INDEPENDENT COMMISSION FOR THE REMUNERATION OF PUBLIC OFFICE BEARERS

**EXPLANATORY MEMORANDUM FOR ANNUAL REMUNERATION RECOMMENDATIONS FOR
2014 / 2015****1. Introduction**

The Independent Commission for the Remuneration of Public Office Bearers ("the Commission") is statutorily obliged by virtue of Section 8 (4) and (5) of the Independent Commission for the Remuneration of Public Office Bearers Act, 1997 ("Commission Act"), to make annual recommendations relating to the salaries, benefits, allowances, and the resources required by public office bearers to enable them to perform their respective duties effectively.

On 18 December 2013 the Commission published the 2013/2014 Annual Recommendations for cost-of-living-adjustment on a sliding scale for public office bearers effective from 01st April 2013. In recommending the increase the Commission had considered applicable legislation and the following relevant factors:

- Section 8(6) of the Commission Act
- The level of the Consumer Price Index (CPI) and its forecast
- Market salary increases during the past year
- Forecasted salary increases for the year ahead
- The economic and social environment
- Past recommendations together with the President's determinations
- The inputs from key stakeholders in terms of the mandatory consultation requirements
- Other relevant factors

2. ANNUAL REMUNERATION RECOMMENDATIONS FOR 2014/2015

The Commission at its meetings of 09 May 2014 and 19 July 2014 discussed the Annual Remuneration Recommendations for 2014/2015. Subsequent to these meetings, the Commission consulted with the Minister of Finance, the Minister of Justice and Constitutional Development, the Chief Justice, and the Lower Courts Remuneration Committee (in terms of the provisions of Section 12 of the Magistrates Act No. 90 of 1993). Consultation was also extended to the Minister of Cooperative and Traditional Affairs and the Minister of Public Service and Administration.

The Commission at its meeting of 26 November 2014 discussed at length the stakeholders' responses on the Commission's Annual Remuneration Recommendation for 2014/2015 as received.

Commissioners: Judge CJ Musi (Chairperson); Adv M Sello (Deputy Chairperson); Mr C Economou; Adv HFN Sephoti; Ms TN Mgoduso, Dr R Nienaber; Dr LM Mbabane and Mr AL Pheto

Head of Secretariat: PM Makapan

The Commission considered the comments and inputs from the relevant stakeholders and took into account other factors that are within its mandate in finalizing its Annual Remuneration Recommendations for 2014/2015.

In terms of Section 8 (3B) (a) the Chairperson of the Commission recused himself from the deliberations of Judges and Magistrates remuneration given his conflicted position.

The Commission considered the following factors, namely:

- Section 8(6) of the Commission Act
- The level of the Consumer Price Index (CPI) and its forecast
- Market salary increase during the past year
- Forecasted salary increase for the year ahead
- The economic and social environment
- The past recommendations together with the President's determinations
- The inputs from key stakeholders in terms of the mandatory consultation requirements

2.1 Section 8 (6) of the Commission Act

In relation to Section 8 (6) (i) of the Commission Act, the Commission is of the view that the roles, status, duties, functions and responsibilities of the Public Office Bearers were considered during the last Major Review Report.

Since the implementation of the Commission's Major Review in 2008 and subsequent recommendations, the Commission has received numerous requests from stakeholders to review Public Office Bearers' remuneration. Due to inadequate financial resources and other priorities, the Commission has not been able to deal with stakeholders' requests. The Commission has informed the stakeholders that it will in future advise them of its intentions regarding the review of all Public Office Bearers' remuneration, benefits and allowances.

In the current financial year, the Commission is focusing on the review of the remuneration of local government Public Office Bearers as its major project. In light of the fact that the terms of majority of the current Commissioners end during the current year, the Commission is of the view that it is prudent to defer the decision on the requested review process for other Public Office Bearers to the incoming Commissioners who will be appointed during the year.

2.2 The level of the Consumer Price Index (CPI) and its forecast

Inflation can be defined as the increase in the general level of prices of goods and services in an economy over a period of time. When the general price level rises, each unit of currency buys fewer goods and services. Consequently, inflation also reflects erosion in the purchasing power of money – a loss of real value in the internal medium of exchange and unit of account in the economy.

The economics of inflation and remuneration increases are interrelated. High inflation demands increase in remuneration to maintain the current lifestyle at higher prices. As is commonly known, people expect higher remuneration increases with higher inflation. When remuneration is increased it further fuels the existing inflation by increasing the demand of commodities.

BER

The **BER** in its first quarter publication of 2014, reflect that the CPI inflation is forecast to peak at 6.3% year-on-year in second quarter of 2014 and average 6.1% in 2014. This is an upward revision of 0.4% points compared to September. For 2015, the forecast is 0.2% points higher at 5.7%.

Andrew Levy Employment Publications

The Wage Settlement quarterly report of December 2013 published by **Andrew Levy Employment Publications** indicates that the CPI moved to 5.4% in December and averaged 5.7% in 2013. The downward movement had a moderating effect on wage settlements, 39% of which fell within the 7% to 7.9% band in 2013.

The Wage Settlement quarterly report of September 2014 indicated an average of 8% for wage settlements rates in the first nine months of the year.

Public Service Employees Remuneration

In terms of section 3(5) (a) of the Public Service Act, 1994, as amended, read with the Public Service Regulations (Chapter 4, Part 4, Section B1), the Minister of Public Service and Administration determined/approved the cost-of-living adjustment (COLA) with effect 01 April 2014 as follows:

Salary Levels 14 to 16 (Chief Director, Deputy Director-General and Director-General levels)	Salary Level 13 (Director level)

Employees on salary levels 1 to 12 received the cost-of-living adjustment based on the National Treasury's average projected CPI plus 1% which is 7.2% for the year 2014/15.

Local Government Employees

The South African Local Government Bargaining Council signed an agreement in 2012 for a multi-year (3 years) Salary and Wage Collective Agreement indicating, amongst others, a COLA increase in 2013/14 of CPI plus 1.25 %.

2.5 The Economic and Social Environment

In June 2013 *Preparation of Expenditure Estimates for the 2014 Medium Term Expenditure Framework* the Minister indicated that the total compensation of employees' budget baseline ceiling for 2014/15 will be in terms of the current wage bill agreement of CPI inflation plus 1 per cent. For 2015/16 and 2016/17 institutions should budget for a cost of living increase of CPI inflation, in addition to the pay progression and other benefits and allowances that are stated in the current wage bill agreement, and which are already provided for in institutional budget baseline.

According to the *Medium Term Budget Policy Statement* of 23 October 2013, the settlements in the first half of 2013 raised wages by 7.9% on average, up from 7.6% in 2012. Real wage growth exceeded productivity growth, leading to a 6.7% increase in unit labour costs in the first quarter of 2013 relative to the same period in 2012.

2.6 The Past Recommendations and the President's Determinations

The following table summarises the past cost-of-living-adjustment recommendations made by the Commission and the President determinations for all public office bearers:

2008	Major review & 11%	Major review & 11%
2009	8%	7%
