investigation, and such party will not be able to subsequently claim an inability to make meaningful representations on the basis of the

failure of such other party to meet the requirements.

Subsection 33(1) of the ITA Act provides that any person claiming confidentiality of information should identify whether such information is *confidential by nature* or is *otherwise confidential* and, any such claims must be supported by a written statement, in each case, setting out how the information satisfies the requirements of the claim to confidentiality. In the alternative, a sworn statement should be made setting out reasons why it is impossible to comply with these requirements.

Section 2.3 of the ADR provides as follows:

"The following list indicates "information that is by nature confidential" as per section 33(1)(a) of the Main Act, read with section 36 of the Promotion of Access to Information Act (Act 2 of 2000):

- (a) *management accounts;*
- (b) *financial accounts of a private company;*
- (c) *actual and individual sales prices;*
- (d) *actual costs, including cost of production and importation cost;*
- (e) *actual sales volumes;*
- (f) *individual sales prices;*
- (g) *information, the release of which could have serious consequences for the person that provided such information; and*
- (h) *information that would be of significant competitive advantage to a competitor;*

Provided that a party submitting such information indicates it to be confidential."

PROCEDURES AND TIME LIMITS

Manufacturers in the SACU of the subject products listed above, who wish to submit a request for the duty to be reviewed prior to the expiry thereof, are requested to do so not later than close of business on 30 June 2005.

SACU manufacturers who do submit a request before 30 June 2005, should submit duly substantiated information, indicating that the expiry of the duty would be likely to lead to continuation or recurrence of dumping and material injury, to the Commission.

It should be noted that the investigation process is complex and the Commission is subject to strict time limits within which to complete the investigation. Late submissions will therefore not be accepted, except with the prior written consent of the Commission.

The Commission will give due consideration to written requests for an extension of not more than 14 days on good cause shown (properly motivated and substantiated), if received prior to the expiry of the original period. Merely citing insufficient time is not an acceptable reason for extension.

The information submitted by any party may need to be verified by the Investigating Officers in order for the Commission to take such information into consideration. The Commission may verify the information at the premises of the party submitting the information, within a short period after the submission of the information to the Commission. Parties should therefore ensure that the information submitted will subsequently be available for verification. It is planned to do the verification of the information submitted by the exporters within three to five weeks subsequent to submission of the information. This period will only be extended if it is not feasible for the Commission to do it within this time period or upon good cause shown, and with the

prior written consent of the Commission, which should be requested at the time of the submission. It should be noted that unavailability of, or inconvenience to consultants will not be considered to be good cause.

Parties should also ensure when they engage consultants that they will be available at the requisite times, to ensure compliance with the above time frames. Parties should also ensure that all the information requested in the applicable questionnaire is provided in the specified detail and format. The questionnaires are designed to ensure that the Commission is provided with all the information required to make a determination in accordance with the rules of Anti-Dumping Agreement. The Commission may therefore refuse to verify information that is incomplete or does not comply with the format in the questionnaire, unless the Commission has agreed in writing to a deviation from the required format. A failure to submit an adequate non-confidential version of the response that complies with the rules set out above under the heading *Confidential Information* will be regarded as an incomplete submission.

Parties, who experience difficulty in furnishing the information required, or submitting in the format required, are therefore urged to make written applications to the Commission at an early stage for permission to deviate from the questionnaire or provide the information in an alternative format that can satisfy the Commission's requirements. The Commission will give due consideration to such a request on good cause shown.

Any interested party may request an oral hearing at any stage of the investigation in accordance with Section 5 of the ADR, provided that the party indicates reasons for not relying on written submission only. The Commission may refuse an oral hearing if granting such hearing will unduly delay the finalisation of a determination. Parties requesting an oral hearing shall provide the Commission with a detailed agenda for, and a detailed version, including a non-confidential version, of the information to be discussed at the oral hearing at the time of the request.

If the required information and arguments are not received in a satisfactory form within the time limit specified above, or if verification of the information cannot take place, the Commission may disregard the information submitted and make a finding on the basis of the facts available to it.

Enquiries may be directed to the Director: Trade Remedies, Ms Carina Grové, at telephone (012) 394-3594 or at fax (012) 394-0518.

NOTICE 780 OF 2005**INTERNATIONAL TRADE ADMINISTRATION COMMISSION****NOTICE OF INITIATION OF AN INVESTIGATION INTO THE ALLEGED DUMPING OF UNFRAMED GLASS MIRROR OF A THICKNESS OF 2MM TO 6MM ORIGINATING IN OR IMPORTED FROM CHINESE TAIPEI, INDIA AND INDONESIA**

The International Trade Administration Commission (the Commission) accepted an application alleging that unframed mirror originating in or imported from Chinese Taipei, India and Indonesia is being dumped on the Southern African Customs Union (SACU) market, causing material injury to the SACU industry concerned.

THE APPLICANT

The application was lodged by PFG Building Glass (Pty) Ltd being the only manufacturer the product under investigation in the SACU. The Applicant alleges that it cannot compete with the low prices charged by the importers and that the allegedly dumped products are causing it material injury. The Applicant submitted sufficient evidence and established a *prima facie* case to enable the Commission to arrive at a reasonable conclusion that an investigation should be initiated on the basis of dumping, material injury and causality.

THE PRODUCT

The product allegedly being dumped is unframed mirror of a thickness of 2mm to 6mm, classifiable under tariff subheading 7009.91, originating in or imported from Chinese Taipei, India and Indonesia.

