NOTICE 759 OF 2008**INTERNATIONAL TRADE ADMINISTRATION COMMISSION**

In accordance with the provisions in Article 53.1 of the Anti-Dumping Regulations, any definitive anti-dumping duty shall be terminated on a date not later than five years from the date of imposition, unless the authorities determine, in a review initiated before that date on their own initiative or upon a duly substantiated request made by or on behalf of the domestic industry, that the expiry of the duty would be likely to lead to continuation or recurrence of dumping and injury.

The International Trade Administration Commission (ITAC) hereby notifies all interested parties that, unless a duly substantiated request is made by or on behalf of the SACU industry, indicating that the expiry of the duty would be likely to lead to continuation or recurrence of dumping and injury, the following anti-dumping duties will expire during 2009:

PRODUCT	COUNTRY	DATE OF IMPOSITION OF THE DUTY	DATE OF EXPIRY OF DUTY
Stainless steel tubes and pipes	Malaysia, Chinese Taipei and Korea	16 July 2004	15 July 2009

PROCEDURAL FRAMEWORK

The Commission will conduct its investigation in accordance with the relevant sections of the ITA Act, the World Trade Organisation Agreement on Implementation of Article VI of the GATT 1994 (the Anti-Dumping Agreement) and the Anti-Dumping Regulations of the International Trade Administration Commission of South Africa (ADR). Both the ITA Act and the ADR are available from the Commission's website (www.itac.org.za) or from the Trade Remedies section, on request.

Manufacturers in the Southern African Customs Union (SACU) of the subject products listed above, who wish to submit a request for the duty to be reviewed prior to the expiry thereof, are requested to do so within the time limit set out below. In the instances where no replies are received from the SACU manufacturers within these time limits, the Commission will recommend the termination of the duties on the date of expiry.

SACU manufacturers who do submit a request within the time limit set out below, are requested to submit duly substantiated information, indicating that the expiry of the duty would be likely to lead to continuation or recurrence of dumping and material injury, to the Commission, on the dates as specified below:

PRODUCT	COUNTRY	DATE OF IMPOSITION OF THE DUTY	DATE OF SUBMISSION
Stainless steel tubes and pipes	Malaysia, Chinese Taipei and Korea	16 July 2004	15 January 2009

The Commission will consider the information submitted in order to determine whether *prima facie* evidence exist to justify the initiation of a review. Should the Commission decide to initiate a review, notice will be given in the Government Gazette and other parties, being exporters and importers of the subject products, will be requested to comment and provide information.

CONFIDENTIAL INFORMATION

Please note that if any information is considered to be confidential then a non-confidential version of the information must be submitted for the public file, simultaneously with the confidential version. In submitting a non-confidential version the following rules are strictly applicable and parties must indicate:

- Where confidential information has been omitted and the nature of such information;
- Reasons for such confidentiality;
- A summary of the confidential information which permits a reasonable understanding of the substance of the confidential information; and

- In exceptional cases, where information is not susceptible to summary, reasons must be submitted to this effect.

This rule applies to all correspondence with and submissions to the Commission, which unless indicated to be confidential and filed together with a non-confidential version, will be placed on the public file and be made available to other interested parties.

If a party considers that any document of another party, on which that party is submitting representations, does not comply with the above rules and that such deficiency affects that party's ability to make meaningful representations, the details of the deficiency and the reasons why that party's rights are so affected must be submitted to the Commission in writing forthwith (and at the latest 14 days prior to the date on which that party's submission is due). Failure to do so timeously will seriously hamper the proper administration of the investigation, and such party will not be able to subsequently claim an inability to make meaningful representations on the basis of the failure of such other party to meet the requirements.

Subsection 33(1) of the ITA Act provides that any person claiming confidentiality of information should identify whether such information is *confidential by nature* or is *otherwise confidential* and, any such claims must be supported by a written statement, in each case, setting out how the information satisfies the requirements of the claim to confidentiality. In the alternative, a sworn statement should be made setting out reasons why it is impossible to comply with these requirements.

