NOTICE 193 OF 2008**INTERNATIONAL TRADE ADMINISTRATION COMMISSION****CUSTOMS TARIFF APPLICATION****LIST 2/2008**

The International Trade Administration Commission (herein after referred to as ITAC or the Commission) has received the following application concerning the Customs Tariff. Any objection to or comment on this representation should be submitted to the Chief Commissioner, ITAC, Private Bag X753, Pretoria, 0001, within six weeks of the date of this notice. Attention is drawn to the fact that the rate of duty mentioned in the application is that requested by the applicant and that the Commission may, depending on its findings, recommend a lower or higher rate of duty.

CONFIDENTIAL INFORMATION

The submission of confidential information to the Commission in connection with customs tariff applications is governed by section 3 of the Tariff Investigations Regulations, which regulations can be found on ITAC's website at <http://www.itac.org.za/documents/R.397.pdf>.

These regulations require that if any information is considered to be confidential, then a non-confidential version of the information must be submitted, simultaneously with the confidential version. In submitting a non-confidential version the regulations are strictly applicable and require parties to indicate:

- ❑ Each instance where confidential information has been omitted and the reasons for confidentiality;*
- ❑ A summary of the confidential information which permits other interested parties a reasonable understanding of the substance of the confidential information; and*
- ❑ In exceptional cases, where information is not susceptible to summary, reasons must be submitted to this effect.*

This rule applies to all parties and to all correspondence with and submissions to the Commission, which unless clearly indicated to be confidential, will be made available to other interested parties. The Commission will disregard any information indicated to be confidential that is not accompanied by a proper non-confidential summary or the aforementioned reasons.

If a party considers that any document of another party, on which that party is submitting representations, does not comply with the above rules and that such deficiency affects that party's ability to make meaningful representations, the details of the deficiency and the reasons why that party's rights are so affected must be submitted to the commission in writing forthwith (and at the latest 14 days prior to the date on which that party's submission is due). Failure to do so timeously will seriously hamper the proper administration of the investigation, and such party will not be able to subsequently claim an inability to make meaningful representations on the basis of the failure of such other party to meet the requirements.

REBATE OF THE FULL CUSTOMS DUTY ON:

“Woven fabrics, of a mass of 35 g/m² or more but not exceeding 50 g/m², consisting of 100% non-textured polyester monofilament yarns, woven from yarns with a linear density of 15 date or more but not exceeding 22 date and with a construction of 60 threads per cm² or more but not exceeding 80 threads per cm², classifiable in tariff subheading 5407.61, for the manufacture of woman and girls dresses”.

The applicant:

CADEMA INDUSTRIES (PTY) LTD

10-14 Losack Avenue

EPPING 2, CAPE TOWN

7460

[File No: (4/2007) Mr M Skenjana, Tel: (012) 394 3675, fax no: (012) 394 4675,
E-mail: mskenjana@itac.org.za]

As reasons for the application the applicant stated that:

- The specific product in question (organza fabric) is not manufactured in the SACU region, hence the current rate of duty of 22%, is not justified.
- The product in question is a raw material and is used by the applicant as an input into the local manufacture of a final product, and thus should be encouraged.
- The final product, children's clothing, is very price sensitive and a rebate of duty would give a competitive advantage to their business through cost savings, allowing them access to a wider market.
