**DEPARTMENT OF WATER AND SANITATION  
DEPARTEMENT VAN WATER EN SANITASIE****No. 594****1 August 2014****LITTLE CALEDON RIVER AND CALEDON RIVER – LIMITING THE USE OF WATER IN TERMS OF ITEM 6 OF SCHEDULE 3 OF THE NATIONAL WATER ACT OF 1998 FOR IRRIGATION PURPOSES FROM THE LITTLE CALEDON RIVER AND CALEDON RIVER**

I, *Trevor Balzer*, in my capacity as Director General (Acting) of the Department of Water and Sanitation, on reasonable grounds believe that a water shortage exists within the Caledon River. In order to manage and to secure the water released from the Lesotho Highlands Water Project tunnel system to Welbedacht Dam it is necessary to limit the taking of water from the Little Caledon River and Caledon River, upstream of Welbedacht Dam, for agricultural purposes.

In terms of Item 6(1) of Schedule 3 to the National Water Act 36 of 1998 (the Act), the Minister of Water and Sanitation may limit or prohibit the use of water if on reasonable grounds the Minister believes that a water shortage exists within the area concerned. This power has been delegated to me in terms of section 63 (1) (b) of the Act.

Therefore in my capacity as the Director General (Acting) of the Department of Water and Sanitation, I hereby under delegated authority in terms of item 6 (1) of Schedule 3 to the Act limit the taking of water from the Little Caledon River and Caledon Rivers by all agricultural users with effect from 28 July 2014 until 22 August 2014.

This notice applies only to the taking of water as contemplated in section 21(a) of the Act.

No water may be taken from the Little Caledon River and Caledon River for any agricultural purpose between 18h00 on a Friday until 06h00 on the Monday succeeding that Friday.

From 28 July 2014 to 1 August 2014, and 11 August 2014 to 15 August 2014 water may be taken as follows:

- (a) water users on the left banks of the Little Caledon River and Caledon River may from 06h00 to 18h00 on Mondays, Wednesdays and Fridays take water for agricultural purposes; and
- (b) water users on the right banks of the Little Caledon River and Caledon River may from 06h00 to 18h00 on Tuesdays and Thursdays take water for agricultural purposes.

From 4 August 2014 to 8 August 2014 and 18 August 2014 to 22 August 2014 water may be taken as follows:

- (c) water users on the right banks of the Little Caledon River and Caledon River may from 06h00 to 18h00 on Mondays, Wednesdays and Fridays take water for agricultural purposes; and
- (d) water users on the left banks of the Little Caledon River and Caledon River may from 06h00 to 18h00 on Tuesdays and Thursdays take water for agricultural purposes.

Water may only be taken with waterworks as if they were in operation on 28 August 2014. Left bank of the river is defined as the left side of a person, if that person looks in the direction the water flows in a river concerned.

In exercising the powers, I have given preference to the maintenance of the Reserve, treated all water users on a basis that is fair and reasonable, considered the actual extent of the water shortage, the likely effects of the shortage on the water users, the strategic importance of any water use and any water rationing or water use limitations by a water services institution having jurisdiction in the area concerned under the Water Services Act 108 of 1997.

Placing limitation on the taking of water use as set out in this notice is an administrative action affecting the rights of the public as contemplated in section 4 of the Promotion of Administrative Justice Act 3 of 2000 (PAJA). After I have taken into consideration all relevant factors, including those referred in section 4 (4) (b) of PAJA, I have decided that it is reasonable and justifiable in the circumstances to depart from the requirements referred to in section 4 (1) (a) to (e), (2) and (3) of PAJA and instituted this limitation and prohibition without allowing the water users affected and other role players to comment on the matter before I institute the limitation and prohibition.

This notice overrides any other previous authorization on water restrictions issued by the Department relating to this area.

**NOTICE 592 OF 2014****INTERNATIONAL TRADE ADMINISTRATION COMMISSION OF  
SOUTH AFRICA****SUNSET REVIEW OF THE ANTI-DUMPING DUTIES ON GYPSUM  
PLASTERBOARD ORIGINATING IN OR IMPORTED FROM THAILAND AND  
INDONESIA: FINAL DETERMINATION**

In accordance with the provisions in the Anti-Dumping Regulations (ADR), any definitive anti-dumping duty shall be terminated on a date not later than five years from the date of imposition, unless the authorities determine, in a review initiated before that date on their own initiative or upon a duly substantiated request made by or on behalf of the domestic industry, that the expiry of the duty would likely lead to the continuation and/or recurrence of dumping and injury.

On 28 June 2013, the International Trade Administration Commission of South Africa (the Commission) notified the interested parties through Notice No. 664 of 2013 in *Government Gazette* No. 36592, that unless a substantiated request is made indicating that the expiry of the anti-dumping duties against imports of gypsum plasterboard originating in or imported from Thailand and Indonesia would likely lead to the continuation or recurrence of dumping and injury, the anti-dumping duties on gypsum plasterboard originating in or imported from Thailand and Indonesia would expire on 5 March 2014.

The sunset review investigation was initiated pursuant to Notice No. 111 of 2014 in *Government Gazette* No. 37337, published on 21 February 2014. Initiation letters to interested parties were sent on 24 February 2014. The due date for responses was 2 April 2014.

A request for extension was received from PT. Siam-Indo Gypsum Industry (Siam-Indo), an exporter of gypsum plasterboard stating that it has only received notice of the investigation on 26 March 2014 and given the limited time to submit the information, requested extension. The Commission's records indicated that notice of the initiation of the investigation as well as all the relevant documents, delivered via courier, was received by Siam-Indo on 28 February 2014. The Commission therefore decided not to grant the extension.

No properly documented responses were therefore received from any interested party.

After considering all the information submitted by the Applicant, the Commission issued essential facts letters indicating that it was considering making a final determination that the expiry of the anti-dumping duties on gypsum plasterboard originating in or imported from Thailand and Indonesia would likely lead to the continuation or recurrence of dumping and injury.

Comments to the "essential facts" letters were received from the Applicant and Siam-Indo.

After considering all the comments received from the Applicant to the Commission's essential facts letters, the Commission made a final determination that the expiry of the anti-dumping duties on gypsum plasterboard originating in or imported from Thailand and Indonesia would likely lead to the continuation or recurrence of dumping and injury.

The Commission, therefore, recommended to the Minister of Trade and Industry that the anti-dumping duties on gypsum plasterboard originating in or imported from Thailand and Indonesia be maintained.

The Minister approved the Commission's recommendation. The Commission's detailed reasons for its decision are set out in Commission's Report No. 481 (Final determination report).

Enquiries may be directed to the investigating officers Mr Emmanuel Manamela at telephone number +27 12 394 3632 or Ms Selma Takacs at telephone number +27 12 394 3596.

The parties recognise the need for the Commission to conclude similar agreements with the National Gambling Board as well as with other provincial gambling boards in view of the fact that casinos, racing, gambling and wagering are matters of concurrent national and provincial legislative competence in terms of the Constitution;

Whereas the parties recognise that the Board is required by sections 26 and 27 of the North West Gambling Act, 2001, as amended, read with section 54 of the National Gambling Act, 2004, to consider competition issues when considering an application for a licence or an application for the transfer of a licence;

Whereas the Competition Act in section 21(1)(h), read with sections 3(1A)(b) and 82(1) and (3) of that Act, requires the parties to enter into an agreement in order to –

**4. Investigation of complaints into prohibited practices**

- 4.1. Where a complaint is lodged about a practice in respect of which the parties have concurrent jurisdiction, the following process shall be followed –