Section 2.3 of the ADR provides as follows:

"The following list indicates "information that is by nature confidential" as per section 33(1)(a) of the Main Act, read with section 36 of the Promotion of Access to Information Act (Act 2 of 2000):

- (a) management accounts;*
- (b) financial accounts of a private company;*
- (c) actual and individual sales prices;*
- (d) actual costs, including cost of production and importation cost;*
- (e) actual sales volumes;*
- (f) individual sales prices;*

(g) *information, the release of which could have serious consequences for the person that provided such information; and*

(h) *information that would be of significant competitive advantage to a competitor;*

Provided that a party submitting such information indicates it to be confidential."

SACU manufacturers, who do submit a request before on **20 July 2008**, should submit duly substantiated information, indicating that the expiry of the duty would be likely to lead to continuation or recurrence of dumping and material injury, to the Commission.

It should be noted that the investigation process is complex and the Commission is subject to strict time limits within which to complete the investigation.

Late submissions will therefore not be accepted, except with the prior written consent of the Commission. The Commission will give due consideration to written requests for an extension of not more than 14 days on good cause shown (properly motivated and substantiated), if received prior to the expiry of the original period. Merely citing insufficient time is not an acceptable reason for extension.

The information submitted by any party may need to be verified by the Investigating Officers in order for the Commission to take such information into consideration.

The Commission may verify the information at the premises of the party submitting the information, within a short period after the submission of the information to the Commission. Parties should therefore ensure that the information submitted will subsequently be available for verification. It is planned to do the verification of the information submitted by the exporters within three to five weeks subsequent to submission of the information. This period will only be extended if it is not feasible for the Commission to do it within this time period or upon good cause shown, and with the prior written consent of the Commission, which should be requested at the time of the submission. It should be noted that unavailability of, or inconvenience to consultants will not be considered to be good cause.

Parties should also ensure when they engage consultants that they will be available at the requisite times, to ensure compliance with the above time frames. Parties should also ensure that all the information requested in the applicable questionnaire is provided in the specified detail and format. The questionnaires are designed to ensure that the Commission is provided with all the information required to make a determination in accordance with the rules of Anti-Dumping Agreement. The Commission may therefore refuse to verify information that is incomplete or does not comply with the format in the questionnaire, unless the Commission has agreed in writing to a deviation from the required format. A failure to submit an adequate non-confidential version of the response that complies with the rules set out above under the heading *Confidential Information* will be regarded as an incomplete submission.

Parties, who experience difficulty in furnishing the information required, or submitting in the format required, are therefore urged to make written applications to the Commission at an early stage for permission to deviate from the questionnaire or provide the information in an alternative format that can satisfy the Commission's requirements. The Commission will give due consideration to such a request on good cause shown.

Any interested party may request an oral hearing at any stage of the investigation in accordance with Section 5 of the ADR, provided that the party indicates reasons for not relying on written submission only.

The Commission may refuse an oral hearing if granting such hearing will unduly delay the finalisation of a determination.

Parties requesting an oral hearing shall provide the Commission with a detailed agenda for, and a detailed version, including a non-confidential version, of the information to be discussed at the oral hearing at the time of the request.

If the required information and arguments are not received in a satisfactory form within the time limit specified above, or if verification of the information cannot take place, the Commission may disregard the information submitted and make a finding on the basis of the facts available to it.

Enquiries may be directed to the Senior Manager: Trade Remedies I, Ms Carina Janse van Vuuren, at telephone (012) 394-3594 or at fax (012) 394-0518.

NOTICE 760 OF 2008**INTERNATIONAL TRADE ADMINISTRATION COMMISSION****NOTICE OF INITIATION OF A SUNSET REVIEW OF THE ANTI-DUMPING DUTIES ON GYPSUM PLASTERBOARD ORIGINATING IN OR IMPORTED FROM THAILAND AND INDONESIA**

In accordance with the provisions of Article 11.3 of the World Trade Organisation Agreement on Implementation of Article VI of the General Agreement on Tariffs and Trade, any definitive anti-dumping duty shall be terminated on a date not later than five years from its imposition, unless the authorities determine, in a review initiated before that date on their own initiative or upon a duly substantiated request made by or on behalf of the domestic industry within a reasonable period of time prior to that date, that the expiry of the duty would be likely to lead to continuation or recurrence of dumping and material injury.

