RFP: MQA/02/13-14

#### MIS PROJECT ASSURANCE SERVICES TO THE MQA DURING THE NEW MIS DEVELOPMENT PROJECT

The Mining Qualifications Authority (MQA) is a registered Sector Education and Training Authority (SETA) in terms of the Skills Development Act of 1998.

The MQA is currently embarking on a software development project in order to replace the current core SETA operations MIS (Management Information System).

The MQA would like to appoint an audit firm to oversee the MIS development project and provide independent project assurance services to ensure the integrity of all processes, milestones and deliverables of the entire MIS project.

The main objective of this assignment is to ensure adequate programme oversight through independent project assurance services for the MIS project from inception to the closure and review of the entire project.

The preferred MQA MIS implementation methodology for this project is the Projects in Controlled Environments (PRINCE 2) methodology.

The service provider should evaluate controls within the project implementation processes and proactively make recommendations to mitigate risks that may hinder the achievement of project objectives and goals and provide MQA management with an evaluation of the internal controls of business processes during the development cycle.

*Bidding documents:* The bidding documents can be collected from Monday, 22 July 2013 from the MQA's reception situated at 7 Arnerly Road, Parktown. The documents can also be downloaded from the MQA website at [www.mqa.org.za](http://www.mqa.org.za) or requested via e-mail.

*Briefing session:* There will be a compulsory briefing session on Thursday, 1 August 2013 at 10h00 in the Block D Boardroom of the MQA.

*Closing date:* All proposals must be lodged in the tender box situated at the MQA reception by no later than Friday, 23 August 2013 at 11h00. Late proposals will not be considered.

*Enquiries:* For enquiries please contact Ms Tsholo Dilape via e-mail: [TsholoD@mqa.org.za](mailto:TsholoD@mqa.org.za)
