## MEMORANDUM ON THE OBJECTS OF THE MERCHANT SHIPPING AMENDMENT BILL

### Main objects

1 This Bill amends the Merchant Shipping Act, 1951 (Act No. 57 of 1951) ("the MSA").

2 The Bill's main object is to revise the limitation of liability provisions in section 261 of the principal Act—

- to correct technical deficiencies in the section; and
- to modernise the law relating to shipowner limitation by introducing provision that is consistent with the 1976 Convention on Limitation of Liability for Maritime Claims and its 1996 Protocol ("the LLMC") in respect of liability limits, conduct barring limitation and the burden of proof; and
- to make other consequential changes.

### Analysis of clauses

3 *Clause 1* amends section 261 of the principal Act. The amendments propose to modernise the law relating to shipowner limitation by introducing key elements of the LLMC, notably in respect of liability limits and the test, and onus, for barring limitation. These changes also address current deficiencies affecting claims involving both personal injury and damage to property. While the LLMC test for barring limitation is much stricter than the current "fault or privity" test, this is balanced by significantly higher liability limits, which, for claimants, means the prospect of a larger limitation fund being available for the payment of claims. Provision is made for the Minister of Transport to set different limits should this become necessary over time.

4 *Clause 3* amends section 263 of the principal Act by deleting subsection (2). The provision is re-enacted in substantially the same terms in the amendments covered by *clause 1* of the Bill.

5 *Clause 4* is a standard provision dealing with the short title and commencement of the enactment. Commencement is to be on a day proclaimed by the President.

**NOTICE 1453 OF 2006****INTERNATIONAL TRADE ADMINISTRATION COMMISSION OF SOUTH AFRICA****CORRECTION NOTICE**

This Notice replaces the application by Airtronic Spares as published under Notice No 836 of 2006, in Government Gazette, dated 30 June 2006.

**REDUCTION IN THE RATE OF CUSTOMS DUTY:**

"Other AC electric motors, single-phase, classifiable in tariff subheading 8501.40 by the deletion of the subheading 8501.40.05 and 8501.40.90"

This would result in a consolidation of two tariff subheadings and the deletion would have the effect of a reduction in the rate of duty on AC electric single phase motors currently classifiable under tariff subheading 8501.40.90 from the current 20% *ad valorem* duty to free of duty, as well as achieve significant simplification of the tariff structure.