On 25 January 2008, the International Trade Administration Commission of South Africa (the Commission) notified the interested parties through Notice No. 122 of 2008 in Government Gazette No. 30680, that unless a substantiated request is made indicating that the expiry of the anti-dumping duties against imports of gypsum plasterboard originating in or imported from Thailand and Indonesia would likely lead to the continuation or recurrence of dumping and injury, the anti-dumping duties on gypsum plasterboard originating in or imported from Thailand will expire on 22 August 2008 and from Indonesia on 21 May 2009.

A response to the sunset review application questionnaire was received from BPB Gypsum on behalf of the South African Customs Union (SACU) industry on 07 March 2008.

THE APPLICANT

The application was lodged by BPB Gypsum, trading as Saint-Gobain construction products (the applicant), the sole producer of gypsum plasterboard within the SACU. The Applicant alleges that the expiry of the duty would be likely to lead to continuation or recurrence of dumping and the recurrence of material injury. The Applicant submitted sufficient evidence and established a *prima facie* case to enable the Commission to arrive at a reasonable conclusion that a sunset review investigation should be initiated.

THE PRODUCT

The products allegedly being dumped is gypsum plasterboard classifiable under tariff subheading 6809.11 originating in or imported from Thailand and Indonesia.

THE ALLEGATION OF THE CONTINUATION OR RECURRENCE OF DUMPING

The allegation of continuation or recurrence of dumping is based on the comparison between the normal values and the export prices.

The normal value for Thailand and Indonesia was obtained through a subsidiary company of the Applicant which is also active in these markets. The export price for Indonesia was based on import statistics obtained from the South African Revenue Service (SARS). As the quantities exported from Thailand to SACU was considered too small to be a reliable export price, the Applicant also provided published import statistics of exports from Thailand to India, from which the normal value for Thailand was calculated.

On this basis, the Commission found that there was *prima facie* proof of the likely continuation or recurrence of dumping if the duties expire.

THE ALLEGATION OF CONTINUATION OR RECURRENCE OF MATERIAL INJURY

The Applicant alleges and submitted *prima facie* evidence to show that there would be price undercutting and that the imports in question are depressing and suppressing its selling prices. The Applicant's information indicated that it would experience a decline in sales, profit margins, production, market share, capacity utilisation, return on investment and it will have a negative impact on cash flow, if the duties expire.

On this basis the Commission found that there was *prima facie* proof of the recurrence of material injury.

PERIOD OF INVESTIGATION

The investigation period for dumping is from 01 January 2007 to 31 December 2007, and the injury investigation involves evaluation of data for the period of 01 January 2006 to 31 December 2007. The Commission will also consider an estimate of what the situation will be, if the anti-dumping duties expire.

PROCEDURAL FRAMEWORK

Having decided that there is sufficient evidence and a *prima facie* case to justify the initiation of a sunset review investigation, the Commission has begun an investigation in terms of section 16 of the International Trade Administration Act, 2002 (the ITA Act). The Commission will conduct its investigation in accordance with the relevant sections of the ITA Act, the World Trade Organisation Agreement on Implementation of Article VI of the GATT 1994 (the Anti-Dumping Agreement) and the Anti-Dumping Regulations of the International Trade Administration Commission of South Africa (ADR). Both the ITA Act and the ADR are available on the Commission's website (www.itac.org.za) or from the Trade Remedies section, on request.

In order to obtain the information it deems necessary for its investigation, the Commission will send non-confidential versions of the application and questionnaires to all known importers and exporters, and known representative associations.

The trade representative of the exporting country has also been notified. Importers and other interested parties are invited to contact the Commission as soon as possible in order to determine whether they have been listed and were furnished with the relevant documentation. If not, they should immediately ensure that they are sent copies. The questionnaire has to be completed and any other representations must be made within the time limit set out below.

CONFIDENTIAL INFORMATION

Please note that if any information is considered to be confidential then a non-confidential version of the information must be submitted for the public file, simultaneously with the confidential version. In submitting a non-confidential version the following rules are strictly applicable and parties must indicate:

- where confidential information has been omitted and the nature of such information;
- reasons for such confidentiality;
- a summary of the confidential information which permits a reasonable understanding of the substance of the confidential information; and
- in exceptional cases, where information is not susceptible to summary, reasons must be submitted to this effect.

