NOTICE 1783 OF 2006

**INTERNATIONAL TRADE ADMINISTRATION COMMISSION
OF SOUTH AFRICA****CUSTOMS AND EXCISE TARIFF APPLICATIONS****LIST 18/2006**

The International Trade Administration Commission of South Africa (ITAC) has received the following applications concerning the Customs and Excise Tariff. Any objection to or comment on this representation should be submitted to the Chief Commissioner, ITAC, Private Bag X753, Pretoria, 0001, within six weeks of the date of this notice. Attention is drawn to the fact that the rate of duty mentioned in the application is that requested by the applicant and that the Commission may, depending on its findings, recommend a lower or higher rate of duty.

CONFIDENTIAL INFORMATION

Please note that if any information is considered to be confidential then a non-confidential version of the information must be submitted, simultaneously with the confidential version. In submitting a non-confidential version the following rules are strictly applicable and parties must indicate:

- ☐ *Where confidential information has been omitted and the nature of such information;*
- ☐ *A summary of the confidential information which permits a reasonable understanding of the substance of the confidential information; and*
- ☐ *In exceptional cases, where information is not susceptible to summary, reasons must be submitted to this effect.*

This rule applies to all parties and to all correspondence with and submissions to the Commission, which unless indicated to be confidential and filed together with a non-confidential version, will be made available to other interested parties.

If a party considers that any document of another party, on which that party is submitting representations, does not comply with the above rules and that such deficiency affects that party's ability to make meaningful representations, the details of the deficiency and the reasons why that party's rights are so affected must be submitted to the commission in writing forthwith (and at the latest 14 days prior to the date on which that party's submission is due). Failure to do so timeously will seriously hamper the proper administration of the investigation, and such party will not be able to subsequently claim an inability to make meaningful representations on the basis of the failure of such other party to meet the requirements.

1. Reduction

in the rate of duty from 10% to free on:

APPLICANT

Nu-World Industries (Pty) Ltd
PO Box 8964

Reason for application:

“ Certain heating resistors and glass lids are not manufactured in the SACU and a rebate of duty on these products will assist the industry to sustain growth, develop new products and therefore create more jobs.”

4. Rebate

of the full customs duty on:

"Monofilament of polypropylene classifiable in tariff subheading 5404.10 for the manufacture of carpet backing materials consisting of woven fabrics, containing 85 per cent or more by mass of synthetic filaments classifiable in tariff subheading 54.07".

As reason for the application the applicant stated that:

- ❑ Similar finished textile woven carpet backing material of TH 5407.20, manufactured from polymers of polypropylene is imported under rebate item 311.10, which put them (applicant) at a distinct disadvantage.
- ❑ Rebate of duty would add advantage to their business through price/cost savings due to the fact that their end product could then be sold at the more competitive prices and enable them to have access to a wider market.