THE ALLEGATION OF DUMPING

Chinese Taipei

The allegation of dumping is based on the comparison between the normal value in Chinese Taipei and the export price from Chinese Taipei. The normal value for the 2mm product was determined based on the same ratio between per kg prices of 2mm mirror and 3mm mirror in Indonesia. The normal value for 3 mm product was determined based on information obtained from PFG's agent in Chinese Taipei. The normal values for 4 mm and 5 mm products were also determined based on information obtained from PFG's agent in Chinese Taipei. The normal value for the 6mm product was determined based on the price per kg for the 5mm product, as no other information was available despite the Applicant's attempts to obtain a normal value.

The export price was determined based on the official import statistics for the period January 2004 to December 2004 obtained from the South African Revenue Service. On this basis, the Commission found that there was *prima facie* proof of dumping.

India

The allegation of dumping is based on the comparison between the normal value in India and the export price from India. The normal value for the 2mm product was determined based on the same ratio between per kg prices of 2mm mirror and 3mm mirror in Indonesia. The normal values for the 3mm, 4 mm and 5 mm products were determined based on an invoice obtained from Ankeet Traders, a wholesaler of the subject product in India. The normal value for the 6mm product was determined based on the price per kg for the 5mm product, as no other information was available despite the Applicant's attempts to obtain a normal value.

The export price was determined based on the official import statistics for the period January 2004 to December 2004 obtained from the South African Revenue Service. On

this basis, the Commission found that there was *prima facie* proof of dumping. UJA BHT

Indonesia

The allegation of dumping is based on the comparison between the normal value in Indonesia and the export price from Indonesia. The normal values for Indonesia are based on information gleaned during visits to Indonesia by PFG's management.

The export price was determined based on the official import statistics for the period January 2004 to December 2004 obtained from the South African Revenue Service. On this basis, the Commission found that there was *prima facie* proof of dumping.

THE ALLEGATION OF MATERIAL INJURY

The Applicant alleges and submitted sufficient evidence to show that there is price undercutting and that the imports in question are depressing and suppressing its selling prices. The Applicant's information indicated a decline profit margins, output, market share, productivity and capacity utilisation. It also indicated an increase in inventories. It further indicated that there is a negative effect on cash flow, return on investment, wages, growth, the ability to raise capital and employment. It was also evident that the decrease in market share has been at the expense of a corresponding increase in the market share of the allegedly dumped goods. On this basis the Commission found that there was *prima facie* proof of material injury and causal link.

PERIOD OF INVESTIGATION

The period of investigation for purposes of determining the dumping margins in the respective exporting countries or countries of origin will be from January 2004 to December 2004. The period of investigation for purposes of determining injury will be from January 2002 to December 2004. If there are subsequent events that are relevant to injury the Commission may later request and consider further, more recent information.

PROCEDURAL FRAMEWORK

Having decided that there is sufficient evidence and a *prima facie* case to justify the initiation of an investigation, the Commission has begun an investigation in terms of section 16 of the International Trade Administration Act, 2002 (the ITA Act). The Commission will conduct its investigation in accordance with the relevant sections of the ITA Act, the World Trade Organisation Agreement on Implementation of Article VI of the GATT 1994 (the Anti-Dumping Agreement) and the Anti-Dumping Regulations of the International Trade Administration Commission of South Africa (ADR). Both the ITA Act and the ADR are available on the Commission's website (www.itac.org.za) or from the Trade Remedies section, on request.

In order to obtain the information it deems necessary for its investigation, the Commission will send non-confidential versions of the petition and questionnaires to all known importers and exporters, and known representative associations. The trade representatives of the exporting countries have also been notified. Importers and other interested parties are invited to contact the Commission as soon as possible in order to determine whether they have been listed and were furnished with the relevant documentation. If not, they should immediately ensure that they are sent copies. The questionnaire has to be completed and any other representations must be made within the time limit set out below.

CONFIDENTIAL INFORMATION

Please note that if any information is considered to be confidential then a non-confidential version of the information must be submitted for the public file, simultaneously with the confidential version. In submitting a non-confidential version the following rules are strictly applicable and parties must indicate:

- X where confidential information has been omitted and the nature of such information;
- X reasons for such confidentiality;

- X a summary of the confidential information which permits a reasonable understanding of the substance of the confidential information; and
- X in exceptional cases, where information is not susceptible to summary, reasons must be submitted to this effect.

This rule applies to all parties and to all correspondence with and submissions to the Commission, which unless indicated to be confidential and filed together with a non-confidential version, will be placed on the public file and be made available to other interested parties.

If a party considers that any document of another party, on which that party is submitting representations, does not comply with the above rules and that such deficiency affects that party's ability to make meaningful representations, the details of the deficiency and the reasons why that party's rights are so affected must be submitted to the Commission in writing forthwith (and at the latest 14 days prior to the date on which that party's submission is due). Failure to do so timeously, will seriously hamper the proper administration of the investigation, and such party will not be able to subsequently claim an inability to make meaningful representations on the basis of the failure of such other party to meet the requirements.

Subsection 33(1) of the ITA Act provides that any person claiming confidentiality of information should identify whether such information is *confidential by nature* or is *otherwise confidential* and, any such claims must be supported by a written statement, in each case, setting out how the information satisfies the requirements of the claim to confidentiality. In the alternative, a sworn statement should be made setting out reasons why it is impossible to comply with these requirements.

Section 2.3 of the ADR provides as follows:

"The following list indicates "information that is by nature confidential" as per section 33(1)(a) of the Main Act, read with section 36 of the Promotion of Access to Information Act (Act 2 of 2000):

- (a) management accounts;
- (b) financial accounts of a private company;

- (c) *actual and individual sales prices;*
- (d) *actual costs, including cost of production and importation cost;*
- (e) *actual sales volumes;*
- (f) *individual sales prices;*
- (g) *information, the release of which could have serious consequences for the person that provided such information; and*
- (h) *information that would be of significant competitive advantage to a competitor;*

Provided that a party submitting such information indicates it to be confidential."
