Maximum thickness: 100 mm

Direct publishers bags (M Bags)	The economical conveyance by air mail or surface mail of printed matter to the same addressee at the same address. A minimum rate for 5 kg applies to each bag. The mass of each item in the bag must not be more than 2 kg.

Special value-added services

Value can be added to basic international mail services by buying additional value-added services. These include express delivery, registered, insured and advice-of-delivery (AR) options. As these add-on services are not available to some countries or for some categories of mail, enquiries should be made at post offices to find out if they are available for your purposes. Insured and registered items must be posted at post office counters and not in street post-boxes.

International reply coupons

The international reply coupon service enables customers to repay the postage on a reply from a correspondent abroad. Coupons sent abroad may be exchanged for one or more postage stamps representing the minimum postage pre-payable on an air-mail letter. The coupons cost R19.90 and are available at post offices.

Exchange control regulations

Exchange control regulations apply equally to postal items as they do to other exports. Generally, items of a value of more than R1 000, 00 require specific export documents to be completed. Details are available at post offices.