This rule applies to all parties and to all correspondence with and submissions to the Commission, which unless indicated to be confidential and filed together with a non-confidential version, will be placed on the public file and be made available to other interested parties.

If a party considers that any document of another party, on which that party is submitting representations, does not comply with the above rules and that such deficiency affects that party's ability to make meaningful representations, the details of the deficiency and the reasons why that party's rights are so affected must be submitted to the Commission in writing forthwith (and at the latest 14 days prior to the date on which that party's submission is due).

Failure to do so timeously will seriously hamper the proper administration of the investigation, and such party will not be able to subsequently claim an inability to make meaningful representations on the basis of the failure of such other party to meet the requirements.

Subsection 33(1) of the ITA Act provides that any person claiming confidentiality of information should identify whether such information is *confidential by nature* or is *otherwise confidential* and, any such claims must be supported by a written statement, in each case, setting out how the information satisfies the requirements of the claim to confidentiality. In the alternative, a sworn statement should be made setting out reasons why it is impossible to comply with these requirements.

Section 2.3 of the ADR provides as follows:

"The following list indicates "information that is by nature confidential" as per section 33(1)(a) of the Main Act, read with section 36 of the Promotion of Access to Information Act (Act 2 of 2000):

- (a) management accounts;*
- (b) financial accounts of a private company;*
- (c) actual and individual sales prices;*
- (d) actual costs, including cost of production and importation cost;*
- (e) actual sales volumes;*
- (f) individual sales prices;*
- (g) information, the release of which could have serious consequences for the person that provided such information; and*
- (h) information that would be of significant competitive advantage to a competitor;*

Provided that a party submitting such information indicates it to be confidential."

The response to the questionnaire and any information regarding this matter and any arguments concerning the allegation of dumping and the resulting threat of material injury must be submitted in writing to the following address:

The submission of confidential information to the Commission in connection with customs tariff applications is governed by section 3 of the Tariff Investigations Regulations, which regulations can be found on ITAC's website at <http://www.itac.org.za/documents/R.397.pdf>.

These regulations require that if any information is considered to be confidential, then a non-confidential version of the information must be submitted, simultaneously with the confidential version. LIST 7/2008 was published under General Notice No. 664 of 30 May 2008.

NOTICE 762 OF 2008**INTERNATIONAL TRADE ADMINISTRATION COMMISSION****NOTICE OF INITIATION OF AN INVESTIGATION INTO THE ALLEGED DUMPING
OF TALL OIL FATTY ACID ORIGINATING IN OR IMPORTED FROM SWEDEN**

The International Trade Administration Commission (the Commission) accepted an application alleging that tall oil fatty acid originating in or imported from Sweden is being dumped on the Southern African Customs Union (SACU) market, causing material injury to the SACU industry concerned.

THE APPLICANT

The application was lodged by Industrial Oleochemical Products, being the only manufacturer of the product under investigation in the SACU. The Applicant alleges that it cannot compete with the low prices charged by the importers and that the allegedly dumped product is causing it material injury. The Applicant submitted sufficient evidence and established a *prima facie* case to enable the Commission to arrive at a reasonable conclusion that an investigation should be initiated on the basis of dumping, material injury and causality.

THE PRODUCT

The product allegedly being dumped is tall oil fatty acid, classifiable under tariff subheading 3823.13, originating in or imported from Sweden.

THE ALLEGATION OF DUMPING

The allegation of dumping is based on the comparison between the normal value in and the export price from Sweden. The normal value was determined based on a quotation received from the Swedish supplier of the subject product. The export price was determined based on the official import statistics obtained from the South African Revenue Service. On this basis, the Commission found that there was *prima facie* proof of dumping.

THE ALLEGATION OF MATERIAL INJURY

The Applicant alleges and submitted sufficient evidence to show that there is price undercutting and that the imports in question are suppressing its selling prices. The Applicant's information indicated a decline in sales, profit margins, output, market share, productivity and capacity utilisation. It further indicated that there is a negative effect on cash flow, growth and the ability to raise capital. It was also evident that the decrease in market share has been at the expense of a corresponding increase in the market share of the allegedly dumped goods. On this basis the Commission found that there was *prima facie* proof of material injury and causal link.

PERIOD OF INVESTIGATION

The period of investigation for purposes of determining the dumping margin in the exporting country will be from 01 January 2007 to 31 December 2007. The period of investigation for purposes of determining injury will be from 01 January 2005 to 31 December 2007. If there are subsequent events that are relevant to injury the Commission may later request and consider further, more recent information.

PROCEDURAL FRAMEWORK

Having decided that there is sufficient evidence and a *prima facie* case to justify the initiation of an investigation, the Commission has begun an investigation in terms of section 16 of the International Trade Administration Act, 2002 (the ITA Act). The Commission will conduct its investigation in accordance with the relevant sections of the ITA Act, the World Trade Organisation Agreement on Implementation of Article VI of the GATT 1994 (the Anti-Dumping Agreement) and the Anti-Dumping Regulations of the International Trade Administration Commission of South Africa (ADR). Both the ITA Act and the ADR are available on the Commission's website (www.itac.org.za) or from the Trade Remedies section, on request.

In order to obtain the information it deems necessary for its investigation, the Commission will send non-confidential versions of the application and questionnaires to all known importers and exporters, and known representative associations. The trade representative of the exporting country has also been notified. Importers and other interested parties are invited to contact the Commission as soon as possible in order to determine whether they have been listed and were furnished with the relevant documentation. If not, they should immediately ensure that they are sent copies. The questionnaire has to be completed and any other representations must be made within the time limit set out below.

CONFIDENTIAL INFORMATION

Please note that if any information is considered to be confidential then a non-confidential version of the information must be submitted for the public file, simultaneously with the confidential version. In submitting a non-confidential version the following rules are strictly applicable and parties must indicate:

- ☞ where confidential information has been omitted and the nature of such information;
- ☞ reasons for such confidentiality;

- a summary of the confidential information which permits a reasonable understanding of the substance of the confidential information; and
- in exceptional cases, where information is not susceptible to summary, reasons must be submitted to this effect.

This rule applies to all parties and to all correspondences with and submissions to the Commission, which unless indicated to be confidential and filed together with a non-confidential version, will be placed on the public file and be made available to other interested parties.

If a party considers that any document of another party, on which that party is submitting representations, does not comply with the above rules and that such deficiency affects that party's ability to make meaningful representations, the details of the deficiency and the reasons why that party's rights are so affected must be submitted to the Commission in writing forthwith (and at the latest 14 days prior to the date on which that party's submission is due). Failure to do so timeously, will seriously hamper the proper administration of the investigation, and such party will not be able to subsequently claim an inability to make meaningful representations on the basis of the failure of such other party to meet the requirements.

Subsection 33(1) of the ITA Act provides that any person claiming confidentiality of information should identify whether such information is *confidential by nature* or is *otherwise confidential* and, any such claims must be supported by a written statement, in each case, setting out how the information satisfies the requirements of the claim to confidentiality. In the alternative, a sworn statement should be made setting out reasons why it is impossible to comply with these requirements.

Section 2.3 of the ADR provides as follows:

"The following list indicates "information that is by nature confidential" as per section 33(1)(a) of the Main Act, read with section 36 of the Promotion of Access to Information Act (Act 2 of 2000):

- (a) *management accounts;*
- (b) *financial accounts of a private company;*

- (c) *actual and individual sales prices;*
- (d) *actual costs, including cost of production and importation cost;*
- (e) *actual sales volumes;*
- (f) *individual sales prices;*
- (g) *information, the release of which could have serious consequences for the person that provided such information; and*
- (h) *information that would be of significant competitive advantage to a competitor;*

Provided that a party submitting such information indicates it to be confidential."

NOTICE 763 OF 2008**INTERNATIONAL TRADE ADMINISTRATION COMMISSION OF SOUTH AFRICA****DECISION BY THE COMMISSION TO RESCIND ITS DECISION TO INITIATE SUNSET AND INTERIM REVIEWS OF THE ANTI-DUMPING DUTIES ON CARBON BLACK ORIGINATING IN OR IMPORTED FROM EGYPT AND INDIA AND THE SUNSET REVIEW OF THE ANTI-DUMPING DUTIES ON GALVANISED STEEL TUBES AND PIPES ORIGINATING IN OR IMPORTED FROM INDIA**

In accordance with the provisions of Sub-Part IV of the Anti-Dumping Regulations and Article 11.3 of the World Trade Organisation Agreement on the Implementation of Article VI of the General Agreement on Tariffs and Trade 1994 (the "Anti-dumping Agreement"), any definitive anti-dumping duty shall be terminated on a date not later than five years from the date of imposition, unless the authorities determine, in a review initiated before that date on their own initiative or upon a duly substantiated request made by or on behalf of the domestic industry within a reasonable period of time prior to that date, that the expiry of the duty would likely lead to the continuation or recurrence of dumping and injury.

In terms of the WTO Anti-dumping Agreement and the Anti-dumping Regulations, the initiation of any sunset review must occur prior to the expiry of the aforementioned five-year period to keep the anti-dumping duty in force beyond the period of five years.

In the case of *Progress Office Machines versus SARS, ITAC and others* that was heard in the Supreme Court of Appeal (SCA) the question was whether the date on which anti-dumping duties are imposed should be taken as the date on which the notice by SARS is published, indicating an amendment to Schedule No. 2 to the Customs and Excise Act, or be taken as the date from which the amendment is stipulated as having retrospective effect, that is the date on which provisional payments were imposed. The SCA decided on 26 September 2007 that the anti-dumping duties were imposed on the date from which they had retrospective effect and therefore the ruling of the SCA was that the five-year period starts on this retrospective date. This is in contrast with how the International Trade Administration Commission has always calculated the five-year lapse date of an anti-dumping duty.

The Commission has always, in accordance with international practice, calculated the five years from the date of the publication of the definitive anti-dumping duty.

The amendment to Schedule No. 2 to the Customs and Excise Act giving effect to the decision to impose anti-dumping duties on carbon black originating in or imported from Egypt and India was published on 10 September 1999 but with retrospective effect from 05 February 1999. In terms of the SCA's decision in *Progress Office Machines vs ITAC and others*, the sunset review of the anti-dumping duties on carbon black originating in or imported from Egypt and India had to be initiated by 05 February 2004. However, the sunset and interim reviews were only initiated on 23 July 2004.

The amendment to Schedule No. 2 to the Customs and Excise Act giving effect to the decision to impose an anti-dumping duty on galvanized steel tubes and pipes originating in or imported from India was published on 14 June 2002 but with retrospective effect from 8 February 2002. Similarly, in terms of the SCA's decision in *Progress Office Machines vs ITAC and others*, the sunset review of the anti-dumping duty on galvanized steel tubes and pipes originating in or imported from India had to be initiated by 8 February 2007. However, the sunset review was only initiated on 13 June 2007.

On 13 December 2007, the Commission made a preliminary decision, based on the SCA's judgment, to rescind its decision to initiate the sunset and interim review investigations of the anti-dumping duties on carbon black originating in or imported from Egypt and India and the sunset review on the anti-dumping duties on galvanized steel tubes and pipes originating in or imported from India. According to the SCA's judgment, these investigations were initiated after the five-year expiry date.

On 14 December 2007, interested parties were of the Commission's preliminary decision and invited to comment.

On 13 May 2008, the Commission considered all the available information and comments received and made a final decision to rescind its decision to initiate the sunset and interim review investigation of the anti-dumping duties on carbon black originating in or imported from Egypt and India, and the sunset review investigation of the anti-dumping duties on galvanized steel tubes and pipes originating in or imported from India.

Enquiries may be directed to Ms Carina Janse van Vuuren at telephone (012) 394 3594 and Ms Niki Kruger at (012) 394 3707, or at fax (012) 395 0518.

NOTICE 756 OF 2008**DEPARTMENT OF TRADE AND INDUSTRY****NOTICE TO INVITE NOMINATIONS OF CANDIDATES TO BE APPOINTED AS NATIONAL LOTTERIES BOARD MEMBERS**

The Minister of Trade and Industry hereby invites nominations of persons as candidates to be appointed as National Lotteries Board members as contemplated in section 3 of the Act.

The National Lotteries Board (NLB) was established as a juristic person through the Lotteries Act, 1997 (Act No. 57 of 1997) (the Act).

(1) Subject to subsection (3) of section 3 (1) of the Act, the Minister shall appoint the members of the board, which shall consist of—

- (a) a chairperson, who shall be a person with applicable knowledge or experience with regard to matters connected with the functions of the board;
- (b) one member designated by the Minister; and
- (c) not more than five members who have proven business acumen or applicable knowledge or experience with regard to matters connected with the functions of the board, and of whom at least one should be a legal practitioner admitted to practice in the Republic and at least one a chartered accountant in the Republic.

(2) At least four members of the board shall be persons who are not in the service of any sphere of government.

(3) The members contemplated in paragraph (a) of subsection (1) shall be appointed only after the Minister has by notice in the Gazette and in not less than two newspapers circulating in every province invited interested parties to nominate persons suitable for appointment as chairperson and the relevant committee of the National Assembly has made recommendations to the Minister in relation thereto after a transparent and open process of considering persons so nominated, having due regard to the functions of the board.

(4) A member of the board shall hold office for such period, not exceeding five years, as the Minister may determine at the time of his or her appointment, and shall be eligible for reappointment at the end of his or her first term of office.

(5) Subject to section 33 of the Constitution, the Minister—

- (a) may, as soon as he or she gains knowledge of any possible disqualification, terminate the membership of any member of the board on the grounds of serious misconduct or prolonged inability to perform the functions of a member of the board;
- (b) shall suspend the membership of any member of the board in the event of the State instituting criminal proceedings in a court of law on a charge of theft, fraud, forgery or uttering a forged document, perjury, an offence in terms of the Corruption Act, 1992 (Act No. 94 of 1992), or any offence involving dishonesty;
- (c) shall terminate the membership of any member of the board in the event of that member—
 - (i) being found guilty on a court of law of contravening this Act or of theft, fraud, forgery or uttering of a forged document, perjury, an offence in terms of the Corruption Act, 1992, or any offence involving dishonesty; or
 - (ii) materially failing to comply with subsection (7).

Furthermore, section 3 (7) (a) of the Act states that a person shall not be appointed or remain a member of the Board—

- (i) unless he or she is a fit and proper person for such membership;

- (ii) if such person, whether personally or through his or her spouse or life partner, immediate family member, business partner or associate—
 - (aa) has or obtains a direct or indirect financial interest in any lottery or gambling or associated activity, or if that person has had any such interest during the period of three years immediately prior to the envisaged date of appointment as member of the board; or
 - (bb) has or obtains any interest in any business or enterprise that may conflict or interfere with the proper performance of his or her functions as a member of the board or in any shareholder of the licensee or prospective licensee; or
- (iii) if such person—
 - (aa) is or becomes a political office bearer;
 - (bb) is or becomes an un-rehabilitated insolvent or commits an act of insolvency;
 - (cc) has at any time been, or is, removed from an office of trust on account of misconduct; or
 - (dd) has at any time been, or is, convicted, whether in the Republic or elsewhere, of theft, fraud, forgery or uttering a forged document, perjury, an offence in terms of the Corruption Act, 1992, or any offence involving dishonesty.

Section 3 (7) (b) also provides that a person who has been nominated for appointment to the board and who has accepted the nomination, whether tacitly or explicitly, shall, prior to his or her appointment as a member, submit to the Minister a written statement in which he or she declares whether or not he or she has any interest contemplated in paragraph (a) (ii).

Section 3 (7) (c) stipulates that if any member during his or her term of office acquires or contemplates acquiring an interest which could possibly be an interest contemplated in paragraph (a) (ii), he or she shall forthwith in writing declare that fact to both the Minister and the board, which at its following meeting shall consider whether such an interest constitutes or may constitute a contravention of paragraph (a) (ii), and if it is considered not to be a contravention, whether such acquisition or contemplated acquisition is likely to compromise the impartiality of the board.
